ISOLATION PREFABRICATED IN CHINA

10 SEPTEMBER 2021

The Ministry of Health & Social Services has awarded another four contracts for the construction of Covid-19 isolation facilities in different towns, worth N\$22.6-m.

These are among a handful of awards of open national bidding, emergency procurement and quotation tenders listed on the ministry's website.

This is only a fraction of the over 300 tenders the health ministry has issued this year, that the *Tender Bulletin* is aware of.

The new awards include four 'Emergency Procurement' tenders that were not posted on the MHSS website, which the *Bulletin* monitors closely.

The latest awards are for new pre-fabricated isolation units in four towns, after the emergency tenders had closed on 23 June, following quotations invited one week earlier on 16 June.

But it took the ministry until the end of July and early August to produce an Executive Summary recommending the successful contractors.

Only four companies appear to have been invited to tender, but only two were successful - including Chinese company Nami Prefab, which was the successful bidder for most (if not all) pre-fab isolation units constructed in several towns during 2020.

Otjiwarongo 12-bed unit to Namizopol for N\$5.65-m

W/EP/1308PF-39/2021: Emergency procurement for construction of new 12-bed capacity prefabricated isolation unit at Otjiwarongo District Hospital. The successful bidder was recommended on 31-Jul-21.

All four offers received were found to be responsive. Their VAT

The Ministry of Health & Social Services awards contracts worth N\$22.6-m for prefabricated Covid-19 isolation units in four towns, after a one-week 'emergency procurement' tender took 5-6 weeks to be evaluated. Charmed Chinese contractor, Nami-Prefab and a newcomer to the lucrative business – Namizopol – each walk away with half the spoils.

inclusive prices were posted on the website as:

- * Namizopol Investment = N\$5,649,780.35 - corrected from N\$5,639,532.01 (most responsive bid)
- * Nami Prefabricated Housing = N\$5,972,238.65
- * Panel-to-Panel = N\$6,685,535.35 corrected from N\$6,641,696.20
- * Namib Prefab Buildings = N\$7,100,903.90 corrected from N\$7,085,512.25.

Okahandja 12-bed unit to Nami Prefab for N\$6-m

W/EP/1308PF-40/2021: Emergency procurement for construction of new 12-bed capacity prefabricated isolation unit at Okahandja District Hospital. The successful bidder was recommended on 02-Aug-21.

All four offers received were found to be responsive. Their VAT inclusive prices were posted on the website as:

- * Namizopol Investment = N\$5,726,691.66 - corrected from N\$5,724,632.01 (not considered - "refer to company's letter dd 13-Jul-21")
- * Nami Prefabricated Housing = N\$5,991,213.65 (best evaluated bid)
- * Panel-to-Panel = N\$6,651,290.65 corrected from N\$6,605,397.60
- * Namib Prefab Buildings = N\$7,124,843.68 corrected from N\$7,097,177.85.

Andara 12-bed unit to Namizopol for N\$5.67-m

W/EP/1308PF-41/2021: Emergency procurement for construction of new 12-bed capacity prefabricated isolation unit at Andara District Hospital. The successful bidder was recommended on 31-Jul-21.

Two of the three offers received were found to be responsive. Their VAT inclusive prices were posted on the website as:

- * Namizopol Investment = N\$5,654,856.91 - corrected from N\$5,668,569.51 (best evaluated bid)
- * Nami Prefabricated Housing = N\$6,233,267.95
- * Namib Prefab Buildings = N\$7,165,837.50 (did not attach BoQ document - not considered).

Karasburg 8-bed unit to Nami Prefab for N\$5.4-m

W/EP/1308PF-42/2021: Emergency procurement for construction of new 8-bed capacity prefabricated isolation unit at Karasburg District Hospital. The successful bidder was recommended on 30-Jul-21.

Three of the four offers received were found to be responsive. Their VAT inclusive prices were posted on the website as:

- * Namizopol Investment = N\$4,809,874.36 (not considered - "refer to company's letter dd 13-Jul-21")
- * Nami Prefabricated Housing = N\$5,432,863.35 (best evaluated bid)
- * Panel-to-Panel = N\$5,781,934.35 corrected from N\$5,734,143.80
- * Namib Prefab Buildings = N\$5,8335,620.75 (did not initial all pages - not considered).

Nami Prefab built Covid units in at least ten other towns

Bulletin 1365 reported that the MHSS had constructed similar Covid-19 facilities - most with twelve beds - in Windhoek, Rundu, Okongo, Oshakati, Opuwo and Keetmanshoop, while Gobabis and Mariental were also on the list and Nkurenkuru commenced in Sep-20.

No bidding or award details could be found on the MHSS website on these contracts. Most of these pre-fab facilities were most likely erected by the same contractor - by and large without competitive bidding and bypassing Namibia's public procurement system.

The favoured contractor is probably built the Chinese company Nami Prefabricated Building Solution (also known as Nami Prefabricated Housing), which has been operating in Namibia since 2011 from Swakopmund.

Chinese news agency Xinhua reported in November 2020 that Nami Prefabricated Housing built several Covid-19 prefabricated isolation facilities across Namibia, of which four were completed by July that year.

The pre-fabricated 24-bed facility for MHSS in Walvis Bay was built - without public tender - for N\$12-m by Nami Prefab.

Xinhua reported on 09-Apr-20 that the Namibian health minister had praised the speedy completion of a 12-room Covid-19 isolation facility built by Chinese firm Nami Prefabricated Housing cc at the Windhoek Central Hospital.

Nami Prefabricated Building Solution was awarded the contract for the 12-bed Covid-19 unit in Katima Mulilo for N\$5,768,081.45. When the tender closed on 02-Nov-20 the prices of eight bidders were more favourable than Nami Prefab, but they were found to be non-responsive, while another six companies were also rejected.

According to the executive summary dd 15-Nov-20, reasons for rejection included that the nature of business was not attached "hence the registration document is incomplete" or "lack of experience"

- a condition clearly favouring the Chinese contractor (*Bulletin* 1383).

Nami Prefabricated Housing was also awarded an 'Emergency Procurement' contract for the construction of a new 12-bed prefabricated isolation unit at Eenhana District Hospital, that had closed on 02-Nov-20.

According to the MHSS executive summary dated 19-Nov-20 for the Eenhana tender, the only responsive bid out of 13 offers was from Nami Prefabricated Housing, whose bid of N\$5,869,961.10 was accepted - the second highest offer (*Bulletin* 1379).

The only Covid-19 related works tenders publicly issued by the MHSS on its website last year were for Otjiwarongo and Eenhana:

An 8-day RFQ for renovation of the TB Ward to be used as isolation ward for Covid-19 cases at Otjiwarongo Hospital closing 28-Jul-20 (this seems to have been replaced by the 2021 emergency procurement tender);

On 22-Aug-20 MHSS issued a 6-day 'Emergency Procurement' tender for the erection of a new 12-bed pre-fab isolation unit at Eenhana District Hospital (including ancillary services, electrical/mechanical and sewer installation, and connection to medical gas), that closed on 28-Aug-20 - after a public holiday - and was re-issued in October (see 2021 award).

Justice ministry investigated for Nami Prefab's magistrates courts

Nami Prefabricated Housing is the same company that was hand-picked in 2018 by the justice ministry to construct six prefabricated courtrooms in different towns for N\$14-m under tender 'exemption', after the 2017 public tender W/ONB/16-01/2017 for this project was suddenly cancelled.

It seems that Ministry of Justice officials had selected Nami Prefab for the contract in 2018 without following proper procurement procedures.

Nami Prefab's letter of appointment by the ministry's procurement committee was signed by the executive director, his deputy and the director of central administration.

Allegations of corruption, favoritism and irregularities were being investigated by the finance ministry in mid-2020. No details have been made public since, however.

When the justice ministry announced the completion of the pre-fab courts in Grootfontein, Ondangwa, Rundu, Henties Bay, Otjiwarongo and Outjo in July 2020, also thanking an unnamed contractor, no company name or costs were disclosed (*Bulletin* 1364).

THE N\$5.5-M MEDICAL EMERGENCY AFRICA HOLI-DAY TENDER

10 SEPTEMBER 2021

Fifty-three offers were received for the supply and delivery of coveralls, medical masks and gloves, when emergency procurement quotation G/EP/1304VA-15/2021 closed at the Ministry of Health & Social Services in Windhoek at 11:00 on Wednesday 26-May-21 as part of the ministry's Covid-19 response.

This RFQ for five items did not have a reference number when it was posted on the MHSS website on 24-May-21 with a two-day notice period that included Africa Day on 25 May - a public holiday.

According to the Bid Executive Summary dated 09-Jun-21 that was posted on the MHSS website, 18 of the 53 bids received were found to be responsive. This award is only one of a handful of award notices posted on the MHSS website so far this year - from hundreds of tenders issued.

Seven companies awarded items totaling N\$5.5-m

But the summary lists only seven companies marked 'responsive' - mostly in terms of their pricing - that were awarded the listed items for VAT inclusive prices:

- * Alby de Trading was awarded N95 masks in packs of 20 for N\$2,495,000
- * Allybaba & Family was awarded 3-ply surgical masks in packs of 50 for N\$517,500
- * Cotton Family Investment was awarded coveralls M, XL, XXL, XXXL & XXXXL for a total of N\$630,000
- * Destiny Planner Investment was awarded examination gloves L for N\$465,750
- * Tia's Medical Supplies was awarded examination gloves M & XL in packs of 100 for a total of N\$600,000 excl. VAT
- * Performance Development Centre was awarded 3x sterile gloves in packs of 50 for a total of N\$741,750
- * Wandeuaya Investment was awarded coveralls L for N\$68,402; this company's total amount of N\$17,521,816.88 was the highest of the 53 offers.

* Ministry of Health & Social Services gives a rare glimpse into its Covid-19 emergency procurement, eliciting an amazing 53 offers for coveralls, masks and gloves worth N\$5.5-m in response to its two-day quotation that included a public holiday.

* Prices of seven firms from N\$56,373 to a N\$17.5-m total were evaluated, after the remaining 46 were rejected.

Eleven firms were too expensive or not to specs

The other eleven companies that were considered but not awarded any items were mostly rejected because they were "not the most responsive on any of the items in terms of pricing":

- * AGP Appolus Investment - price not competitive
- * Afrimed Investment - price not competitive
- * Bio Dynamics - coverall not Level III and N95 packing of 10 instead of 20
- * Black Forest Trading - price not competitive
- * M&H Trading Enterprise - price not competitive
- * Manic Medical Supplies - N95: "validation of one sample is not enough evidence for packaging", coveralls - no thumb loop
- * MG Medical Supplies - price not competitive
- * Novo Medial Supplies - price not competitive
- * One Arrow Pharma - price not competitive
- * Zeruka Trading - N95: "validation of one sample is not enough evidence for packaging"
- * ZSacky Investment - price not competitive.

Fifteen firms did not have time to find samples in one working day

Fifteen firms could not be evaluated, because they did not submit samples:

- * AF & Sons Investment

- * Erongomed / Agency
- * Explore Africa Investment
- * Fieveey Investment
- * Jovakuru Trading
- * LL Medical Supplies
- * Mutakaz Investment
- * Namib Supplies & Trading
- * Nampharm
- * Nghanhiza Investment
- * Omwiigo Trading Enterprises
- * Pontu Investment
- * Power Medical Supply
- * Taal Investment
- * Thaele Investment.

Twenty others rejected

The remaining 20 companies were rejected for other reasons:

- * Afribest Investment - no AA certificate; not in line with principal business
- * Compass Agencies - annexure not authenticated by BIPA
- * Glocal Trading - expired tax certificate
- * Histomas Investment - masks/N95: "validation of one sample is not enough evidence for packaging"; other items not to specs
- * Kadelta Medical Supplies - price not competitive
- * Kinetic Ovation Supplies - annexure not authenticated by BIPA
- * Knox & Daughter - expired tax certificate; AA certificate belongs to Vega Investment
- * Levere Investment - not in line with principal business

- * Mancunia Supplies - expired tax certificate
- * March Nine Investment - masks/N95: "validation of one sample is not enough evidence for packaging"; other items not to specs
- * Medlane Medical Supplies - expired tax certificate
- * Medline Industries - page 5 not completed
- * Multi Stone Investment - not in line with principal business
- * New Economic Empowerment - coveralls have no thumb loops
- * Orifice Investment - pages 7 & 8 not initiated
- * Track Contractors & Consultations - no SSC certificate
- * Tutemena Investment - price not competitive
- * Ubuntu - masks/N95: "validation of one sample is not enough evidence for packaging"; other items not to specs
- * Wetu Medial Supplies - page 7 correction not initiated
- * Windhoek Medical Solutions - surgical mask: "validation of one sample is not enough evidence for packaging".

N\$24.4M MEDICAL IMAGE ARCHIVING SYSTEMS

10 SEPTEMBER 2021

Two firms were awarded parts of an medical picture archiving tender that closed at the Ministry of Health & Social Services in May.

The ministry listed the award of this open national bidding tender amongst a handful of awards of tenders issued this year under, including 'Emergency Procurement' and 'Requests for Quotations'.

This is only a fraction of the over 300 bids the health ministry has issued this year, which the *Tender Bulletin* is aware of.

See separate reports on five emergency tenders for Covid-19 isolation facilities and medical supplies.

Tender G/ONB/1307TO-6/2021 for the supply, delivery, installation,

Only two of eight offers responsive

commissioning (including training), service and maintenance of picture archiving communications system and radiology information systems, as well as the necessary hardware at the referral hospitals in Windhoek Central Hospital, Intermediate Hospitals Katutura, Oshakati, Rundu and Onandjokwe closed 17-May-21.

This tender was advertised only in *New Era* of 09-Apr-21 with a closing date of 10-May-21, which was extended by a week in *New Era* of 06-May-21. This was a re-issue of tender G/ONB/1307TO-9/2020 closing 17-Nov-20, which was cancelled according to the MHSS website.

Eight offers were received of which only two were found to be responsive:

* Uni Medical Supplies = N\$19,266,342.15 or N\$24,396,420.09 incl. VAT with optional items (most responsive bid recommended for award)

* Namibia X-ray & Imaging Technologies = N\$21,320,259.85 or N\$26,837,524.40 with optional items.

The six non-responsive tenders were:

GRN DOMESTIC DEBT GROWS 20.8% TO N\$83.9-B

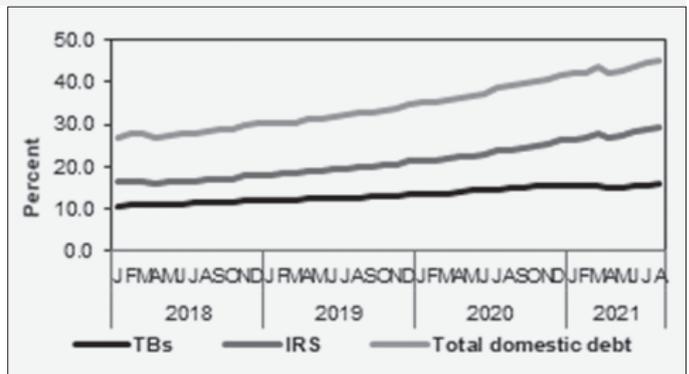

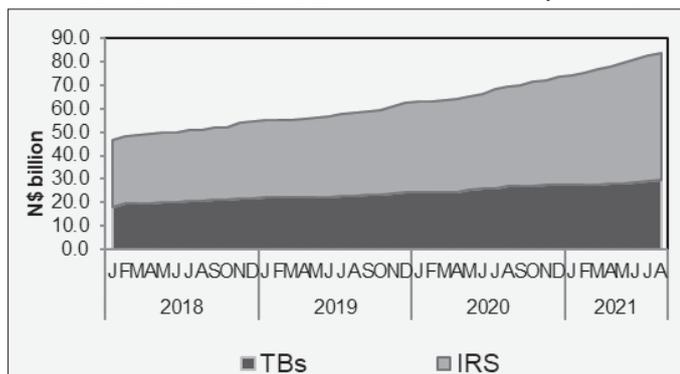

10 SEPTEMBER 2021

Namibia's domestic government debt increased to N\$83.9 billion during August, according to the Bank of Namibia's latest monthly report.

The increase was reflected in

Internal Registered Stock (IRS) and Treasury bills (TBs) issued, which rose by 1.2% and 1.0%, respectively to N\$54.4-b and N\$29.6-b.

On an annual basis, domestic debt increased by 20.8%, with

new IRS and T'bill issued rising by 27.3% and 10.5%, respectively.

As a percentage of GDP, domestic debt rose by 0.5 percentage point month-on-month to 44.6% and by 5.7 percentage

points year-on-year, reflecting increased ratios of both IRSs and TBs to GDP of 5.0 percentage points and 0.7 percentage point, respectively.

HEALTH MINISTRY'S N\$30-M ICT TENDER

10 SEPTEMBER 2021

Two firms were awarded parts of an ICT tender that closed at the Ministry of Health & Social Services in January.

The ministry listed the award of this open national bidding tender amongst a handful of awards of tenders issued this year under, including 'Emergency Procurement' and 'Requests for Quotations'.

This is only a fraction of the over 300 bids the health ministry has issued this year, of which the *Tender Bulletin* is aware.

See separate reports on five emergency tenders for Covid-19 isolation facilities and medical supplies.

Tender G/ONB/1312HI-11/2020 for the supply and delivery of computers, laptops, printers, scanners, LCD projectors and Microsoft Office software for a period of two years closed 18-Jan-21, after being advertised only in *New Era* on 16-Dec-20.

According to the undated executive summary, 21 offers were received, of which only three were awarded the items listed:

* Business Connexion Namibia =

Only three of 21 bidders were awarded some items

N\$9,255,395.50 (awarded items 2,3,4,5 & 6)

* Leni-In Investments = N\$9,776,021 (awarded Item 1 for N\$1,654,020 excl. VAT)

* Prime Innovative Technology = N\$10,341,490 (awarded Item 7 for N\$2,544,720 incl. VAT).

The remaining 18 bidders were not awarded any items, although four were found to be "most responsive". Others were disqualified for not tendering within their line of business and other reasons. The unsuccessful bidders include a few newcomers:

* Action Information Technology = N\$5,979,444.32 - prices are unreasonably below market value

* Dimension Data Namibia - year 1 = N\$6,717,739.13; year 2 = N\$4,035,061.41 - "most responsive"

* Seesky Investments = N\$7,145,812.50 - no letter of authorization from manufacturer

* Grans Information Technology - year 1 = N\$7,284,266.23; year 2 = N\$3,917,529.23 - not in line of

business principles which are fixing computers/printers, website and construction

* Exedin Trading Academy = N\$8,065,652.17 - did not initial several pages

* Living Hills Investments = N\$9,700,672 - not in line of business principles which are general trading, agriculture, farming renovation, property investment; no authorization letter and not all pages initialed

* Virtua Technologies = N\$10,063,236.85 - not in line of business principles, which are leasing exchange, house office premises, accommodation, real estate, furniture, equipment, wholesale, retail, im-/export [identical to Nashua, see below]

* XN Information Technology = N\$10,427,493.27 - "no answer on item 1; not comply with USB ports item [sic] 2 and 3,4,5&6"

* Green Enterprise Solutions = N\$11,045,973.10 - "did not answer on specifications"

* Insomnia Investments = N\$11,507,506.52 - "most responsive"

* Gadgets Namibia = \$11,841,562.90 - "most responsive"

* Prestige Computers = N\$11,863,079.97 - "not answer on item 4"

* Oblangata Technology Solutions = N\$12,105,576.55 - "did not answer on specifications"

* Nashua Namibia = N\$12,550,532.11 - not in line of business principles which are leasing exchange, house office premises, accommodation, real estate, furniture, equipment, wholesale, retail, im-/export [identical to Virtua, above]

* Vecion IT = N\$14,532,297.16 - expired AA certificate

* Rendezvous Investment - year 1 = N\$7,504,765.86; year 2 = N\$4,430,681.15 - "most responsive"

* Geekotech Investments - no price - "did not answer on specifications"

* G-Tech - year 1 = N\$7,499,945; year 2 = N\$4,297,025 - "not comply specifications; projection systems, keystone correction and no carry bag item 4"

POLICY & GOVERNANCE

10 SEPTEMBER 2021

The minister of Environment, Forestry & Tourism, Pohamba Shifeta, has seemingly hand-picked Sky Eye Hospitality & Tours as exclusive operator for the 4x4 shuttle service to visitors along a 5km offroad stretch to Sossus Vlei and Dead Valley inside the Namib Naukluft Park - without public tender.

The company was only formed in 2019 and is 75% owned by politically well-connected Laban Kandume, with Filemon Hasheela as 25% partner.

Six months after its registration, Sky Eye was awarded the 20-year concession (previously operated by Namibia Wildlife Resorts) after making an unsolicited proposal to MEFT.

MEFT Executive Director, Theo Nghitila, informed NWR MD, Matthias Ngwangwama on 07-Apr-20, that the NWR would no longer have the right to this shuttle service, since the concession was awarded to Sky Eye.

The ministry fully recognized the role NWR "plays in the current shuttling of passengers, hence the ... concession is awarded on condition that SEHT engages NWR to see how you can work together", read Nghitila's letter.

NWR had operated the four-wheel-drive shuttle for more than ten years, generating at least N\$10-m annually. According to informed sources, NWR could earn up to N\$1.5-m during a good month in high season - before the Covid-19 pandemic.

According to MEFT spokesperson Romeo Muyunda, the NWR was never granted the right to operate the concession. Others argue that NWR was given the right of refusal on all tourism concessions within national parks

HIJACK 4X4 AT SOSSUS VLEI

Tourism ministry hijacks Sossus Vlei's 4x4 shuttle service operated through Namibia Wildlife Resorts and gifts it to a comrade without going on tender

by former president Hifikepunye Pohamba.

Concession follows string of other tenders landed

But NWR's pleas to reconsider the ministry's unilateral decision fell on deaf ears. NWR is in a financially precarious position and has had to cut salaries and reduce staff because of revenue losses due to the pandemic.

According to informed sources, the NWR was not given access to Sky Eye's business plan or other information regarding their proposal, which reportedly includes a cable car and helium balloon trips.

Muyunda defended the ministry's award of the concession, based on the 'innovation and uniqueness' of Sky Eye's proposal.

The company's financial capacity to deliver was also considered, as well as the fact that "concessions are an important tool to enhance the economic empowerment of previously disadvantaged

Namibians and their entrance into the tourism industry".

Kandume's other company, Uundenge Investment, has been the recipient of several state contracts, such as tenders from the Ministry of Agriculture, Water & Forestry (*The Namibian* 31-Aug-21).

The *Tender Bulletin* is aware of several large contracts awarded to Uundenge Investment:

* bulk earthworks and services for the Windhoek Fresh Produce Hub to Uundenge Investment / Jianguo Zhengtai JV for N\$149-m under Tender Board

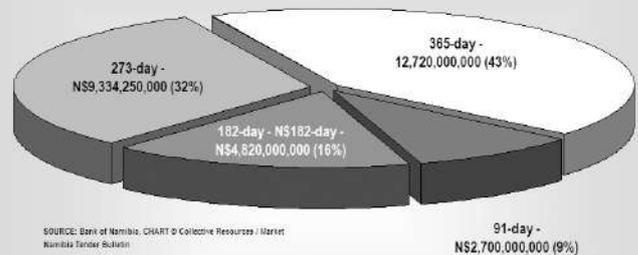

tender F1/18/1-24/2014 (*Bulletins* 1164, 1252);

* the new MAWF head office complex at the Government Office Park in Windhoek under NDC tender T28/2015 was awarded to Uundenge Investments / Jianguo Zhengtai Construction Group Namibia for N\$147.3-m (*Bulletins* 1126, 1192);

* the Ongwediva cold storage and meat processing facility for the MAWF under Tender Board tender F1/18/1-61/2014 was awarded to Uundenge Investments / Jianguo Zhengtai JV for N\$82.3-m (*Bulletin* 1125).

OHANGWENA SECURITY TENDER TO COURT OVER ALLEGED COLLUSION

10 SEPTEMBER 2021

A second security tender award is being challenged in the High Court, according to papers filed on behalf of Nahole Security & Debts Collection Service.

The company launched an urgent court application to set aside the award of an RC Ohangwena tender for security services under bid NCS/ONB/OHRC10-12/2021/2023 and direct the Review Panel to refer the matter to the Procurement Policy Unit to investigate alleged collusion between two entities in terms of Section 7(2)(a) of the Public Procurement Act 15 of 2015.

The tender closed on 10-May-21.

A notice by Ndaitwah Legal Practitioners published in *The Namibian* on 17-Aug-21, cites the Chairperson of the Review Panel, the Review Panel itself, the Ohangwena Regional Council and its Chief Regional Officer, the Ministry of Finance's Procurement Policy Unit and the ministers

of Finance and Urban & Rural Development as respondents 1 to 6 plus 24 security companies, who had presumably participated in the bid.

The 30 respondents had five days to state their intent to oppose the application and deliver their answering affidavits within 14 days (respondents 7 - 30) or 21 days (respondents 1 - 6).

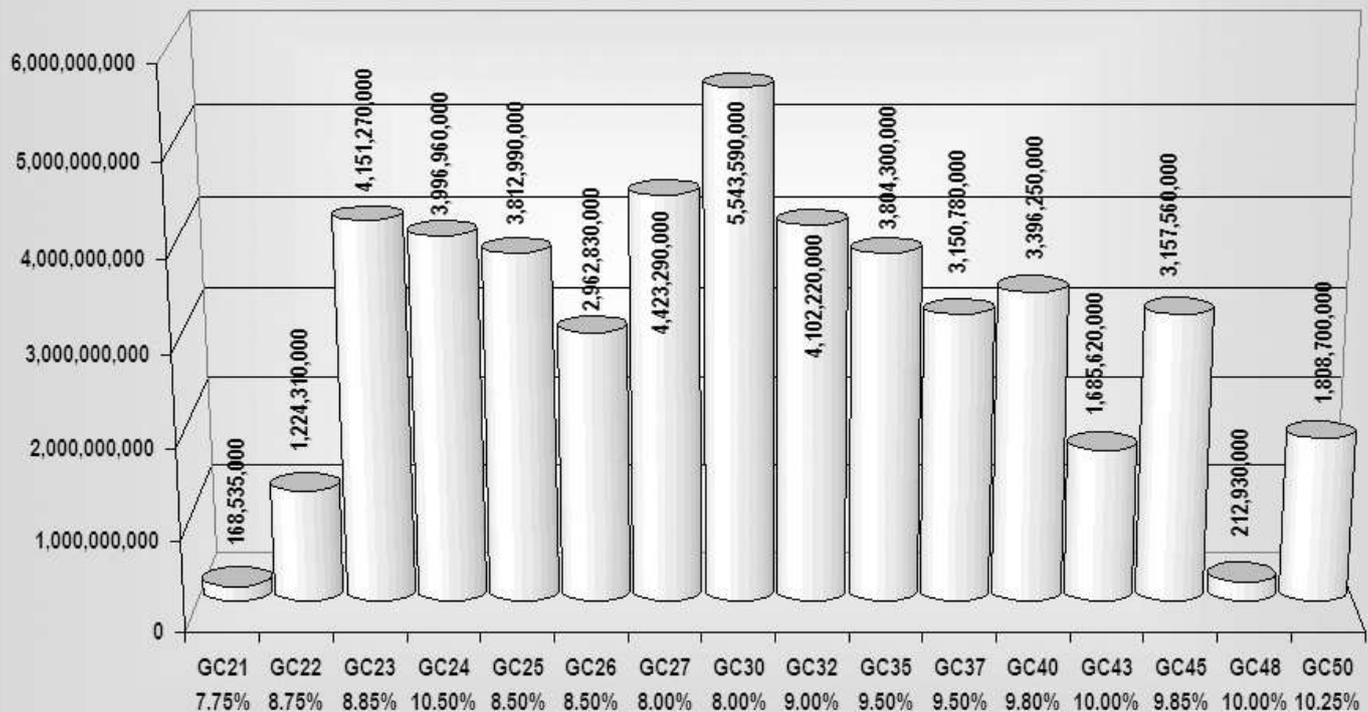

The matter would then be moved under case no. HC-MD-CV-MOT-REV-2021/00327 to the High Court on 15-Oct-21 to set aside the award dated 16-Jul-21 and declare the procurement process null and void.

The affidavit of Sem Nuukongo Tuhadeleni Shilimela will be used in support of the application, the notice states.

The last such urgent High Court challenge was by Bertha Security Services against the Central Procurement Board, the Review Panel, GRN and 80 tenderers over the health ministry's N\$220-m security tender under bid NCS/ONB/CPBN-05/2019, also filed by Ndaitwah Legal Practitioners (*Bulletin 1407*).

DESCRIPTION: Request for expressions of interest (individual consultant): Expression of interest for technical assistant/adviser (advisory project management) - Transport Infrastructure Improvement Project. Transport Sector. AfDB financing agreement reference: 2000200002004. Project ID No. P-NA-DZ0-001. The Government of the Republic of Namibia has received financing from the African Development Bank towards the cost of the Transport Infrastructure Improvement Project and intends to apply part of the agreed amount for this loan to payments under the contract for such consultancy services. The services included are the support to the MWT, as the executing agency of the project, in the management of the project. The consultant will be engaged as a technical assistant for advisory/project management to support MWT on a day-to-day basis over a period of 15 months. The project encompasses two main interventions: (i) upgrade of the Walvis Bay - Tsumeb railway line (Walvis Bay - Kranzberg Section); (ii) upgrade of Windhoek to Hosea Kutako International Airport Road - Section 2A. The TA will primarily support the ministry in the management of the infrastructure projects on a full-time contractual basis for 15 months. MWT invites eligible individual consultants to indicate their interest in providing these services by submitting information indicating that they are qualified to perform the services. Provide a comprehensive CV clearly indicating their qualifications, demonstration of appropriate skills and experience in similar assignments with particular reference to rail infrastructure projects; also indicate experience working in similar conditions. **ELIGIBILITY** criteria, establishment of the short list and the selection procedure will be in accordance with the AfDB's 'Procurement Framework for Bank Group-funded Operations' dated Oct-15, which is available on the bank's website (www.afdb.org). **SUBMIT** EOI delivered to MWT and marked 'Expression of Interest for Technical Assistant/Adviser (Advisory/Project Management) - Transport Infrastructure Improvement Project'. DESCRIPTION: Conduct Strategic Environmental Assessment (SEA) of the Integrated Regional Land Use Plans (IRLUP) for Oshikoto Region. MAWLR invites EOIs from competent legally registered companies and close corporations, requesting to conduct the SEA for the IRLUP for Oshikoto Region. **OBJECTIVES** of the consultancy: Conduct SEA of the Oshikoto IRLUP in order to receive an environmental clearance certificate (ECC) for the IRLUP from the Ministry of Environment, Forestry & Tourism. The consultants are expected: (a) to conduct SEA of the IRLUP in such a way that it complies with all relevant laws and regulations on Environmental Impact Assessment (e.g. Environmental Management Act 2007 and its regulations) to receive an ECC; (b) to assess the land-use scenarios proposed in the draft IRLUP, including an assessment of conflicting scenarios, and support the development of viable and sustainable alternatives, if necessary and appropriate; (c) to identify key issues with relevance to sustainability (environmental, social and economic aspects) in the region and consider them in the IRLUP; (d) to support LUPA in the whole process organisation of the SEA in close co-operation with the consultants commissioned with the IRLUP support. **SCOPE:** A synchronised start of the SEA can inform the land-use planning process by providing an overview of the present status of eco-systems, their services and stakeholders. Over-exploited eco-systems services represent a development constraint and a task for land-use planning to consider potential measures to address this over-exploitation. Under-exploited eco-system services represent a development opportunity that can be elaborated in the land-use planning process. A spatial approach to eco-system services assessment provides information on the regional distribution of constraints and opportunities. Information on physical (e.g. seasonal labour migration), processes provides linkages to outside areas. This service tender will be guided by the July 2021 terms of reference obtainable at the Dept of Land Reform. The tender procedure is National Competitive Bidding. **NOTE** the following important statement: Consultants are required to abide to the minimum administrative compliance requirements which are mandatory, as well as to the criteria as set out in the terms of reference

REFERENCE: SC/RP/37-02/2021; **CLOSING:** 11-Oct-21 time not stated

DESCRIPTION: Develop Integrated Regional Land Use Plan (IRLUP) for Oshikoto Region. MAWLR invites EOIs from competent legally registered companies and close corporations, requesting to develop the IRLUP for Oshikoto Region. **OBJECTIVES:** Main objective of the consultation process is to produce an IRLUP through a process which ensures the consideration of sector plans and the involvement of civic society. The integrative process will create ownership among the numerous stakeholders on national, regional and local levels. The implementation of the plan will contribute to the development of the region. A specific objective is to work out solutions for existing conflicting and overlapping land uses with regards to, but not restricted to, agricultural development, conservancies, state/community forests and crop/animal husbandry in the region. The land-use planning process will address land issues and suggest possible solutions in the IRLUPs. This objective requires close collaboration between the consultant and other stakeholders as well as with the Strategic Environmental Assessment (SEA) consultant and the facilitation of a consensus-finding process. During IRLUP, critical and promising areas within the region will be identified and addressed in the planning process. Critical areas are, for instance, areas with conflicting land uses, overlapping land use allocations or sector projects, which are contradicting to other projects or development potentials. The ecosystem services assessment implemented by the SEA team may also reveal overexploited ecosystem services that constrain opportunities for development. A zonation of the region will delineate areas with similar development potentials and formulate future land-use options through a consensus finding process with all relevant stakeholders and decision makers. The land-use options which come out of the participatory land-use planning (PLUP) workshops will be cross-checked during the Focal Group Discussions. This service tender will be guided by the July 2021 terms of reference available at the Dept of Land Reform. The tender procedure is National Competitive Bidding. **NOTE** the following important statement: Consultants are required to abide to the minimum administrative compliance requirements which are mandatory, as well as to the criteria as set out in the terms of reference.

MANAGEMENT & CONSULTING

REFERENCE: NIPDB 1413 - facilitators; **CLOSING:** 25-Sep-21 17:00

DESCRIPTION: Call for expressions of interest: Programme Facilitators (design and development facilitation, mentorship and coaching). The Micro, Small and Medium Enterprises (MSME) Development Division of the NIPDB is mandated to provide targeted support for the development and scalability of the Namibian MSME sector. The division's initiatives are informed by four strategic pillars: Funding, Ideation, Incubation and Market Access. As such, the division strives to partner with local experts in its MSME capacitating efforts. NIPDB invites Namibian skills capacity building service providers to submit their interest to facilitate the following programmes: Programme 1 - 3 to 5 day national ideation apprenticeship which fast tracks Namibian start-ups from idea to viable business case. Programme 2 - 2 day capacity building programme that offers participants the opportunity to gain practical skills in starting up and operating a small-scale agricultural business. Programme 3 - 3 to 5 day programme aimed at capacitating and supporting Namibian female entrepreneurs to start and/or up-scale their technology related businesses. The programme also caters for established female owned businesses that intend to transition their operations to technology-based functionalities or to operate online business. The various programmes will be run across the nation, where need exists or arises. Therefore, registered service providers that are operating within any of our 14 regions are encouraged to respond to the call. Only short listed facilitators will be contacted for panel presentation (details about the presentation will be provided to short listed service providers). The NIPDB will enter into a 12 months Service Level Agreement (SLA) with the successful service providers.

DESCRIPTION: Consultancy advert. Tender name - Dissemination of RSAP V: Design and production of information products. Project name: Transboundary Water Management V. Country: Botswana. The German International Cooperation (GIZ) supports the Water Division through its programme TWM V (Transboundary Water Management). The objective of this programme is to support the management of shared water courses in the region by promoting the effective implementation of the SADC Regional Strategic Action Plan on Integrated Water Resources Development and Management (RSAP). Popularizing RSAP V will be a long-term task that includes continued media coverage (local, regional, and continental) that ensures communication is current. As a starting point, the SADC Water Division, with the support from the GIZ programme 'Transboundary Water Management in the SADC region' (TWM), intends to produce and disseminate a range of information products to selected stakeholders. The target audience includes, amongst others, senior officials of national government ministries and authorities, civil society and private sector bodies in SADC member states as well as representatives of regional organisations and ICPs active in the SADC water sector. Information products shall be disseminated electronically (online) as well as through the distribution of hard copies: (1) electronic versions (PDF files); (2) animated videos; (3) hard copies (print) in English, French and Portuguese. Therefore, the SADC/GIZ-TWM project invites a[n] SADC-based service provider (registered company in one of the 16 SADC member states) to apply for the assignment. The selected service provider will enter [into] a contract with GIZ. Kindly submit your bid comprising (i) a technical offer and (ii) price offer by email submission at BW_Quotation@giz.de. Please note that tender bids received after the time and date will not be accepted.

CONTACT: GIZ + SADC; see below for details on further information, documentation, enquiries and bids;
