

NATIONAL APEX CHAMBER

Workshop on **Wealth Creation through SME Listing on SME Exchange**

9th May 2019, 10:00 am at PHD House, New Delhi

Listing refers to the admission of securities of a public limited company on a recognized stock exchange for trading. The process of listing helps the company to create wealth for its shareholders and promoters.

SME Exchange is an Exchange established to enable the Small and Medium sized Enterprises to get listed and work more efficiently. Several major exchanges across the globe have established a separate SME exchange for the listing and trading of securities of SMEs. In India, two major SME Exchanges are working viz. BSE SME established by the Bombay Stock Exchange and EMERGE, established by National Stock Exchange. Listing on a SME exchange gives the SME vast benefits both as compared to the companies listed on the main board and unlisted companies.

As we know that SMEs are the backbone of a nation's economy. They are one of the major economic drivers in India which constitute bulk of the industrial base, also contributing

significantly to the exports and GDP. However, owing to paucity of low cost debt, SMEs face perennial challenges in raising low cost funds. Access to capital financing through the listing route can help the SMEs tide over the challenges of funding and also create wealth for the promoters and shareholders.

Against this backdrop, under PHD KAS project, PHD Chamber of Commerce and Industry is organising a **“Workshop on Wealth Creation through SME Listing on SME Exchange”** on 9th May 2019 at 10:00 am at PHD House, New Delhi.

Objective of the Workshop - The main objectives of this workshop are to create awareness about the importance of listing of shares on Stock Exchanges and to sensitise SMEs about the following:

- **The benefits of SME Listing**
- **Wealth Creation through Listing**
- **Pre requisites of Listing**
