NAMIBIA'S CENTRAL GOVERNMENT HAS SLASHED ITS EXPENDITURE ON NATIONAL EDUCATION
INFRASTRUCTURE FROM LAST YEAR'S N\$1.1-B BY ALMOST TWO THIRDS IN 2021/22 - BY FAR THE
DEEPEST CUT, COMPARED TO REDUCTIONS OF ONLY 9.5% FOR ITS SECURITY APPARATUS AND 23%
FOR ITS ADMINISTRATIVE CLUSTER. AS A RESULT, THE SECURITY CLUSTER'S N\$735-M DEVELOPMENT
BUDGET NOW EXCEEDS EDUCATION'S N\$475-M BY A THIRD - PAGE 2

In partnership NamWater, three Namibian contractors - Radial Truss Industries, Imperative Construction Engineering and Brumar Construction - are rebuilding the first 5.8km stretch of the 150km Calueque-Oshakati Canal, to be rehabilitated at a cost of US\$6.4m. Namibia's agriculture minister, Calle Schlettwein, said the stretch to be rebuilt had been vandalised by local communities to such an extent that it no longer delivers sufficient water to towns such as Oshakati (<https://pumps-africa.com>), where planning for a second purification plant is underway by an Indian joint venture.

This is the sixth consecutive year that there are no new projects for classroom or school construction on the Namibian central government's development budget – only ongoing construction of new schools or renovations to old schools.

State schools

21 JANUARY 2022
 Namibia's central government has slashed its capital expenditure on national education infrastructure from last year's N\$1.1-b by almost two-thirds in 2021/22 – by far the deepest cut, compared to reductions of only 9.5% for its security apparatus and 23% for its administrative cluster. As a result, the security cluster's N\$735-m development budget now exceeds education's N\$475-m by a third.

And despite a 1.4% decrease in the education cluster's capital projects budget from N\$482-m to N\$475.2-m midyear, its share of the N\$5.2-b lowered national development budget rose marginally to 9% from 8.75% of the N\$5.5-b voted at the beginning of the year.

But this is still lower than security's 14% share of the post-midyear development total, which rose from 13.3% at the beginning of the year.

The N\$280-m midyear downgrade in the overall development budget was accompanied the usual increase in allocations to the operational budget, where the security cluster again benefited more than the education sector.

The midyear operational budget

As noted in *Bulletin 1422*, almost the entire N\$280-m midyear cutback in the development budget was reallocated to operational expenditure, where the Ministry of Defence & Veterans Affairs received the biggest, N\$477-m, slice of N\$2.2-b additional reallocations to the operational budget, N\$458-m of which was allocated "to meet the funding shortfall on personnel expenditure and N\$19.1-m for veterans expenditure".

The Defence & Veterans Affairs ministry's additional midyear N\$477-m top-up in operational expenditure accounts for 21.7% of the additional N\$2.2-b operational spending supplement and 11.5% of the higher N\$56-b operational budget, compared to a lesser 11% of

overall N\$54-b operational expenditure at the beginning of the year.

The Defence & Veterans Affairs ministry's additional midyear N\$477-m boost increased its original operational budget from N\$5.98-m to N\$6.457-m – an 8% increase that is double the 4.09% increase in overall operational expenditure after midyear and almost treble the education ministry's 3% operational budget boost from N\$13.37-b to N\$13.77-b.

While the midyear increase in the operational budget saw Defence and Veterans Affairs increase its share from 11% to 11.5%, the education ministry's share fell from 24.8% of N\$54-b at the beginning of the year to 24.5% of N\$56.2-b after midyear.

As we noted in *Bulletin 1426*, the operational budget of the Ministry of Education, Arts & Culture was increased midyear by N\$400-m or 3% from N\$13.37-b to N\$13.77-b – far less than the 8% increase in the operational ceiling of the Ministry of Defence & Veterans Affairs from N\$5.98-b to N\$6.457-b.

The education ministry's increased midyear operational allocation lowered its relative share of the operational budget from 24.8% at the beginning of the year to 24.5% – compared to the increase enjoyed by the Ministry of Defence & Veterans Affairs from 11% at the beginning of the year to 11.5% after midyear.

The N\$7.7-b original operational budget of the Ministry of Health & Social Services at the beginning of 2021/22 was also increased by N\$400-m (identical to that of Education) or 5.2% to N\$8-b.

This increased its share of operational expenditure from 14.3% of N\$54-b at the beginning of the year marginally to 14.46% of the midyear revised N\$56-b overall operational budget.

The midyear development budget in 2021/22

Not only did the security cluster as a whole benefit most from the midyear operational budget reallocations, it did so too in the case of revisions to development expenditure ceilings, where the security sector was the only one to walk away with a higher development budget after midyear – in addition to scoring the biggest slice of the additional N\$2.2-b allocated to the operational budget after midyear.

The security cluster retained its second-biggest share of national development expenditure after November's midyear budget revisions that saw allocations for capital projects reduced from N\$5.5-b by N\$280-m or 5.08% to N\$5.2-b and operational expenditure increased by N\$2.2-b or 4.09% from N\$54-b to N\$56-b.

Within the security cluster, defence's development budget was trimmed marginally, however, by N\$2.5-m or 0.83% from N\$300.9-m voted at the beginning of the year to N\$298.4-m, which certainly does not offset its generous boost in operational spending.

The security cluster's second-biggest share of the development budget increased from 13.33% at the beginning of 2021/22 to 14.07% after midyear.

All N\$11-m re-allocated back to the development budget midyear went to another vote in the security cluster – the Ministry of Home Affairs, Immigration, Safety & Security – to complete its N\$800-m new head office.

In third place, the education cluster's development budget was cut back by 1.4% to N\$475.2-m midyear – leaving it over one-third short (35.4%) of the security cluster's N\$735.2-m development allocation and contributing 2.4% to the overall N\$280-m reduction in voted development expenditure, compared to security's 0.54% gain.

In fourth place, the health and welfare cluster's development budget was reduced midyear by the most – 16% or N\$330-m, lowering its share of the revised development budget from 7.13% to 6.3% and contributing 22.5% of the N\$280-m reduction in the development budget as a whole, (compared to security's 0.54% gain).

The health and welfare cluster's development ceiling suffered a N\$63-

m or 16% midyear cutback (the highest) from N\$392.8-m to N\$330-m, its share of voted development expenditure falling from over 7% at the beginning of the year to 6.3%.

The health and welfare cluster's 16% cutback in its development budget to N\$330-m reduced it to less than half the security cluster's N\$735-m, which is now one-third more than education's N\$475-m.

The economic cluster's midyear development budget was reduced by 5% to N\$3.4-b, accounting for over two thirds of the total N\$280-m reduction in the development budget, but still accounting for over 65% of the total.

Ranked fifth and last, the administrative cluster's development budget was reduced midyear by 9.37% N\$250.4-m, its share of all voted development expenditure falling marginally to 4.8% and contributing 9.26% to the N\$280-m midyear reduction in the development budget – well below health and welfare's 22.5%.

Revised development expenditure in 2020/21

Although the ranking of the five clusters at the beginning of 2021/22 was the same as after midyear (with education behind security), the education cluster had the second-biggest share of the development budget in 2020/21, with N\$1.1-b revised expenditure accounting for 17.58% of the N\$6.456-b total, compared to security's N\$813-m accounting for 12.6% in third place.

However, the education cluster's N\$482-m development allocation at the beginning of 2021/22 was less than half last year, following a 57.5% or N\$652.8-m reduction on the previous year, whereas the security cluster's N\$733.7-m voted at the beginning of this year was only 9.75% or N\$79.3-m less than 2020/21's revised N\$813-m.

The health and welfare cluster was far worse off in 2020/21, with the lowest revised development expenditure of all five clusters – behind the administrative cluster which it overtook this year – both

STATE REVENUE FUND: All amounts are inside the State Revenue Fund. Amounts for votes marked * exclude additional foreign funding outside the State Revenue Fund in 2021/22 and last year (2020/21): Vote 10 - N\$350-m (N\$350-m); Vote 18 - N\$53.998-m (N\$53.998-m); Vote 24 - N\$779.939-m (N\$1,055,054,000); Vote 37 - N\$272.48-m (N\$244.658-m); Vote 38 - N\$22.399-m (N\$45.248-m). This additional development funding outside the SRF totals N\$1,478,816,000 in 2021/22 (N\$1,748,958,000 last year), according to the NPC. This raises the total development budget to N\$7,031,338,000 in 2021/22. In addition, the development allocation for Vote 17 is N\$5.7-m less than the N\$580.818-m listed in the NPC's development budget at the beginning of the year.

MIDYEAR REVISIONS: The development budget for 2021/22 was revised downward from N\$5.5-b to N\$5.2-b, with a realized saving of N\$290.8-m, of which N\$11-m was re-allocated back to Development Budget - all to Vote 39 - and the remaining N\$279.8-m was reallocated to the operational budget "to cater for critical needs", according to the Ministry of Finance's midyear budget document.

MIDYEAR DISCREPANCIES: There are discrepancies for four votes between their original allocations for 2021/22 as stated in the main budget and their original allocations as stated in the midyear budget: Vote 27 - N\$15.429-m in the main budget but N\$13.429-m according to the midyear budget (N\$2-m less); Vote 31 - N\$10-m in the main budget but N\$9-m in the midyear budget (N\$1-m less); Vote 37 - N\$392.426-m in the main budget, but N\$347.772-m in the midyear budget (N\$44.65-m less); Vote 38 - N\$264.603-m in the main budget, but N\$259.929-m in the midyear budget (N\$4.67-m less). The inside SRF development total of N\$5.505-b at the beginning of 2021/22 according to the midyear budget document is therefore N\$2.028-m less than the N\$5.5575-b according to the main budget book at the beginning of the year. This is either due to errors in data capture or misallocations not clarified in the midyear budget statement.

undercapitalised

before and after midyear.

Its N\$266.6-m revised development expenditure in 2020/21 accounting for 4% of the N\$6.456-b total was below the administration cluster's N\$320.76-m in fourth place, accounting for 4.97%.

This was followed by a 13.86% or N\$44.45-m reduction to N\$276.3-m at the beginning of 2021/22 for the administrative cluster in contrast to health and welfare's 47.3% or N\$126.2-m increase to N\$392.8-m at the beginning of this year.

* The health and welfare cluster had the smallest share of the 2020/21 development budget, also suffering the biggest, 16.45% or N\$52.5-m cutback at midyear from N\$319-m voted at the beginning of the year to N\$266.6-m.

Its share of the development budget fell from 4.98% of N\$6.4-b at the beginning of 2020/21 to 4.1% of the midyear revised N\$6.5-b.

Its share of the social sector (including education) fell dramatically from 24.6% (of N\$1.3-b) to 18.3% (of N\$1.455-b) as a result of the education cluster's good fortune.

* The administrative cluster had the fourth biggest (second lowest out of five) share of the 2020/21 development budget, with N\$320.76-m of the N\$6.5-b midyear revised domestically-funded total development budget.

Its N\$344.26-m for development projects at the beginning of the year accounted for 5.37% of the initial N\$6.4-b overall development expenditure.

Following a N\$23.5-m or 6.8% cutback at midyear – the second biggest reduction after health/welfare – the administrative clusters' share of the N\$6.5-b adjusted development budget fell to 4.9%.

* With N\$3.9-b, the economic cluster accounted for 60.7% of last year's N\$6.456-b revised development expenditure, before falling 7.65% or N\$300-m to N\$3.6-m at the beginning of 2021/22 – although accounting for a higher 65.77% of the lowered development total.

At the time of 2020/21's midyear revisions, the economic cluster had N\$3.92-b for capital development projects (excluding foreign funding).

It started the year with N\$3.927-b, reduced by 0.17% or N\$6.5-m midyear in October 2020, resulting in the economic cluster's share of the domestically-funded development budget declining marginally from 61.27% of N\$6.4-b at the beginning of the year to 60.23% of N\$6.5-b after midyear. This excluded N\$1.8-b in external funding to three of its votes, however.

The 2019/20 development budget

The initial astronomical midyear N\$1-b cutback in the national development budget from N\$7.9-b to N\$6.9-b excluding foreign funding in 2019/20 turned out to be far worse in terms of actual expenditure, which amounted to only N\$5.7-m.

According to the 2021/22 budget book, 2019/20's actual development expenditure turned out at N\$5.7-b – over N\$1-b below the N\$6.9-b to which it was already reduced at the time of that year's midterm cutback.

This means 2019/20's actual development expenditure (excluding foreign inputs) of N\$5.7-b was N\$2.2-b or 28% below what had initially been voted at the beginning of that year.

Comparing clusters in terms of midyear revised and actual 2019/20 development expenditure, this once more demonstrated the government's

typically shrewd bias in downscaling more project funds in the economic, education and welfare clusters in favour of their administrative and security counterparts.

* Although the security cluster's second-biggest share of development spending before and after 2019/20's midyear revisions was smaller than the economic cluster, the security cluster's mild midyear reduction was far more favourable than that of the former – aside from steeper reductions for the education and health/welfare sectors.

With a revised development budget of N\$1.3-b for 2019/20 in second place, the security cluster's 18.37% share of the N\$6.9-b revised total was higher than its 17.25% share of 2019/20's original N\$7.9-b total, despite a moderate 6.98% or N\$95.255-m reduction in its voted allocation midyear.

Although the security cluster's N\$1-b actual development expenditure in 2019/20 turned out to be less than N\$1.27-b revised midyear estimated, it still accounted for 18.69% of N\$5.7-b in second place.

This is despite it being the only one of the five clusters with a reduced development expenditure ceiling of N\$813-m in 2020/21 compared to 2019/20's actual N\$1.065-b – a 23.7% or N\$252.6-m reduction.

But the security cluster's 6.98% reduction in its development allocation midyear 2019/20 from N\$1.36-b to N\$1.279-b was the second lowest, contributing only 9.5% to the overall development budget reduction of N\$1-b.

* The economic cluster's actual N\$3.6-b development expenditure was over 27% below its original N\$4.965-b allocation, contributing the biggest, 62% to the overall N\$2.2-b reduction in actual expenditure, but still accounting for 63% of the lowered total.

Midyear in 2019/20, the economic cluster suffered a 10.63% midyear reduction on its original N\$4.965-b development allocation, contributing the biggest, 52.8% share of the overall N\$1-b development cutback.

The economic cluster's revised N\$3.9-b development expenditure in 2020/21 was N\$305-m or 8.4% higher than 2019/20's actual N\$3.6-b.

* The health and welfare cluster's actual development expenditure of N\$192.4-m in 2019/20 was even lower than the N\$276-m to which it had been cut midyear, accounting for 38% of the N\$2.2-b overall reduction, leaving it with the lowest, 3.4% share of the N\$5.7-b total.

In 2019/20's N\$1-b midyear cutbacks, the health and welfare cluster's development budget was slashed by the most of all – 43.3% to N\$275.989-m, contributing 21% to the N\$1-b overall cutback.

Health and welfare's revised 2020/21 N\$266.6-m development allocation was 38.5% or N\$74-m more than its actual N\$192.4-m expenditure in 2019/20.

* The education cluster's N\$593-m actual development expenditure in 2019/20 turned out higher than its revised N\$566.4-m midyear development budget, with a 10.4% share of the total in third place – but still behind the security cluster.

Midyear in 2019/20, the education cluster's revised N\$566.4-m development budget was already 19.8% less than its N\$706.5-m initially voted, contributing 14% to the N\$1-b overall reduction.

The education cluster's revised N\$266.6-m allocation in 2020/21 was a generous N\$74-m or 38.5% more

Only two of Vote 10's educational facilities construction projects underway in 2021/22 involve new schools initiated in previous years (a repeat of last year), compared to 11 out of 2019/20's 31 projects.

than its actual N\$192.4-m 2019/20 expenditure.

* Ahead of education in second-last place in terms of actual expenditure in 2019/20, the administrative cluster's N\$233-m was considerably lower than its revised development allocation of N\$358.5-m at midyear and accounted for 4% of the N\$5.7-b total.

The administrative cluster's mid-year revised development budget of N\$358.5-m in 2019/20 was 6.76% less than its initial N\$384.5-m, contributing 2.6% to the overall N\$1-b development budget cutback – the least.

This cluster's revised N\$320.76-m 2020/21 development allocation was N\$87.76-m or 37.7% more than its N\$233-m actual expenditure in 2019/20.

Development in the education cluster in 2021/22

Prior to this year's 59% downgraded development budget for the education cluster from N\$1.1-b revised expenditure in 2020/21 to only N\$475-m after midyear, its allocation for capital projects had been more than doubled at the beginning of 2020/21, after years of serial neglect.

But there are still no new construction projects on its agenda, which remains largely directed at refurbishing dilapidated schools or continuing with ongoing projects.

Already at the beginning of 2020/21, the education cluster's development budget was increased by 89.89% or N\$470.6-m to N\$994.2-m from 2019/20's revised N\$523.567-m, before being boosted by a further 19.56% or N\$194.5-m to N\$1.2-b in October's mid-year revisions – a combined increment of 109.45% or N\$665-m on 2019/20.

And this excluded a N\$350-m tranche of the African Development Bank's N\$1.2-b ETQIP (Education & Training Quality Improvement Project) loan to Namibia's education sector at the beginning of 2020/21, that is channelled outside the State Revenue Fund, raising this year's total allocation to the education sector to N\$1.55-b.

This N\$350-m in foreign funding represents a 23.7% increase on 2019/20's N\$283-m deployed from the EQTIP loan – well below the 110% growth in domestic funding for educational projects – to the government's credit.

But this has been undone in 2021/22, with the cluster's development ceiling almost 60% below last year, when it received a midyear boost in project funding on education infrastructure from the reallocation of N\$100-m from other votes for the Covid-19 response programme at schools, together with N\$100-m redirected from the operational budget.

In addition, there is another N\$350-m tranche from the AfDB's ETQIP loan that is being rolled out in 2021/22 – none of it for new schools, however.

Still no new schools

This is the sixth consecutive year that there are no new projects for classroom or school construction on the Namibian central government's development budget – only ongoing construction of new schools or renovations to old schools in the development programme for the Education, Arts & Culture Vote.

In a repeat of last year, of Vote 10's 32 projects under implementation in 2021/22 (27 last year and 39 in 2019/20), all but one relates to ongoing construction, renovations and upgrades at basic educational institutions.

The remaining project is for ongoing works at the Eenhana Heroes Memorial, which is of little benefit to school learners.

Only two of Vote 10's educational facilities construction projects underway in 2021/22 involve new schools initiated in previous years (a repeat of last year), compared to 11 out of 2019/20's 31 projects.

In 2018/19, twenty of Vote 10's 33 projects involved construction, renovations and improvements at public schools and hostels, of which only five were at new institutions – all ongoing projects initiated previously, however.

Of the twenty school construction or upgrading projects, eighteen were scaled back midyear in 2018/19, with

The Education, Arts & Culture vote has an additional N\$350-m in 2021/22 from the African Development Bank's N\$1.2-b Education & Training Quality Improvement Project loan.

The increasing role of the AfDB's N\$1.2-b ETQIP loan to the education cluster was highlighted by 2018/19's midyear revisions when 18 of 20 school construction projects were scaled back midyear by 85% to only N\$45-m - hot on the heels of the N\$1.2-b AfDB ETQIP loan.

FROM PREVIOUS PAGE

a combined total of N\$156.5-m at the beginning of the year, reduced by N\$132.58-m or 85% midyear to a lower collective ceiling of only N\$44.9-m for the remainder of the year.

It is noteworthy that only four of these eighteen school construction projects scaled back in 2018/19 were in the 'four O' regions.

The identity and location of 2019/20's projects scaled back remain undisclosed, as has been the case since.

The backlog that keeps growing

Eight years ago, Namibia had a backlog of over fifty schools to add to its existing 1,600 public schools to accommodate a scholar population of over 600,000.

At an average of N\$80 million per school, according to the education ministry at the time, a conservatively estimated N\$5-b was therefore needed to be invested in new schools and classrooms - eight years ago.

At the time of 2019/20's devastating midyear budget cutback for educational projects, the *Tender Bulletin* projected that, including the N\$283-m AfDB loan portion deployed that year, Education, Art & Culture's entire reduced N\$800-m midyear budget would therefore - optimistically - take at least seven years to make up the backlog of seven years ago - at the time.

And this was not counting the 3% growth in scholar numbers annually and the higher-than-inflation rate at which building costs are escalating.

"Government is therefore way behind the curve in providing schools infrastructure - a necessary condition for an educated nation and a knowledge-based economy" (*Bulletin 1330*).

Education's N\$1.2-b AfDB loan

Within the education cluster, the Education, Arts & Culture vote has an additional N\$350-m in 2021/22 (the same last year, N\$282.856-m in 2019/20) funded through foreign loans and grants outside the State Revenue Fund.

This is from the African Development Bank's N\$1.2-b ETQIP loan, to which the Namibian government contributes N\$300-m to the Education & Training

Quality Improvement Project.

The increasing role of the AfDB's N\$1.2-b ETQIP loan to the education cluster was highlighted by 2018/19's midyear revisions when 18 of 20 school construction projects on Namibia's development programme were scaled back midyear by 85% to only N\$45-m - hot on the heels of the N\$1-b AfDB ETQIP loan that includes eleven other school construction projects.

The AfDB loan covers the construction/upgrade of eleven schools, three vocational training centres and three educational institutions. Eight of these eleven school construction projects are in the 'four O' regions.

This year's projects in the education cluster

The education cluster's three votes have 45 projects under implementation in 2021/22, a welcome increase on 38 projects last year, which is significantly fewer than 2019/20's 47, compared to 41 in 2018/19, 29 or 71% of which were scaled back midyear in 2018/19.

This was far short of 67 projects in 2017/18 and 87 in 2016/17 - of which 70 were either suspended completely or scaled back midyear in October 2016.

Prior to the devastating midyear revisions in fiscal 2016 and 2017, education had the highest number of projects in the development budget - 83, dropping to third place in 2016 with the same number of projects before receding to fifth place in 2019/20 and second-last place in 2020/21 - ahead of only the administrative cluster and less than the security cluster's 51 projects.

The number of projects scaled back midyear in 2019/20 and since remains undisclosed.

Only one of the education cluster's 38 projects under implementation last year in 2020/21 was new - upgrading and renovation of education infrastructure countrywide.

The education cluster has 45 projects under implementation in 2021/22, a welcome increase on 38 projects last year, significantly fewer than 2019/20's 47, compared to 41 in 2018/19 (29 of which were scaled back midyear), 67 in 2017/18 and 87 in 2016/17 (of which 70 were either suspended completely or scaled back midyear).

No new schools are being built in

- The education cluster consists of:
 - * Vote 10 - Education, Arts & Culture;
 - * Vote 27 - Sport, Youth & National Service;
 - * Vote 32 - Higher Education, Training & Innovation.

Transport's N\$2.1-b with a 41% share and Urban & Rural Development's N\$532-m, accounting for 10.2% of the N\$5.2-b total.

In 2019/20 (as revised last year), Education, Arts & Culture's N\$478.5-m accounted for 8.2% of N\$5.8-b domestically-funded national development expenditure - also in second place but much farther behind the Transport Vote's 32.56% with N\$1.9-b.

At the beginning of 2020/21, Education, Arts & Culture's N\$895-m development budget was 90% more than 2019/20's latest revised N\$478.5-m before being increased by a further 22.35% midyear.

According to 2020/21's budget documents (main and midyear) Vote 10's revised N\$478.5-m development allocation in 2019/20 excluded N\$283-m of the AfDB's ETQIP loan deployed, raising the total to N\$761.5-m.

This was well short of the N\$932.6-m Vote 10 had for its 39 projects at the beginning of 2019/20 - including the N\$283-m ETQIP tranche, when the AfDB loan was implemented for the first time - with many of these construction projects being awarded to Chinese contractors.

Vote 10's revised N\$527.6-m in 2019/20 was only marginally higher than 2018/19's revised N\$517-m - excluding foreign loans in both cases.

The AfDB ETQIP loan facility became operational only in 2019/20, which we assume was not scaled back midyear at the time.

MEAC's 2021/22 projects

Education, Arts & Culture's biggest project by far in 2021/22 is N\$390-m for renovation of dilapidated schools in all regions, including N\$350-m contributed by the AfDB for construction, with N\$30-m provided by the central government for feasibility studies, design and supervision.

This was its second-biggest project last year, when Vote 10's biggest project was the Covid-19 response costing N\$600-m for upgrading and renovation of education infrastructure countrywide (ostensibly domestically financed through the State Revenue Fund).

Vote 10's second-biggest project in 2021/22 is N\$55-m for the establishment of hostels at schools nationwide, while its third-biggest project is N\$41.7-m for building and maintenance of education facilities nationwide.

None of its remaining 29 project have been allocated more than N\$23-m in 2021/22.

CLUSTER % OF BUDGET	17.58%		8.75%				9.09%			

STATE REVENUE FUND: All amounts are inside the State Revenue Fund. Amounts for votes marked * exclude additional foreign funding outside the State Revenue Fund in 2021/22 and last year (2020/21): Vote 10 - N\$350-m (N\$350-m); Vote 18 - N\$53.998-m (N\$53.998-m); Vote 24 - N\$779.939-m (N\$1,055,054,000); Vote 37 - N\$272.48-m (N\$244.658-m); Vote 38 - N\$22.399-m (N\$45.248-m). This additional development funding outside the SRF totals N\$1,478,816,000 in 2021/22 (N\$1,748,958,000 last year), according to the NPC. This raises the total development budget to N\$7,031,338,000 in 2021/22. In addition, the development allocation for Vote 17 is N\$5.7-m less than the N\$580.818-m listed in the NPC's development budget at the beginning of the year.

MIDYEAR REVISIONS: The development budget for 2021/22 was revised downward from N\$5.5-b to N\$5.2-b, with a realized saving of N\$290.8-m, of which N\$11-m was re-allocated back to Development Budget - all to Vote 39 - and the remaining N\$279.8-m was reallocated to the operational budget "to cater for critical needs", according to the Ministry of Finance's midyear budget document.

MIDYEAR DISCREPANCIES: There are discrepancies for four votes between their original allocations for 2021/22 as stated in the main budget and their original allocations as stated in the midyear budget: Vote 27 - N\$15.429-m in the main budget but N\$13.429-m according to the midyear budget (N\$2-m less); Vote 31 - N\$10-m in the main budget but N\$9-m in the midyear budget (N\$1-m less); Vote 37 - N\$392.426-m in the main budget, but N\$347.772-m in the midyear budget (N\$44.65-m less); Vote 38 - N\$264.603-m in the main budget, but N\$259.929-m in the midyear budget (N\$4.67-m less). The inside SRF development total of N\$5.505-b at the beginning of 2021/22 according to the midyear budget document is therefore N\$2.028-m less than the N\$5.5575-b according to the main budget book at the beginning of the year. This is either due to errors in data capture or misallocations not clarified in the midyear budget statement.

2021/22 for the sixth consecutive year

Higher Education

Higher Education, Training & Innovation (Vote 32) has N\$65-m to spend on nine projects in 2021/22, accounting for 13.68% of the N\$475-m cluster total, after its original allocation at the beginning of the year was cut by N\$200,000.

Its initial development ceiling at the beginning of the year was N\$14-m or 17.68% less than 2020/21's revised N\$79.2-m, having started the year with N\$80.7-m for seven projects, before being reduced by N\$1.5-m or 1.86% midyear.

Still, its N\$79.2-m midyear balance was almost quadruple 2019/20's latest revised N\$22.3-m for five projects.

Its share of the education cluster's development budget doubled from 2019/20's 4.3% (of N\$523.6-m) to 8.12% (of N\$994-m) at the beginning of 2020/21, only to contract to 6.66% (of N\$1.2-b) post-midyear.

Higher Education's N\$25.986-m development budget for five projects in 2019/20 was unaffected by the mid-year revisions, accounting for 3.68% of the original N\$706.5-m cluster total at the beginning of the year and 4.6% of the lowered N\$566.4-m post midyear total.

Its latest revised N\$22.3-m for 2019/20 is lower than the N\$26-m at which it was pegged at the time.

This was 35.8% less than 2018/19's revised N\$40.47-m, when it accounted for 6.57% of the cluster total after 2018/19's midyear revisions.

Higher Education's initial N\$40.47-m for four development projects in 2018/19 was significantly reduced by 48% to N\$21-m, with three projects scaled back midyear.

Two of its projects in 2021/22 are seemingly new, compared to none in 2020/21, one the previous year, none in 2018/19 and one in 2017/18 - which had been the first in three years.

Higher Education's biggest project in 2021/22 is N\$25-m for the construction of UNAM lecture Halls Phase 1 at Southern Campus, Keetmanshoop, for which N\$30-m was voted last year when it was also the biggest project on Vote 32's agenda.

Its next biggest project is N\$14-m for the upgrading and renovation of the Old Power Station for a NUST Satellite Campus in Lüderitz, implemented by the Lüderitz Waterfront Development Company.

The Namibian Qualification Authority's N\$173-m head office in Windhoek, for which N\$42-m was first voted in 2017/18, has not featured for the past four years.

For the NQA's staff contingent of 55, this extravagant project aggregates at over N\$3-m per head.

Sport, Youth & National Service

Vote 27 has only N\$11.3-m to spend on four projects in 2021/22, accounting for the remaining 2.4% of the N\$475-m cluster total, after its initial N\$13.8-m allocated the beginning of the year was cut back by 18% or N\$2.5-m midyear, when it accounted for 2.8%.

Vote 27 had N\$14.5-m to spend of its original N\$18.5-m on also four development projects, following that midyear's 21.6% cutback, its smallest share of the education cluster falling from 1.86% (of N\$994-m) at the beginning of the year to 1.22% (of N\$1.2-b).

Its latest revised N\$22.785-m development allocation for 2019/20 (4.35% of N\$523.567-m) according to last year's

budget was almost double the N\$12.8-m it was supposed to have after at the time of 2019/20's midyear revisions, however, when its N\$30.8-m for three development projects in 2019/20 was slashed by N\$18-m or 58.4% midyear to N\$12.8-m, reducing its share of the cluster total's original N\$706.5 to 2.26% - ahead of Higher Education's 4.26% (N\$22.3-m).

None of this year's projects are new, as was the case over the past four years, compared to four in 2016/17 and three in 2015/16.

Sport, Youth & National Service's biggest project in 2021/22 is N\$6.4-m for construction of the Eenhana Sport Complex in the Ohangwena Region, which was also its biggest project last year, for which N\$7.65-m was voted at the beginning of the year.

According to last year's development budget, when project totals were still disclosed, Vote 27's biggest project was the construction of its N\$301-m ministerial HQ in Katutura, for which a whimsical N\$950,000 was voted in 2020/21.

In a repeat of 2018/19, this project remained absent from the development programme in 2019/20, after N\$32-m was last voted in 2016/17, of which N\$17-m was suspended that midyear.

Education, Arts & Culture's biggest project by far in 2021/22 is N\$390-m for renovation of dilapidated schools in all regions, including N\$350-m contributed by the AfDB.

Below is a project-by-project listing of the education cluster's 2021/22 development budget currently under implementation. Refer to the accompanying key to abbreviations of procurement categories.

VOTE 10 - Education, Arts & Culture

N\$402.8-m for 32 projects - all ongoing - reduced by 1% or N\$4-m midyear.

PROJECT 10/04/37 -

Construction of Oshakati South Primary School, Oshana Region
NPC CODE 18471: Pre-primary to Grade 7 for 800 learners. Components include 25 classrooms, admin block, ablution, sports field, fencing, drinking fountains, water and electricity connections. 2021/22 - bid evaluation, award and construction.
PURPORTED EXPENDITURE TO 2020/21 = N\$0
2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$5,000,000. EXPENDITURE COMPOSITION: CRI = N\$4,250,000. FSDS = N\$750,000.

PROJECT 10/04/45 -

Construction of a Primary School at Mix Settlement, Khomas Region
NPC CODE 18801: To accommodate 600 learners. Consists of 32 classrooms, admin block, two teachers houses, two ablution blocks, sport field, fencing, walkways, drinking fountains, water/electricity connections. 2021/22 - bid evaluation and construction starts.
PURPORTED EXPENDITURE TO 2020/21 = N\$2,000,000
2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$8,000,000. EXPENDITURE COMPOSITION: CRI = N\$6,800,000. FSDS = N\$1,200,000.

Education, Arts & Culture has only N\$398.8-m to spend on 32 development projects in 2021/22, following a N\$4-m cutback to its N\$402.8-m allocation at the beginning of the year.

PROJECT 10/04/2- Basic education facilities upgrading - all regions

NPC CODE 283: Add classrooms, admin blocks, storerooms, libraries, toilet facilities to existing schools countrywide. 2021/22 - construction continues.

PURPORTED EXPENDITURE TO 2020/21 = N\$553,602,000

2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$23,000,000. EXPENDITURE COMPOSITION: GRN internal (no tenders) = N\$23,000,000.

PROJECT 10/04/11 -

Upgrading of Bravel PS, Mankumpi, Kavango West Region

NPC CODE 5145: 15 classroom, multi-purpose hall, six hostel blocks, toilet and sports facilities, borehole, fence, teacher houses. 2021/22 - construction starts [same as 2017/18/ & 2018/19 & 2019/20].

PURPORTED EXPENDITURE TO 2020/21 = N\$2,325,000

2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) =

N\$7,500,000

2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$10,000,000. EXPENDITURE COMPOSITION: CRI = N\$8,500,000. FSDS = N\$1,500,000.

PROJECT 10/04/31 -

Construction of Primary School at Havana Settlement, Khomas

NPC CODE 18448: Components include 30 classrooms, admin block, two ablution blocks, fencing, drinking fountains, water and electricity connections. 2021/22 - bid evaluation, award and construction Phase 3.
PURPORTED EXPENDITURE TO 2020/21 = N\$8,000,000

2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$10,000,000. EXPENDITURE COMPOSITION: CRI = N\$8,500,000. FSDS = N\$1,500,000.

PROJECT 10/04/35 -

Construction of boarding Primary School at Omakange, Omusati

NPC CODE 18465: Project components are: 4 hostel blocks, kitchen, dining hall, 2 houses, toilets, fence and solar energy. 2021/22 - retention fee payment.

PURPORTED EXPENDITURE TO 2020/21 = N\$23,044,000

2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$18,000,000. EXPENDITURE COMPOSITION: CRI = N\$15,300,000. FSDS = N\$2,700,000.

PROJECT 10/04/12 -

Construction of primary school at Otjomuise, Khomas

NPC CODE 5146: 23 classrooms, admin block, two ablution blocks, sports field, fencing, walkways, drinking fountains, water and electricity connections. 2021/22 - bid evaluation, award and construction.

PURPORTED EXPENDITURE TO 2020/21 = N\$23,907,000

2021/22 FUNDING SOURCE: GRN. AL-LOCATION (excl. midyear revisions) = N\$5,000,000. EXPENDITURE COMPOSITION: CRI = N\$4,250,000. FSDS = N\$750,000.

PROJECT 10/04/43 -

Construction of combined school at Aussenkehr, //Kharas Region

NPC CODE 18799: Main components are: 28 classrooms. ablution facilities. admin block. library. computer & science labs. school hall. teachers houses and fence. 2021/22 - bid evaluation, award and construction.

NOTES TO THE STATE PROCUREMENT BUDGET

This scoping of what we call government's 'procurement budget' as part of the overall budget is unique to the Tender Bulletin, has been undertaken for most financial years since 1993 and is unreplicated in Namibia. Its purpose is to alert tenderers to forthcoming procurement opportunities.

Procurement spending relates to heads of expenditure normally directed through public procurement channels (with abbreviations):

* Materials and Supplies (M&S): Expenditure relating to the acquisition of store items of consumable nature to be utilized in the process of government services/operations, such as provisions, spares, stationery and other materials.

* Other goods, services and expenses (OSE): Generally relating to recurrent spending on items sourced in the real economy, i.e. excluding remuneration, other conditions service relating to the public service, transport provided by the government garage, utilities, property rental etc. OSE consists of consultancy services unrelated to construction as well as non-consultancy services such as advertising, catering, cleaning, entertainment, event management, gifts, legal, printing, security, travel, training services etc.

These two spending heads are form part of government's current expenditure in the operational budget as well as in the development budget.

Other procurement spending components occurring both as capital expenditure in the operational budget (i.e. not current expenditure) and also in the development budget are:

* furniture and office equipment (FOE)
* operational equipment, machinery and plant (OEMP);
* vehicles (V).

Procurement components occurring only within the development budget are:

* construction, renovations and improvement (CRI);
* feasibility studies, design and supervision (FSDS).

Maintenance expenses consists of expenditure relating to maintaining capital assets, including office and operational equipment, buildings, roads and bridges, and other capital assets.

Although annual and multi-year tenders are issued in this area (e.g. minor capital works, water infrastructure, vehicle, plant, electrical and electronic maintenance), we deliberately exclude it from our analysis to err on the safe side, since some of this maintenance is sourced internally within certain government ministries (e.g. the departments of works and of water affairs).

Although our coverage of the development budget overlaps with some of the operational budget, a project-by-project presentation of the development budget concretizes tendering opportunities more specifically with reference to actual project implementation and is presented separately from the estimates of operational expenditure.

AIRCONDITIONING & REFRIGERATION

REFERENCE: NCS/RFQ/ONARC-255/2021/2022; **CLOSING:** 01-Feb-22 11:00

DESCRIPTION: Medium and low voltage [networks] and house connections in Saamstaan in Outjo, Kunene Region

A two-year torrent of toilet paper

Forty-seven offers were received for the supply and delivery of toilet paper (single and double ply) to the Central Government Stores for a period of two years, when tender G/ONB/23-05/2021/2022 closed at the Ministry of Works & Transport head office in Windhoek at 11:00, Monday 29 November 2021.

The tender was reserved for 100% Namibian owned SMEs and entities with 51% or more equity owned by Namibian citizens and have a banking account at a Namibian banking institution.

Interested bidders also had to comply with the directive issued in terms of Section 73 of the Public Procurement Act 15 of 2015 on preferential procurement, as issued by the Ministry of Finance on 14-Dec-20.

Unit prices for single and double ply toilet paper, delivered in Windhoek, Keetmanshoop, Otjiwarongo, Ondangwa, Rundu and Katima Mulilo, were recorded by WMT Procurement Management Unit staff and posted on the website.

Not all companies tendered for all towns and in some cases the single ply is more expensive than the double ply toilet paper!

For comparison, the bidders are listed from the lowest to the highest price per toilet roll (double and single) delivered in Windhoek or another town, if Windhoek was not offered:

- * Dime Trading Enterprises = N\$4.30, N\$4.00
- * Bonsiki Investment = N\$4.39, N\$5.49 [sic]
- * Ngayemwene Investment - Keetmanshoop = N\$4.45, N\$6.20 [sic]
- * TMU Supply & Delivery Service = N\$4.58, N\$2.50
- * Be-Tech Investments = N\$4.70, N\$3.62
- * Tulu Trading Enterprises = N\$4.70, N\$3.62
- * Stream Two Properties = N\$4.80, N\$2.95
- * Omholo Trading = N\$4.85, N\$7.88
- * Soft Cloud Investment = N\$4.90, N\$3.11
- * Nova Investment = N\$5.00, N\$4.39
- * Fresh Unit Investment = N\$5.15, N\$4.15
- * Hernaka Investment = N\$5.20, N\$4.85
- * Shane Investment = N\$5.29, N\$4.35
- * Touchline Trading = N\$5.30, N\$4.34
- * T&M Ecofield Trading = N\$5.30, N\$5.10
- * Namibia Pulp Paper = N\$5.35, N\$3.69

PLANNING OSHAKATI'S SECOND PURIFICATION PLANT

21 JANUARY 2022

SHAH Technical Consultants Pvt Ltd from India in joint venture with Water Resources Consultants (Pty) has been awarded the tender for engineering consulting services for the Oshakati Purification Plant Extension.

The African Development Bank posted the award dated 09-Dec-21 on its website, valued at US\$628,995 (approx N\$10.1-m) plus N\$2,723,588.00 - both excl VAT. The contract period is 38 months.

The India-based joint venture scored 76.3% on the technical evaluation but was ranked first, when their financial offer was also considered. No domestic or regional preferences were applicable.

The other three pre-qualified bidders, their prices and technical scores were:

* SMEC International (Pty) (South Africa) in JV with VKE Namibia = N\$20,040,450.69 (80.7%)

* Bigen Africa Services (Pty) in association with Bigen Kuumba Infrastructure Services (Pty) = N\$36,486,260.83 (80.2%)

* Nicholas O'Dwyer Ltd in JV with GCS Water & Environmental Consultants (Pty) =

Indian JV awarded N\$12.8-m consultancy under N\$2.43-b AfDB loan and grant package

N\$26,767,797.37 (70.4%)

The two other pre-qualified bidders whose technical score was below the minimum of 70% were:

* WAPCOS Limited (India) / GWC Consulting Engineers / WCE [listed as Clevima Consulting Engineers in May-21] / E-Square Engineering JV - 67.80%

* Engrido Engineering Solutions (Portugal), Procel Engenharia Hidraulica e Ambiental, A1V2 Engineering Consulting Namibia (Pty) Ltd, Oshoopala Consulting Engineers - 62.6%.

Project outline

The Oshakati Water Works is at the heart of NamWater's water supply in northern Namibia, but due to inadequate capacity, there is now a need for an additional plant, which will ensure that future water demand in the central-northern part of Namibia is met, especially to the urban centres and rural areas of the Oshana, Ohangwena and Oshikoto regions.

The consultancy services include:

* the design (inception, preliminary and

final design) of an additional treatment plant with a capacity of 50,000m³/day (for 20 hours operation);

* environmental and social related services;

* contractor procurement and contract administration;

* project management and construction supervision for a period of 24 months.

Three bulk water supply projects in northern Namibia

The Oshakati Purification Plant Extension is one of three tenders co-funded by the African Development Bank under the five-year Namibia Water Sector Support Program (NWSSP) that started in 2020 at a cost of N\$3.3-b.

The programme is co-financed through a N\$1.893-b loan plus a N\$54-m grant from the AfDB.

The consultancy contract for the Rundu water treatment plant to Irish company Nicholas O'Dwyer Ltd in JV with GCS Water

& Environmental Consultants was published in *Bulletin 1426*, while the consultancy award for the Ohangwena 2 Wellfield development is still to be announced.

All three consultancy tenders had closed at NamWater on 22-Jan-21 with 138 offers. In May last year 16 pre-qualified consultants then submitted technical and financial offers to NamWater.

The three EOIs were issued in December 2020 by NamWater as Project Implementation Unit for the AfDB-funded projects resorting under the Ministry of Agriculture, Water & Land Reform.

The Project ID Number for all three projects is P-NA-E00-005 under Financing Agreement Reference 2000200004682.

Details on the three projects and the EOIs received were published in Bulletin 1385 and the 16 pre-qualified bidders in *Bulletin 1404*.

TENDER AWARDS

NAMDOCK invites suitably qualified and experienced service providers to submit proposals for the facilitation and formulation of a comprehensive business plan tailor-made for NAMDOCK to be implemented from the top to the bottom in the organisation. All documents produced will be the property of NAMDOCK. SCOPE OF WORK: Familiarization with NAMDOCK, its people and environment of operations (three days on site). Conduct a 2-4-day on-site strategic workshop with shareholders, board of directors, executive and senior management to determine the strategic direction for the company and gather information related to the business plan. The successful service provider is to provide subject matter expertise for all requirements during the discussions to ensure that the output is aligned to the environment in which NAMDOCK operates (make environment clear). FIRST input [output] required - comprehensive business plan to include: (i) company strategic plan and corporate plan; (ii) marketing plan; (iii) human resources plan; (iv) alignment of high-level organizational structure up to senior management level; (v) technical equipment plan; (vi) financial plan. SECOND output required - enterprise risk management plan (subject matter expert on enterprise risk a must); business rescue strategic plan. THIRD output required - skills transfer plan for the Alignment, Innovation & Resilience and People Experience & Relations departments for the business plan actions as developed for implementation. Technical functionality EVALUATION CRITERIA: (A) company experience in ship repair and capability - the service provider must demonstrate their experience as a business planning and risk facilitator conducted in similar organisations (above five years experience = 20 points; 3-5 years experience = 10 points; 1-3 years experience = 5 points; 0 years experience = 0 points); (B) proven track record in business planning and risk facilitation - service provider should provide reference letters not older than five years on the letterhead of the previously serviced client and should reflect at least the name of the client, description of the relevant service rendered, year completed, contactable reference name and contact details and whether the quality of work was satisfactory or not; it should be signed by a duly authorised person or their representative (3 letters attached = 20 points; 2 letters attached = 10 points; 1 letter attached = 5 points; 0 reference letter = 0 points); (C) bidders must provide a detailed methodology and project work plan (detailed work plan that clearly indicates deliverables = 20 points; project plan only = 10 points; no methodology and project plan = 0 points); (D) qualifications and competence of the facilitator and other consultants - facilitator must have business management qualifications, attach CVs and qualification certificates (post graduate degree in business management or commercial studies with masters degree an added advantage = 10 points; degree in business management or commercial studies = 8 points; diploma in business management or commercial studies = 5 points); (E) experience of the facilitator and other consultants - facilitator must have at least five years experience in business planning and risk facilitation (above 5 years = 30 points; 3-5 years experience = 20 points; 1-3 years experience = 10 points; 0 years experience = 0 points). NOTE: A bidder must obtain a minimum of 70 out of 100 points to advance to the next stage of evaluation. (F) Financial issues - proposals must provide information indicative of the budget for the overall project which includes: number and level of staff members required for "all part" of the assignment; costs of each study part; any other additional costs (e.g. stakeholder engagement, traveling, accommodation and subsistence should be outlined). FOLLOWING EVALUATION of the proposal received by the closing date, only qualified short-listed firms will be invited to participate in clarification and possible presentation. Submissions must be received before the closing date and time via email to sonel.dt@namdock.com and the reference/subject must contain 2021_RFP_010.**CONTACT:** Namibia Drydock & Ship Repair, PO Box 2340, c/o Second Street East & Hanna Mupetami Road, Walvis Bay; Finance Dept; Superintendent: Supply Chain Management - Sonel du Toit (enquiries); ph.: +264-(0)64-2186000/6767 (enq); fax: 2186001; web: sonel.dt@namdock.com (enq/bids); info@namdock.com; **DOCUMENTATION:** not stated**REFERENCE:** MURD 1429; **CLOSING:** 11-Jan-22 11:00 [possibly closing 11-Feb-22]**DESCRIPTION:** Invitation for Expression of Interest: Consultancy services to assess the status of implementation of decentralisation, as well as for the revision of the Decentralisation Policy (DP) and the development of the Decentralisation Implementation Plan (DIP) and its result-based monitoring and evaluation [advertised on 17-Jan-22 to close on 11-Jan-22]. (1) BACKGROUND: MURD is responsible for coordinating the implementation of the DP and agenda of government in close cooperation with sector offices, ministries, agencies (OMAs), regional councils and other stakeholders. Under the MURD Strategic Plan 2018-2022, two of the three key sector themes focus on good governance and operational excellence and regional and local economic development. Under these themes, MURD intends to conduct an assessment of the national status of decentralisation and subsequently review and amend the DP of 1997. The consultant is expected to deliver the key outputs in collaboration with technical staff at the Ministry: inception report, assessment report, revised DP, develop DIP and results-based M&E system (plan and result framework). (2) SCOPE OF WORK: (a) provide consultancy services to MURD to address the outputs indicated and expected deliverables; (b) conduct an assessment on the status of the implementation of the DP; (c) revise the national DP and develop the DIP; (d) develop an M&E system to measure progress and check if objectives are met as well as "play as a repository for information for information and decision making". (3) QUALIFICATION REQUIREMENTS: Academic - masters or bachelors degree with honours in social science, political science, law, economics, international development or related fields. Experience - minimum ten years of national/international professional experience in the practice area with policy or programme management; relevant knowledge and experience in governance approaches with focus on the role of regional and local governance with demonstrable evidence of integrated economic governance approaches covering economic, social and environmental governance; experience in working in the field of knowledge management and/or organizational management highly desirable; knowledge of

human-centred and design thinking methodology is desirable "is a plus"; experience in partnership building and inter-agency coordination; proven ability to interact at the highest governmental and inter-agency levels and to provide high quality policy advice; related work experience in a developing country, particularly in Africa/Asia is highly desirable; experience in the use of computers and office software packages; excellent writing, research, analytical and presentation skills. (4) SHORT-LISTED consultants will further be required to participate in the procurement proceedings for the above. (5) This EOI must be delivered on or before 11-Jan-22 [sic]. Late or electronic proposals will be rejected. The EOIs submitted will be opened in the presence of bidders' representatives who choose to attend at MURD, 1st floor. Applications must be submitted in sealed envelopes marked 'EOI Decentralization Policy' for the attention of the Head: PMU.

SCOPE OF WORK: Debmarine Namibia is seeking for an experienced service provider that can supply reliable and robust drone (unmanned aerial vehicle) technology enabling remote inspection of confined and enclosed spaces as well as at height inspections on its recovery vessels. Interested parties should have proven experience in supplying drone technology for similar applications. Debmarine Namibia's needs are focused on: (1) Inspection of confined spaces (e.g. ball mills, pipes, 700mm dredge hoses, bins, tanks, screen underpans); (2) Inspection of enclosed spaces (e.g. vibrating screen bottom decks, chutes); (3) Inspection at heights (e.g. marine recovery vessel structures); (4) Training of personnel to operate the solution; (5) Maintenance and after sale support of the technology. Debmarine Namibia requires the drone technology to have the following capabilities: 4K or higher camera quality; 180 degree or greater pan and tilt camera with lighting; camera should be dust and water proof with a minimum rating of IP55; full High Definition live viewing; 2D measurement (i.e. distance between 2 points within view); 3D modeling; Photogrammetry programme integration will be an added advantage; Enter 400mm diameter manholes; Operate remotely; Battery operated; Able to recover the drone remotely; Non-line of sight drone to controller communication of minimum 180m guaranteed; drone to controller communication through steel structures in a production plant. Autonomous control from the drone will be an added advantage. Drone to controller communication through steel, rubber with steel reinforcement, rubber or polyurethane; Operate in areas with radio frequencies without interference of vessel or aircraft radio transmission. Should have frequency hopping spectrum spread technology capability (FHSS); Collision tolerance; Ability to do thickness measurement of steel pipe walls, rubber and polyurethane liners will be an added advantage; Ability to operate in a highly flammable and explosive environment would be an added advantage. **DOCUMENTATION TO BE SUBMITTED:** (1) Company profile; (2) Years of experience in supplying and maintaining drone technology applicable for inspections in confined spaces, enclosed spaces and at heights. (3) Details of three (3) clients for whom similar solutions have been supplied and maintained. (4) Proof of nature of supplier status, i.e. Original Equipment Manufacturer (OEM), sole supplier in country or distributor. (5) Case studies demonstrating the technology's capability to conduct inspections in confined spaces and at heights. Registered businesses providing such services are requested to submit the required documentation with Reference Number DBMNE0422 by electronic submission in PDF format. Subject: DBMNE0422. **DISCLAIMER:** Debmarine Namibia shall not be responsible for any costs incurred in the preparation and submission of a response to this Expression of Interest and furthermore reserves the right not to extend this Expression of Interest into any future tenders, negotiations and/or engagements. Debmarine Namibia will not accept submissions rendered after the closing date and time.**CONTACT:** Debmarine Namibia; Windhoek; Procurement Officer (enquiries); ph.: +264-(0)61-2978481 (enq); web: Tenders@debmarine.com (enq);**DOCUMENTATION:** Not stated. **PRE-TENDER SCHEDULE:** For enquiries contact the Procurement Officer and specify the reference number**MEDICAL****REFERENCE:** MHSS 1429 - Rundu pumps; **CLOSING:** 28-Jan-22 11:00**DESCRIPTION:** RFQ: Annual servicing of vacuum pumps for Intermediate Hospital Rundu [quotation only on website]**CONTACT:** Ministry of Health & Social Services main building; Harvey Street, Windhoek West; Procurement Management Unit; MM Andowa (administrative); NS Muyeu (technical enquiries); quotation/bid box MHSS Finance & Procurement Building, PMU/tender office (bids); Secretary: Procurement Committee - Evaristus Iita (issued by); ph.: +264-(0)61-2032216 (adm); (0)66-265552 (tech); web: procurement@mhss.gov.na (enq);**DOCUMENTATION:** RFQ document available on www.mhss.gov.na/tenders**PRINTING & PUBLISHING****REFERENCE:** G/RFQ/CC03-/2021/2022; **CLOSING:** 26-Jan-22 11:00**DESCRIPTION:** Provision of layout design, proofreading/editing and delivery of AMTA's annual report 2019/20 and 2020/21. CONTACT: Gloria Tjongarero (enquiries); ph.: +264-(0)64-462580 (enq); web: tjongarerog.gt@gmail.com (enq);

REFERENCE: Notice No. TSBM 01/2022 [suppliers]; **CLOSING:** 31-Mar-22 11:00
DESCRIPTION: Notice to suppliers: Request for the submission of company profiles for provision of goods, works and services to M. Tsumeb. PURPOSE: To obtain company profiles from suppliers interested in conducting business with M. Tsumeb in respect of the supply of goods, works and services to be procured through 2022/23 and 2023/24 financial years. Companies are required to submit the relevant documentation and clearly indicate the types of goods and services they used to render, and it should "correspondence" with the nature of business stated in the founding statement or amendment [classification as listed by M. Tsumeb]. GOODS supply: newspapers, periodicals, books and other media publicity materials; stationeries/general office supplies; cleaning materials and equipment or related materials and supplies; computer supplies and related goods; equipment, tools and materials; data and communication network and related equipment; cell phones, ipads and electronic accessories; gifts; office furniture; hygiene related supplies; refreshments; security equipment and related supplies; promotional items; photocopyers; flowers and plants; protective clothing; tyres; road and traffic signs; pipes and fittings; electrical motors; pumps and pump spares for water and sewer; refuse bins/skip containers; fuel and oil; bitumen products. WORKS: operational equipment and office equipment; installation of water meters; electrical and mechanical services; engineering; interior design; software design; street cleaning and sweeping; general works (trench digging and laying of pipes - water and sewer lines); paving; surfacing of roads; building, construction and painting. CONSULTANCY SERVICES: architecture; quantity surveying; town planners; land surveyors; engineering; software design; valuations; auctioneers; legal and conveyancing; material and labour consultancy; hydro geologist. NON-CONSULTANCY SERVICES: Supply of air tickets and transportation; service operational equipment (elevators, machinery, etc.); service air conditioners, fire extinguishers; service security systems (access control, alarm systems and surveillance cameras); short training courses, symposiums and workshops; advertisement; printing; event management and decorations; hospitality and catering; supply of computer equipment (computers, servers, switches and printers); licensed and computer software; refuse removal and skips; rental of photocopyers; branding; cleaning. THE DOCUMENTS outlined are mandatory in order to be eligible to participate: valid company registration certificate; original valid certificate of good standing with SSC; original valid good standing tax certificate; valid Affirmative Action compliance certificate, proof from Employment Equity Commissioner that bidder is not a relevant employer or exemption issued in terms of Section 42 of the Affirmative Action Act 29 of 1998; written undertaking as contemplated in Section 138(2) of the Labour Act 2007; certificate indicating SME status (for bids reserved for SMEs). The public entity shall have the RIGHTS to: (a) ask [for] clarifications at [the time of] evaluating company profile; (b) reject all company profiles, if the above mentioned is not adhered to; (c) due to security reasons, some services may require vetting. SUBMIT profiles in sealed envelopes. **DOCUMENTATION:** Not stated

CONTACT: Tsumeb Municipality, Erf 264, Moses Garoeb Street; municipal offices; office of the Chief Executive Officer (bids); Acting CEO - Monique Muturi (issued by); John Amutenya (enquiries); ph.: +264-(0)67-221056 (enq); web: jamutenya@tsumebmun.org.na (enq)

NOTE: The following applies to the two DBN invitations to bidders:
CONTACT: Development Bank of Namibia; DBN Head Office, 12 Daniel Munamava Street, Windhoek, reception; Erongo office at Ef 735 c/o Sam Nujoma Drive and 16th Road, Walvis Bay; Ongwediva Office at 5626 Main Road, Trade Fair Grounds or Rundu Office at MVA Building, Eugene Kakukuru Street (all for documents); bid boxes at the respective offices (bids); ph.: +264-(0)61-2908000; web: info@www.dbn.com.na; www.dbn.com.na. "Bidders" are invited from Namibian registered companies for the listed services to DBN. SUBMIT: Sealed envelopes marked with the procurement reference number must be placed in the bid box at the listed offices. TERMS & CONDITIONS: DBN reserves the right to cancel any part of the request in whole or in part without making any award at its sole discretion, without any liability being incurred by the DBN to any entity or individual for any expenses, cost, loss or damage incurred or suffered by any entity/individual as a result of such withdrawal. Any EOI submitted which does not strictly comply with the provisions, procedures and requirements or is incomplete, ambiguous or which contains errors, alterations, misleading information, omissions or irregularities of any kind, may be rejected and disqualified at the discretion of the DBN. Due to security reasons, some services may require vetting. DBN has the right to: ask for clarification at the time of evaluating company profiles; reject any or all business profiles, if the above is not adhered to and conduct site inspections at company premises.

DOCUMENTATION: Documents can be downloaded from www.dbn.com.na/procurement

REFERENCE: SC/RP/DBN-32-2021 stated as SC/RFQ/DBN-32/2021 on website; **CLOSING:** 10-Feb-22 15:00
