2021 - 2022

INDIA@75   
Celebrating India's  
PURSUIT FOR SELF-RELIANCE

Mr. Sanjay Dalmia, the Chairman of Dalmia group is a visionary leader who is very keen on the effective industrial growth of India. He has served on several influential bodies like PHD Chamber of Commerce and Industry, Federation of Indian Chambers of Commerce and Industry (FICCI), Assocham, Indo-Israel Joint Business Council, Europe-India Chamber of Commerce (EICC).

He is a former member of the Rajya Sabha and has raised many pertinent issues relating to Finance, Economy and other matters of national importance in the Rajya Sabha, during his tenure.

## **About Dalmia Group:**

Dalmia Group has been a significant name in the Indian industrial panorama for decades. Sanjay Dalmia-led Dalmia group has a strong presence into diverse sectors ranging from Industrial chemicals, textile and Industrial explosives to ITES Healthcare with a remarkable presence into e-commerce and retail segment. GHCL, Germanium Technologies Limited, Dalmia Shakti are a few among many major ventures of Dalmia group.

## **Dalmia Healthcare (DHL)**

DHL is a Dalmia Group company that provides plant-based formulations (Ayurvedic/herbal) and allopathic drugs, that have undergone rigorous scientific validation and clinical trials, conducted at our research centre, Dalmia Centre for Research and Development (DCRD). DHL has a portfolio of over 150 Ayurvedic/Herbal products and many allopathic drugs. It has a wide distribution network in India and globally, with a high penetration in both urban and rural markets.

## **Dalmia Education**

Dalmia Education has a strong presence in the Foreign Medical Education domain. Having partnered with several universities across CIS countries for Foreign Medical Students Program, the Dalmia Education team is working towards meeting the shortage of medical professionals in the healthcare industry in coming years.

Few words from Shri Sanjay Dalmia- ***"We are on a mission to building a technology driven modern ecosystem, while keeping our cultural values intact"***.

**MESSAGE**

I am happy to know that the PHD Chamber of Commerce and Industry (PHDCCI) is organising its 117th Annual Session with a very apt and relevant theme 'India@75: Celebrating India's Pursuit for Self-Reliance' in New Delhi, starting 30 September 2022.

PHDCCI, along with other industry bodies has played an important role in country's economic development as also in our freedom movement. The synergic relationship between Industry Chambers and Government to inject efficiency into the economy has always been highly rewarding.

The government's mission for Atmanirbhar Bharat in a sense is a reflection of the Swadeshi movement a century ago during our freedom struggle. India's pursuit for Self-reliance is not about being self-centred, it is rather world inclusive.

I firmly believe that with unified efforts of the government, the industry stakeholders and every citizen, India will continue to rise as a global powerhouse with the overall vision of becoming a self-reliant modern economy.

My compliments and warm regards to all the members and office bearers of the organisation on this occasion. I wish the endeavours of PHDCCI all success.

मुझे यह जानकर अत्यन्त प्रसन्नता की अनुभूति हो रही है कि पी0एच0डी0 चैम्बर ऑफ कॉमर्स एण्ड इण्डस्ट्री द्वारा दिनांक 30 सितम्बर, 2022 को अपने 117वें वार्षिक सत्र के अवसर पर 'भारत@75 : आत्मनिर्भरता के लिए भारत के प्रयास का जश्न' विषयक अपनी 117वीं ईयर बुक का प्रकाशन किया जा रहा है।

राज्य सरकार ने पिछले 05 वर्षों में उत्तर प्रदेश के सम्बन्ध में देश व दुनिया की धारणा को बदला है। प्रदेश सरकार ने पूर्ववर्ती व्यवस्था में रिफॉर्म करके, परफॉर्म करते हुए ट्रांसफॉर्म किया है। सुदृढ़ कानून-व्यवस्था, विकासपरक माहौल, सेक्टरवार आकर्षक नीतियों तथा भरोसेमन्द अवस्थापना सुविधाओं की उपलब्धता से प्रदेश, देश में निवेश के 'ड्रीम डेस्टिनेशन' के रूप में उभरा है।

मा0 प्रधानमंत्री जी के देश की अर्थव्यवस्था को 05 ट्रिलियन डॉलर इकोनॉमी बनाने के लक्ष्य के क्रम में हमारा संकल्प प्रदेश को 01 ट्रिलियन डॉलर अर्थव्यवस्था का राज्य बनाना है। इसके लिए नियोजित प्रयास किये जा रहे हैं। राज्य सरकार रोजगार सृजन के लिए निवेश और 'मेक इन यू0पी0' को बढ़ावा दे रही है। औद्योगिक विकास के माध्यम से 'आत्मनिर्भर उत्तर प्रदेश' 'आत्मनिर्भर भारत' अभियान में महत्वपूर्ण योगदान दे रहा है।

पी0एच0डी0 चैम्बर ऑफ कॉमर्स एण्ड इण्डस्ट्री ने अपनी 117 वर्षों की यात्रा में उद्योग, व्यापार और उद्यमिता को बढ़ावा देने में महत्वपूर्ण भूमिका निभायी है। चैम्बर ने भारतीय और विदेशी निवेशकों को एक रचनात्मक मंच प्रदान करते हुए देश में औद्योगिक गतिविधियों के विस्तार और विकास के लिए भी सरकार का सहयोग किया है। मुझे पूर्ण विश्वास है कि यह संस्था भविष्य में भी इसी प्रकार सक्रिय रहेगी।

वार्षिक सत्र के सफल आयोजन के लिए मेरी हार्दिक शुभकामनाएं।

I am happy to note that PHD Chamber of Commerce and Industry (PHDCCI) is conducting its 117<sup>th</sup> Annual Session on the theme 'India@75: Celebrating India's Pursuit for Self-Reliance' on September 30, 2022.

PHDCCI in its 117 years journey has played an important role in promoting industry, trade and entrepreneurship. It has provided a constructive platform to Indian and foreign investors and also helped the Government in developing as well as implementing various programs and policies to further enhance India's industrial sector.

The State Government's economic development initiatives by establishing the 'Chhattisgarh Model' has provided economic strength in the rural areas. The focus is on self-employment and livelihood related activities.

I am pleased to note that the Chhattisgarh Chapter of PHD Chamber of Commerce and Industry has been working closely with the Government of Chhattisgarh. The notable inputs from the Chamber have been instrumental in formulating our State's Industrial Policy. The Chamber has also helped us in finding investors in food processing, engineering and bio-ethanol sectors.

I look forward to many more initiatives, activities with the PHD Chamber for the economic growth and industrial development of Chhattisgarh.

On this occasion, I extend my greetings to the PHD Chamber of Commerce and Industry, its leadership and wish them every success for their future endeavors.

I am glad to know that 117<sup>th</sup> Annual General Meeting of PHD Chamber of Commerce and Industry (PHDCCI) is being organized on September 30, 2022. Also, the Annual Report of PHDCCI will be unveiled on this occasion.

I am sure, the Annual General Meeting of PHDCCI will provide an apt platform to the participants to introspect the achievements made and set new targets for future.

PHDCCI is one of the most proactive business organizations of India and has played a constructive role in promoting and developing Indian industry during its long journey of 117 years. It has facilitated several policy reforms by articulating the views and concerns of trade and industry in the country.

Its sincere efforts in promoting the industrial scenario of Haryana are also indeed appreciable as they have gone a long way in creating a strong infrastructure for the growth of commerce and industry in the state. It is equally heartening to note that PHDCCI is not only helping businesses in the State to avail the benefit of various schemes announced by the State and Central Government, but is also motivating industry to innovate, build new skills and work with renewed strengths to leverage the opportunities.

I extend my best wishes for the success of 117<sup>th</sup> Annual General Meeting and the publication of Annual Report.

### MESSAGE

It gives me immense pleasure to learn that the PHD Chamber of Commerce and Industry is organizing its 117<sup>th</sup> Annual Session on September 30<sup>th</sup>, 2022 with the theme “India@75: Celebrating India’s Pursuit for Self-Reliance”.

The concerted efforts of PHD Chamber for promotion of trade and industry both locally and globally by organizing such mega events are highly laudable. I hope that this session will provide a platform to the domestic industry for exploring its untapped potential besides offering vast opportunities to them for the expansion of their business. Concerted efforts of PHD Chamber in organizing such mega events with a special thrust on the growth of trade, commerce and industry in Punjab are really admirable.

I am confident that PHD will continue such endeavors in future too. I wish this event a grand success.

PHD Chamber, an apex National Premier Chamber, has immensely contributed in the promotion of trade and industry especially in the MSME sector in the State of Jharkhand over the years through its pro-active policy advocacy and acting as an effective interface between the State Government and the Industry.

During the year, the Jharkhand Chapter of PHD Chamber has organized very useful programmes and activities supplementing the commendable efforts and activities of the State Government in putting industrial development back on track in the State.

I look forward to many more initiative activities of Jharkhand Chapter PHD Chamber for the economic growth and industrial development of the State of Jharkhand.

On this occasion, I extend my greetings and good wishes to the PHD Chamber of Commerce and Industry, its leadership and all those connected with it and wish them every success for the future.

I am glad to note that PHD Chamber of Commerce and Industry (PHDCCI) is organizing its 117th Annual Session on the theme 'India@75: Celebrating India's Pursuit for Self-Reliance' on September 30, 2022.

It is commendable that PHDCCI has played an important role in promoting industry, trade and entrepreneurship in India for more than a century. The Steel Industry has always been at the forefront of industrial development and forms the backbone of the Indian economy. We have planned for creation of steel production capacity of 300 million tonnes (MT) by 2030, and 500 MT by 2047. Role of all stakeholders, including Industry Associations like PHDCCI is crucial in accomplishment of this vision. I am happy to note that PHDCCI's Special Committee on Minerals and Metals has facilitated wide-ranging deliberations in this direction, in various parts of the country like Delhi, Chhattisgarh, Jharkhand and Odisha.

I am told that the PHD Chamber is also encouraging adoption of new technologies like IOT, AI & Industry 4.0, besides promoting decarbonisation, renewable energy, energy efficiency, better skilling for workers and international best practices in the Steel sector. All key stakeholders will have to work with sharp focus and total synergy to become truly 'Atmanirbhar' in the Steel sector.

Best wishes for the success of the 117th Annual Session.

# PRESIDENT WRITES

"Coming together is a beginning, staying together is progress, and working together is success." - Henry Ford

With this thought, I would like to reminisce on a very productive year gone by. A deep sense of reverence and gratitude engulfs me as I review the goals achieved by our prestigious Chamber, a 117 years old institution, which is working for the 'Shared Prosperity' of our nation. It has been my honour to lead this journey, as we continue to narrow the gap between Industry and the Government, enacting as the 'Voice of Industry and Trade'. Our mission to support large, medium and small industries and promote an 'Atmanirbhar Bharat' and 'Make in India 2.0,' while following our national principle of Vasudhaiva Kutumbakam has been a matter of immense joy and fulfilment.

With India in its 76th year of independence and celebrating 'Azadi Ka Amrit Mahotsav' it gives industry and especially our youth an opportunity to contribute to making an affluent India when it turns 100 in 2047 and stands as a leading nation globally on the strength of our economic performance and vibrant democracy. India today stands as a shining example of growth and stability amid the global crisis. With a GDP growth of US\$ 3.3 trillion, the country has achieved the distinction of becoming the fifth-largest economy in the world, behind the US, China, Japan and Germany due to its rapidly expanding economy.

The Chamber compliments the able leadership of Hon'ble Prime Minister, Mr. Narendra Modi under whom significant steps have taken in the last two years to implement the big picture of an Atmanirbhar Bharat (Self-reliant India). We are fortunate that being an Aspirational Society, a high-quality skilled workforce is being developed which will play a huge role in realizing India's dreams to build a developed nation in the Amrit Kaal over the next 25 years.

Today 'Sabka Vishwas and Sabka Prayas' are no longer buzz words but realities being worked on in all earnest by the Government and Businesses, together. I fully concur with our Prime Minister's Independence Day speech that "Atmanirbhar Bharat" is the responsibility of every citizen, every government and every unit of society. Herein, the five commitments outlined by Hon'ble PM for New India as it heads towards its Independence centenary: An India that is developed; An India free from colonial mind-set; An India proud of its heritage and legacy; An India united with gender equality; and An India whose citizens put duty above all indicates that the spirit of Team India will take the country forward to the path of sustainable and inclusive growth.

The country's pace of economic activity is gaining momentum due to the onset of the festive season supplemented by various structural reforms undertaken by the Government during the last two years. India's GDP growth registered an inspiring growth rate of 13.5% in the first quarter of FY 2022-23 on the back of improved consumer, business and investor sentiments, a rejuvenated demand for contact intensive services, record level of GST collections, E-way bills, passenger vehicle sales, railway freight and continuous facilitative measures of the Government, despite the geo-political scenario over the previous quarter of last year. The Government's proactive policies such as Production Linked Incentives, its thrust on the creation of infrastructure and expansion of capital expenditure have been attracting large amounts of investments from the private sector. Demand conditions in both the manufacturing sector and services sector have improved in recent months with an increase in capacity utilization. Vaccination rates, crossing 218 crores currently and relaxation of lockdowns benefited urban consumption, while unemployment rates returned to pre-pandemic levels. We fully agree with experts including the Reserve Bank of India that the Indian economy is expected to grow in the range of 7.2-7.5 percent in FY 2022-23.

Going further, international commodity prices have eased in the last few weeks, including prices of crude oil, metals including semiconductors, food items, etc., due to fears of recession in advanced countries. India's retail CPI inflation eased from a peak of 7.8 percent in April to 7 percent in August due to RBI taking many initiatives to strengthen inflation monitoring by increasing the repo rate while supporting growth. India has emerged as key buyer of discounted crude oil from Russia as importing Russian oil is part of India's inflation-management strategy.

It is heartening to note that the Department of Commerce plans to set up a dedicated trade promotion body for overall promotion related strategy to work towards the goal of US\$ 2 trillion exports by 2030 and focus on expanding India's branding across markets and

sectors. India's goods and services exports crossed US\$ 675 billion in the last fiscal year and the government has set a target of achieving US\$ 750 billion for FY 2022-23.

I must comment that despite the US Federal Reserve's policy tightening, a notable feature has been the degree of resilience displayed by the Rupee. The rupee has depreciated about 6.6 percent in 2022 versus the dollar in 2022. Our country's forex reserves have fallen in recent months to US\$ 553 billion with RBI intervening in foreign exchange markets to protect against the sharp depreciation in the rupee.

Having said this, I am glad to say that the second COVID-19 wave did not impact Indian agricultural production in any significant way. With favourable policies, new age technologies and agricultural services, India's agriculture sector is poised for robust growth in the days to come and it is expected to grow to US\$ 24 billion by 2025.

I appreciate the Modi government for adopting a people-centric governance approach, especially focused on the poor and backward. As a sequel, the Finance Ministry launched an integrated credit portal 'Jan Samarth' in June. The portal, being a one-stop gateway for over a dozen of the government's credit-linked schemes will directly connect and help beneficiaries including students, farmers, MSMEs and Start-ups to the lenders. It aims to encourage more people to come forward to avail loans because of ease of compliance. We also welcome the government's move to link start-ups with the micro, small and medium enterprises (MSMEs), with the central government taking steps to include policy alterations to boost the MSMEs.

The Infrastructure sector is a key driver of the Indian economy and India plans to spend US\$ 1.4 trillion on infrastructure through the National Infrastructure pipeline in the next five years. Here, I must laud the government's initiative of speeding up of building up of highways, with an average of 28.6 kms per day rolled out in 2021-22 and in 2022-23 under the PM Gati Shakti National Master Plan, the commitment is to expand 60 kms per day.

Last month, the Chamber in collaboration with Invest India and Greenstat Norway organized an International Climate Summit 2022- "Opportunity for Hydrogen in India", from August 30-31, 2022, at Bergen, Norway. As you are aware, Green Hydrogen is a National Mission, which our Hon'ble Prime Minister announced in his Independence Day Speech in 2021 for tackling the problem of Global Warming. The Summit at Bergen showcased India's Unique Position as an attractive destination for production of Green Hydrogen due to the availability of Renewable Energy at the lowest price. Hydrogen has the promise of transforming India from energy deficient & totally import based country to an energy rich & net export country.

The International Summit was addressed by Mr. Nitin Gadkari, Minister of Road Transport and Highways and Gurudev Sri Sri Ravi Shankar and many oil and energy experts. The Summit was a big milestone as many technology transfer agreements took place, with India signing two MoUs with the Norwegian companies to adopt their technologies in transforming the Green Hydrogen sector in India.

The government is giving an extensive push to 'Make in India' and 'Make for the World,' especially for the defence sector. In this context, three Positive Indigenization lists covering more than 780 components and subsystems have been announced recently. These items have to be procured indigenously, thus opening up huge business opportunities for the defence manufacturers. We also congratulate the radical move of the government for the introduction of the 'Agnipath Scheme', a landmark Defence and employment policy for the youth of the country. The Agnipath Scheme will create a pool of skilled, tech savvy and market ready professional workforce for the industry in the form of Agniveers.

A wave of agritech start-ups have emerged in India and start-ups have solved problems related to supply chain management, improper infrastructure and inability of farmers to access a wider range of markets. Startups and emerging unicorns have been game changers in generating employment for the youth. The Prime Minister's recent launching of 'Digital India Bhashini', 'Digital India GENESIS', 'Indiastack.global', and 'MyScheme' are all aimed at enhancing the accessibility of technology and positioning India as a world leader in building Digital Transformation projects.

Taking a peek at the international outlook, we are really proud that India will lead the league of leading nations by its upcoming G20 presidency in December 2022. Its voice and leadership will reverberate globally as it will centre on the themes of the world as "one family" and the need for "sustainable growth." Further, potential market opportunities have opened up due to

the recent trade agreements with the UAE and Australia and the proposal to establish a Trade and Technology Council with EU. India is also negotiating trade deals with developed nations such as the UK, Canada and the EU. India and Bangladesh also plan to negotiate on a Bilateral Comprehensive Economic Partnership agreement. It is also praiseworthy to note about India's attempt to enter the global semiconductor market with a government commitment of US\$ 10 billion.

As India continues to embark on its transformational journey and becomes a developed nation, 'Viksit Bharat' by 2047, we at the Chamber will continue to provide support to the Government in its mission to march ahead in this decade which is hailed as the 'Techade'. Digital transformation with the spread of 5G and the optical fiber network is being seen as a future enabler of entrepreneurship and employment. We as global leaders, who will hold India's first G-20 presidency from December 2022 must work hard to dominate the world, fast track the technological revolution, stabilize the economic order, address the challenges of climate change and play our part for Atamnirbhar Bharat.

I would like to convey my appreciation and express deep gratitude to our Outstanding and Esteemed Former Presidents, Leadership colleagues and Members for their continuing cooperation, guidance and unstinted support to focus on the Chamber's goals and in implementing the conventions and practices of the Chamber. I must acknowledge the PHD's Secretariat team for their timely assistance, valuable help and dedication as we worked together as one big family. "Good plans shape good decisions. That's why good planning helps to make elusive dreams come true". This quote very aptly fits in with our Chamber's pledge to fulfill the vision of our Hon'ble Prime Minister for 2047, laying the roadmap for building a New Developed India in the next 25 years of 'Amrit Kaal'. We envision and behold that Indian Industry will continue to develop new innovative solutions as the country embarks towards greater Progress, Harmony and Development.

  
**Pradeep Multani**  
President, PHDCCI

#### At the Independence Day Speech on August 15, 2022

PM Modi recalled the "architects of free India" who significantly contributed to India's freedom struggle. "Our country is grateful to Gandhiji, Bhagat Singh, Rajguru, Rani Laxmi Bai, and all other freedom fighters. We salute not only those who fought for freedom, but also the architects of free India such as Jawaharlal Nehru, and Sardar Vallabhai Patel, amongst the many others."

PHD CHAMBER  
OF COMMERCE AND INDUSTRY

## 116<sup>th</sup> ANNUAL SESSION

### INAUGURAL SESSION

The PHD Chamber organized its 116th Annual Session on September 30, 2021 at Hotel Taj Palace, Sardar Patel Marg, New Delhi in a Hybrid mode. The inaugural session was presided over by General Manoj Mukund Naravane, Chief of Army Staff and Mr. Nitin Gadkari, Union Transport Minister as the Chief Guest. The Annual Session of PHD Chamber focused on the measures taken to restore the Indian economy to pre-pandemic levels by the Union Government in tandem with the Defence Forces.

Chief Guest, Mr. Nitin Gadkari highlighted how India can cut down on its import bill on the purchase of petrol and diesel which is as high as of Rs 12 lakh crores. He spoke about the requirement to switch over to indigenous fuels and proclaimed, "We aim to make India a global power in using green fuel by 2024". He stated that the government is seriously looking at ways to tap the potential of the waterways in the country as compared to roads and railways; the cost of logistics on waterways comes to just around 10 percent of the cost.

General Manoj Mukund Naravane, PVSM, AVSM, SM, VSM, ADC, Chief of Army Staff highlighted Indian Army's contribution to tackle the two waves of COVID-19 in India and its exemplary contribution and facilitated medical assistance, building health infrastructure and essential services throughout the country.

Mr. Sanjay Aggarwal, President, PHD Chamber, in his welcome address at the inaugural session enumerated the pathway to make India more resilient.

## International Connectivity as a Force Multiplier for Resilient India

The session on “International Connectivity as a Force Multiplier for Resilient India” was addressed by Minister of Civil Aviation, Mr. Jyotiraditya Scindia.

Mr. Scindia said that the two Cs- connectivity and commerce are vital for economic growth. He stated that Saath, Vikaas, Vishwas and Prayas with a prefix of ‘sabka’ as coined by the Hon’ble Prime Minister is central to the growth of international relationship and diplomacy as it opens the floodgates of economic progress, business network as well as social network. He urged the State Governments to work together with the Central Government in the development of the aviation sector.

Mr. Sanjay Aggarwal, President, PHD Chamber, welcomed the Minister and fondly remembered the dynamic and sterling leadership of Mr. Madhavrao Scindia, (Minister’s father) in leading several departments of the Government of India and his proven transformational reality and the ability of a

paradigm shift.

Mr. Saket Dalmia, Vice President, PHD Chamber, stated that with the Minister introducing drone delivery regulations and ambitious projections for futuristic growth, it would be a hall mark of connectivity globally.

# FIRE SIDE CHAT - Empowering Women in Building Resilient India

A Fire Side Chat on the theme 'Empowering Women in Building Resilient India' was organized at the 116th Annual session of PHD Chamber on September 30, 2021 on a virtual mode. Ms. Smriti Irani, Union Minister for Women & Child Development presided over the chat.

The Minister stated that the issue of women's emancipation need not be addressed by women alone and that men, too, need to contribute to it. She accentuated that the government seeks industry support to ensure that the Legislative Acts passed with regard to women are, at least, followed by the members of the industry. She also underlined that women in India need to be given the joy of equal

participation based on their competence.

Mr. Sanjay Aggarwal, President, PHDCCI stated that women empowerment is essential for realizing the power of demographic dividend of the country and making it a catalyst for enhancing economic resilience.

Ms. Anuradha Goel, Chairperson, PHDFWF spoke on the meaningful work done by the Foundation over the last 35 years. Ms. Goel also informed that in the last 2 years during the COVID-19 pandemic, the Foundation operated six mobile medical vans and 12 oxygen plants were donated to needy hospitals across the NCR by managing committee members of PHDCCI.

## Chief Ministers' Roundtable with CEOs

A session on Chief Ministers' Roundtable with CEOs on "Is India 1 Nation or 30 States in Sustainability, Agriculture, Food Processing, Manufacturing and Exports?" was organized on a virtual mode at the 116th Annual Session.

Mr. Pushkar Singh Dhami, Chief Minister of Uttarakhand underlined that the Uttarakhand Government has been continuously working to facilitate the industries and businesses in the State through effective policies, infrastructure connectivity, among others.

Mr. Sanjay Aggarwal, President, PHDCCI suggested the need for proactive policy reforms and flexible norms that could drive the States on a higher growth trajectory.

Mr. Pradeep Multani, Senior Vice President, PHDCCI emphasized on the need for sharing best practices and capacity development among the States to amplify ease of doing business in order to accelerate the economic momentum.

Other speakers were Mr. Gautam Bali, Managing Director, Vestige Marketing Pvt. Ltd.; Mr. Sanjiv Puri, CMD, ITC Ltd.; Mr. Alok Kirloskar, Managing Director, SPP Pumps Ltd. UK Head- International Business, Kirloskar Brothers Limited and Mr. Manish Bhatnagar, Managing Director, SKF India Limited.

# India's Resilience: Converting Recession to Rebound

**A**t the 116th Session on "India's Resilience: Converting Recession to Rebound," Mr. Sanjeev Sanyal, Principal Economic Advisor, Ministry of Finance highlighted the Finance Minister's announcement of a series of mid-size packages and pointed out that despite being adversely affected by the outbreak of the pandemic, significant parts of the economy continued doing reasonably well.

Dr D Subbarao, renowned Economist and Former Governor, Reserve Bank of India underlined that that in the short term, we need to focus on exports and government spending while for long-term we need all four factors for GDP –consumption, investment, government spending and exports to come together. To attain a higher growth and sustainability in the long term, he suggested expanding government spending to create more jobs and increase consumption.

Other speakers included Dr Ajay Chhibber, renowned Economist and Distinguished Visiting Scholar to the

Elliott School of International Affairs and the George Washington University, US and Mr. Atantra Das Gupta, Director, South West Asia and Head, Samsung HME.

## VALEDICTORY SESSION: Building a Resilient India - Edging out the Turbulent Times

**T**he Valedictory Session of the 116th Annual Session of PHD Chamber was on the theme "Building a Resilient India – Edging out the Turbulent Times."

Mr. Bhupesh Baghel, Chief Minister of Chhattisgarh highlighted that the State Government has worked towards strengthening the rural economy of Chhattisgarh much before the emergence of COVID-19.

Mr. Hemant Soren, Chief Minister of Jharkhand invited large companies to come and set up businesses in the State.

Mr. Peter Rimmele, Resident Representative to India, Konrad- Adenauer-Stiftung (KAS), highlighting the need of supply chain diversification at the global level, said that India holds a great future in this aspect.

## SESSION ON IMPLICATIONS OF UNION BUDGET 2022-23

**P**HD Chamber organized a Post-budget interactive session on 'Implications of Union Budget 2022-23' chairing Finance Minister, Ms. Nirmala Sitharaman on February 7, 2022 at Hotel Le Meridien, New Delhi in Hybrid Mode.

Ms. Nirmala Sitharaman, elaborated that India has to work on a two- track path. The first one is by rail, which has a multimodal approach and is guided by PM Gati Shakti to ensure that there is a synergy between every mode of transport and linkages with logistics ensuring that products reach their destination inside this country or outside. The other track is the

opportunities with Start-ups and the sunrise sector.

The Finance Minister requested the private sector to join 'Team India' and step up their investments in line with the Government's Capex push and help the country retain the tag of the world's fastest-growing major economy in the years to come.

Mr. Pradeep Multani, President, PHDCCI described the Union Budget 2022-23 as highly promising, pragmatic, transforming and progressive as it reflects consistency in the government's approach in making India a modern, developed and an inclusive nation.

## MEETING WITH UNION MINISTER OF FINANCE & CORPORATE AFFAIRS

## INTERNATIONAL CLIMATE SUMMIT 2022- "OPPORTUNITY FOR GREEN HYDROGEN IN INDIA"

The Environment Committee of PHD Chamber in collaboration with Invest India and Greenstat Norway inaugurated the International Climate Summit 2022- "Opportunity for Green Hydrogen in India" on August 30, 2022 at Bergen, Norway.

Mr. Jan Christian Vestre, Hon'ble Minister of Trade and Industry, Norway stated about having long-term investment and commitment in order to have a win-win situation for both India and Norway in order to achieve better results from the Hydrogen market.

Mr. Espen Barth Eide, Hon'ble Minister of Climate and Environment, Norway pointed out that the world is in a climate crisis to adopt energy transition from fossil fuels to renewable sources of energy.

Mr. Nitin Gadkari, Hon'ble Minister of Road Transport and Highways stated that India is a favorable destination for production of Green Hydrogen due to plenty of renewable sources of energy available

in the country. He further advised on creating Waste into Wealth by purifying waste water to clean water.

Gurudev Sri Sri Ravi Shankar, Founder, The Art of Living Foundation apprised everyone to take care of the mother Earth by planting more trees which not only will tackle the climate crisis but also help people to find out time to care for the environment by ultimately bringing in peace, good mental health and reduce depression.

Mr. Alok Shriram, Leader of the Summit and Former President, PHD Chamber mentioned about India's current progress in the renewable energy sector and it is clear that green hydrogen will make a greater impact on India's overall energy sector. Green hydrogen will help provide a sustainable solution for the Indian industrial sector.

On the occasion, two MoUs were signed to take forward the Green Hydrogen Mission in India.

## INTERACTIVE SESSION WITH HON'BLE UNION MINISTER OF JAL SHAKTI ON WATER STEWARDSHIP

The PHD Chamber organized an interactive session with Mr. Gajendra Singh Shekhawat, Hon'ble Union Minister of Jal Shakti on 'Water Stewardship- Key to Sustainability in India' on May 24, 2022, at PHD House, New Delhi.

Mr. Shekhawat highlighted that when the government decided on the steps to replenish the water sources in the soil, it was important to first understand the total ground water resources that it had. He explained that the government successfully used the heli-borne technology to map the total groundwater in the country. Despite the different climatic zones with inequitable water distribution, India also has 93 percent of water dependence on monsoons. He emphasized on cleaning reservoirs,

water conservation, recycling and reusing water to save water for our future generations.

Mr. Pradeep Multani, President, PHD Chamber stated that industry has been working with the Ministry of Jal Shakti in line with water conservation initiatives to bring water to every household.

Dr Mahesh Gupta, Former President, PHD Chamber suggested that there is a need to conserve and efficiently use water. He further added that the shortage of water is due to climate change.

Mr. Sharad Jaipuria, Chairman, PHD Rural Development Foundation (PHDRDF) and Former President, PHD Chamber, informed that the Foundation has helped in setting up 300 check dams over the last two decades.

## 7<sup>th</sup> PHARMAMED HD-2022 INVESTMENT OPPORTUNITIES & EASE OF DOING BUSINESS IN HEALTHCARE

The Pharmaceutical Manufacturing Committee and Medical Devices Committee of PHD Chamber organized the 7th Edition of its Annual Flagship event '7th Pharma Med HD-2022 conference' on July 8, 2022 at PHD House, New Delhi.

Dr Mansukh Mandaviya, Hon'ble Union Minister for Chemicals & Fertilizers and Health & Family Welfare apprised that the government is coming up with certain initiatives like Pharma research policy to uplift Industry-academia linkages to magnify research in this area which will bring immediate solutions to the problems. He further added that more than 25,000 compliances have been reduced so that industry can thrive and do business easily because our main focus is to shift from volume to value.

Dr Ram Sewak Sharma, Chief Executive Officer, National Health Authority spoke on Unified Health Interface which is created for teleconsultation, record management, data sharing and also it will help a person to find a particular doctor or any drug through a verified registry of doctors and drugs respectively.

Mr. Pradeep Multani, President, PHDCCI, suggested taking into account the support/initiatives provided by the Central Government and State Governments in ease of doing business.

## PHD START- UP INDIA- EXPO & CONCLAVE-2022: RISE OF THE START-UP ECOSYSTEM

The PHD Start-up Committee organized a two-day mega event, the 'PHD Start-up India- Expo & Conclave-2022' themed "Rise of the Start-up Ecosystem," June 2-3, 2022 at PHD House, New Delhi.

Chief Guest, Dr Jitendra Singh, Hon'ble Union Minister of State (Independent Charge) of the Ministry of Science and Technology and Earth Sciences, said that we should aim at sustainable Start-up ecosystem because Start-ups are going to determine the future of the Indian economy and it is a matter of pride that globally out of every 10 unicorns, one is an Indian. The Minister asserted that since the concept of Start-up is still new to India, we should work collectively in this direction and explore sectors like agriculture, dairy

and space which hold immense potential exclusively to India.

Guest of Honour, Ms. Anupriya Patel, Hon'ble Union Minister of State for Commerce and Industry highlighted that Start-ups are growth drivers in Amrit Kaal and will help India in the journey of becoming self-reliant.

Mr. Pradeep Multani, President, PHDCCI, stated that by leveraging its strengths in human capital and ICT services, and transitioning to a digital and knowledge-based economy, India is fast becoming a breeding ground for innovation and Start-ups.

## PHDCCI EDUCATION SUMMIT - 2022 NEP - 2020: THE STORY AHEAD

PHD CHAMBER  
OF COMMERCE AND INDUSTRY

The Education Committee of PHD Chamber organized an 'Education Summit 2022: NEP 2020- The Story Ahead' on September 02, 2022 at PHD House, New Delhi. The inaugural session was graced by Dr Jitendra Singh, Hon'ble Minister of State (IC), Science and Technology & Earth Sciences.

Dr Jitendra Singh, Minister of State, (IC) Science & Technology and Earth Sciences emphasized on issues which need to be rectified under NEP 2020. He underlined that to renovate the Indian Education for reaching the global benchmark, it is important to work on Quality control, which needs due attention; NEP gives weightage to skills and talent and also on ending drop-out rate by providing multi-entry and exit from the courses. The Minister suggested to link education with livelihood rather than only getting a mere degree.

The fireside chat was addressed by Col Rajyavardhan Singh Rathore, AVSM; Member of Parliament, Lok Sabha and Olympic Medallist, and the session was moderated by Ms. Sonali Jain, Co-chair, Education Committee, PHD Chamber.

Col Rajyavardhan Singh Rathore, AVSM, MP, Lok Sabha and Olympic Medalist, stated that Teachers are everywhere; you have to find out what to learn and from whom. You should have that drive to learn, to do something in life. He asserted that a multidimensional education system is really important.

Dr Sudhanshu Trivedi, Hon'ble Member of Parliament, Rajya Sabha explained that NEP is designed in such a way that a child should enjoy going to school. He mentioned that provisions like students backing out after one year will be provided a certificate, so that a year does not get wasted.

Mr. Pradeep Multani, President, PHDCCI, emphasized that Universal high-quality education is the best way forward for developing and unleashing the potential of our demographic dividend.

A GT-PHDCCI report - 'Technology and cyber trends in the Indian education sector' was also released during the Summit.

## A package to India

R.E. Rogers India was incorporated in 1986 with a vision of handling exhibition cargo in India and abroad.

Since inception, we are the market leaders in this growing and complex industry-providing services to organizers, venues, governments, trade associations, exhibitors and event managers globally. In recent years, we have also expanded into areas as defence, free trade zone services, special import/export projects, sports and entertainment events.

Having our own infrastructure in all the major hubs of the country, we also have all relevant accreditations of quality, environment and health / safety.

In addition, we play a very prominent role in the national/global fraternity as leading members of various key associations.

The delegation apprised the Minister about recent activities of the Chamber and also discussed various industry issues.

## MEETING WITH UNION MINISTER OF STATE FOR DEFENCE

A PHDCCI delegation led by Mr. Pradeep Multani, President and comprising of Mr. M K Gupta, Chair, Defence and HLS Committee; Mr. Saurabh Sanyal, Secretary General; Col. Ramit Arora, Senior Member, Defence and HLS Committee; Mr. Vivek Seigell, Assistant Secretary General, and Dr Nasir Jamal, Secretary (Defence & HLS) met Mr. Ajay Bhatt, Union Minister of State for Defence on November 30, 2021 at New Delhi to apprise him about the various Defence and HLS initiatives that PHDCCI has been undertaking especially for promoting Aatmanirbhar Bharat.

## 2<sup>nd</sup> INTERNATIONAL CONFERENCE ON DEFENCE AND SECURITY

PHDCCI in association with the Ministry of MSMEs organized the 2nd International Conference on 'Defence and Security, March 30-31, 2022 at Hotel Hyatt Regency, New Delhi for deliberating on issues in defence and security especially with respect to contribution of MSMEs.

Chief Guest, Mr. Bhanu Pratap Singh Verma, Minister of State for MSMEs, stated that Defence manufacturing needs to be brought under the chain of 'Make in India' to enhance the landscape of the defence manufacturing sector.

Mr. Sanjay Jaju, IAS, Additional Secretary (Defence Production), Ministry of Defence, highlighting the importance of participation of the private sector to achieve Atmanirbharata, invited industry to hold the reins of defence manufacturing sector and take it to the next level. He further stated that indigenous initiatives and Start-ups should be promoted to develop and design the defence products.

Chief Guest, Mr. Narayan Tatu Rane, Union Minister for MSME for the Valedictory Session shared that the MSMEs are the backbone of every sector including defence and security and the Government intends to promote MSMEs at every level with all possible support.

Mr. Pradeep Multani, President, PHDCCI mentioned that Indian defence industry is at a fast growth and development stage where every stakeholder has its important role in developing the sector including the DPSUs, OEMs and MSMEs.

## EASE OF DOING BUSINESS - INSTITUTIONAL SUPPORT TO MSMEs

The MSME Committee of PHD Chamber organized a conference on 'Ease of Doing Business – Institutional Support to MSMEs' on July 07, 2022 at PHD House, New Delhi.

Chief Guest, Mr. Bhanu Pratap Singh Verma, Hon'ble Minister of State of MSMEs, asserted that certain landmark decisions of the MSME Ministry, like change in the definition of MSMEs, introducing a new simplified 'Udyam Aadhar' registration, Champions portal, and expansion of credit guarantee, to name a few would go a long way to building a stronger MSME sector. He stated that the 'Atmanirbhar Bharat' Package for the MSME sector which comprised of some major financial and other policy measures to help the sector, provided a lot of help to MSMEs to

not only restart their operations but also provided newer opportunities to a large number of enterprises.

Mr. Yogendra Pathak, Additional CEO & CFO, Government e-Marketplace, advised the MSMEs to register on GeM portal which could be beneficial for them to get bulk orders from various Central and State Governments.

Mr. Pradeep Multani, President, PHDCCI highlighted that Ease of Doing Business is important for the promotion and growth of MSMEs which not only requires policy and regulatory changes by the government to fast-track various registration requirements and removing tardy regulatory compliances but also strengthening the institutional support mechanism.

The Micro, Small and Medium Enterprises (MSME) sector contributes one-third to India's GDP. Today, there are more than 90 million MSMEs in the country. Of these, 15 million MSMEs are under GST. The remaining MSMEs need finance from banks and NBFCs but are not on the radar of banks because they don't have Udyam numbers. With the Udyam number, banks can categorize lendings to MSMEs as priority sector loans. More than 50 million MSMEs will benefit from this special digital programme that is being set up to provide Udyam numbers to them in the next two years.

PHDCCI organized a Membership Meet and Lecture by Lt. Gen. Philip Campos PVS, AVSM & Bar, VSM (Retd.) Former Vice Chief of Indian Army on the "Russia-Ukraine Conflict and its Implications on India" on March 22, 2022 at PHD House, New Delhi.

Lt. Gen. Campos stressed on the fact that only by growing her economy could India become a force to reckon with, as done by China. He informed that the

Russia - Ukraine conflict is leading to the start of a new cold war with US & Western countries being on one side & Russia, China and Iran being on the other. He cautioned that the current conflict will lead to a race for acquiring more weapons, increases in defence budgets and long-term adverse economic impact on Russia. He stressed that India should modernize its army and involve private sector in defence production.

## INTERACTIVE SESSION WITH COMMISSIONER OF DELHI POLICE

Mr. Rakesh Asthana, Indian Police Services, Commissioner of Delhi Police interacted with the members of PHDCCI on April 20, 2022.

Mr. Asthana stated that the facility of E-FIR has yielded good results and a new provision for house theft has also been added recently for more convenience. The Commissioner addressed how Delhi Police can help the business world to flourish in ease of doing business.

Pertaining to the business world, he added, cases of cheating, forgery, and misappropriation rates are high and also require a lot of investigation, as it is document-based, and working on quick disposal of these cases is afoot. It is an area that is being given more attention by the Delhi Police to ensure a conducive business environment for the industry stakeholders.

Mr. Pradeep Multani, President, PHDCCI, mentioned that Delhi Police has also adopted a proactive strategy for the prevention of crime under the umbrella of Operation "Ankush".
