PHDCCI Economic & Business Momentum (EBM) Index

The PHDCCI Economic and Business Momentum (EBM) Index

On a monthly basis, PHDCCI Economic and Business Momentum (EBM) Index has shown steady recovery from the lows of 78.3 for April 2020 to 85.7 for May 2020, 91.6 for June 2020, 95.5 for July 2020, 95.9 for August 2020, 96.5 for September 2020, 96.8 for October 2020, 98.4 for November 2020, 99.3 for December 2020, 99.3 for January 2021, 99.3 for February 2021, 100.6 for March 2021, 100.6 for April 2021, 95.3 for May 2021, 98.0 for June 2021 and 101.9 for July 2021.

PHDCCI EBM Index is a composite index of 25 lead economic and business indicators with base year at 2018-19=100. The composite index combines several indicators into one single concise statistics. Weights were assigned to the 25 high frequency indicators using standard deviation. The EBM Index considers the demand and supply parameters to present a broad perspective of the economy.

The EBM index during July 2020 stood at 95.5 as compared to 101.1 for July 2019, whereas the EBM index during July 2021 stood at 101.9. Strong recovery has been observed in Export merchandise, FDI inflows, SENSEX (Daily Average) and GST revenue collections in July 2021 from the lows of July 2020.

PHDCCI Economic & Business Momentum (EBM) Index

The average EBM index for the FY 2020-21 stands at 94.8 as compared to 99.0 of corresponding FY 2019-20. On the back of the series of stimulus announcements by the Government in last many quarters under the AatmaNirbhar Bharat Abhiyaan 1.0, 2.0 and 3.0 along with the calibrated measures undertaken by the RBI and a demand boosting Union Budget 2021-22, continuous improvement have been witnessed in the EBM for the period of FY 2021. As of July 2021, the average EBM for FY2022 stands at 99.

Source: PHD Research Bureau, PHDCCI EBM Index

The PHDCCI EBM Index recorded significant improvement from the average of 85.2 in Q1 FY 2020-21 to 96.0 in Q2 FY 2020-21 to 98.2 in Q3 FY 2020-21 to 99.7 in Q4 FY 2020-21. The average of Q1 FY 2021-22 stood at 98.0 which include April 2021 to June 2021 EBM Index, which shows a significant recovery as compared to 85.2 for Q1 FY 2020-21.

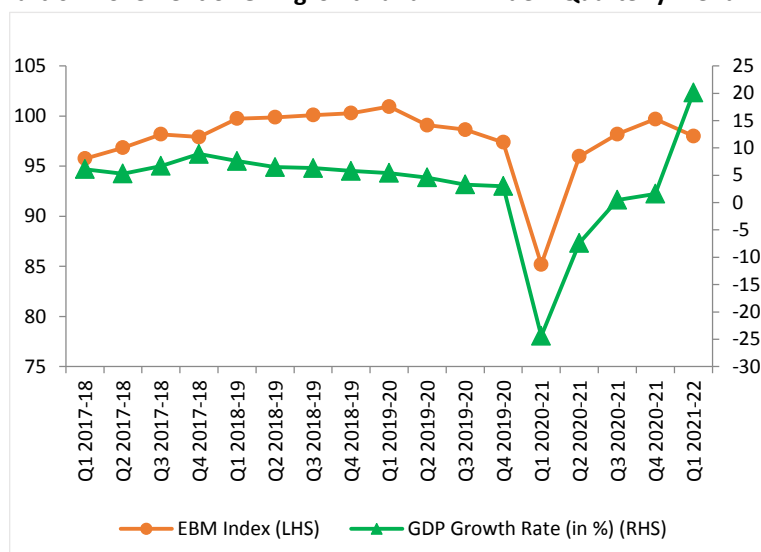

Chart-5: Weighted Average of 25 economic indicators: 2019-20, 2020-21 and 2021-22- Quarterly Basis; Using base 2018-19=100

Source: PHD Research Bureau, PHDCCI EBM Index

The proactive reforms undertaken by the Government in last many quarters have pulled the economy from the low growth of (-)24.4% in Q1 FY2020-21 (-)7.4% in Q2 FY2020-21 to 0.5% in Q3 FY2020-21, 1.6% in Q4 FY2020-21 and 20.1% in Q1 FY2021-22. The correlation between quarterly trend of EBM index and GDP growth rate is very high at 0.8. On the basis of recent movement of PHDCCI EBM index, PHD Chamber projects GDP growth in the range of 7-10% for Q2 FY 2021-22, 6-10% for Q3 FY 2021-22 and 5-9% for Q4 FY 2021-22. The overall GDP growth is projected at 10.25% for FY 2021-22.

Conclusions and recommendations

- At this juncture, there is a need to further fuel the drivers of household consumption and private investments to enhance the aggregate demand in the economy as it will have an accelerated effect on expansion of capital investments in the country.
- The Government should frontload the National Infra Pipeline expenditure as increased spending on infrastructure will give a multiplier effect to rejuvenate the aggregate demand in

the economy. Undoubtedly, robust growth of infrastructure is the key ingredient to realize the vision of Aatmanirbhar Bharat.

- More and more direct benefit transfers needs to be considered for the urban and rural poor under the various welfare schemes in addition to the free distribution of dry rations till Diwali as already announced by the Hon'ble Prime Minister.
- Vaccination of population should be continued with a faster pace, target should be set to vaccinate at least half of the population with both the doses by end October 2021 investments in the country.

Source: PHD Research Bureau, PHDCCI EBM Index (Note: Table shows the monthly relative growth movement calculated with the Base of 2018-19=100. Index calculated on the basis of YoY% growth using standard deviation barring certain indicators such as Consumption of Petroleum products, Export Services, India Freight Traffic, GST Collection, FDI, and ECB for which we have used actual numbers. Index numbers are a useful way of expressing time series economic data for comparing information. An index number is a figure reflecting price or quantity compared with a base value. The base value always has an index number of 100. The index number is then expressed as 100 times the ratio to the base value. Index numbers have no units.)

PHD Research Bureau

PHD Research Bureau; the research arm of the PHD Chamber of Commerce and Industry was constituted in 2010 with the objective to review the economic situation and policy developments at sub-national, national and international levels and comment on them in order to update the members from time to time, to present suitable memoranda to the government as and when required, to prepare State Profiles and to conduct thematic research studies on various socio-economic and business developments.

The Research Bureau has been instrumental in forecasting various lead economic indicators national and sub-national. Many of its research reports have been widely covered by media and leading newspapers. The Research Bureau has undertaken various policy studies for Government of India and State Governments.

PHD CHAMBER
OF COMMERCE AND INDUSTRY

About Us

PHD Chamber of Commerce & Industry, a leading Industry Chamber of India, ever since its inception in 1905, has been an active participant in the India Growth Story through its Advocacy Role for the Policy Makers and Regulators of the Country. Regular interactions, Seminars, Conference and Conclaves allow healthy and constructive discussions between the Government, Industry and International Agencies bringing out the Vitals for Growth. As a true representative of the Industry with a large membership base of 1,30,000 direct and indirect members, PHD Chamber has forged ahead leveraging its legacy with the Industry knowledge across sectors (58 Industry verticals being covered through Expert Committees), a deep understanding of the Economy at large and the populace at the micro level.

At the National level, the PHD Chamber is well represented in 16 States with its own offices and MOUs with eleven Partner Chambers in different States.

At the Global level we have been working with the Concerned Ministries, Embassies and High Commissions to bring in the International Best Practices and Business Opportunity.

PHD Chamber has special focus on the following thrust areas:

- Economic & Business Policy Advocacy
- Industry
- Infrastructure
- Housing
- Health
- Education & Skill Development
- Agriculture & Agri-business
- ICT
- International Trade

"Towards Building Aatmanirbhar Bharat"
