## CONCEPT & BACKGROUND

According to the UNWTO, 1.8 billion people are forecast to travel internationally in 2030 and much of this growth is being fuelled by the increasing desire and interest in discovering new and different cultures. Cultural heritage – both tangible and intangible are resources that need to be protected and carefully managed. Therefore, it is fundamental that tourism authorities study how best to develop these cultural heritage sites while protecting and preserving them for the long term.

Sustainable Development Goal (SDG) 11 – 'Make cities inclusive, safe, resilient and sustainable' aims to improve housing, transport, public spaces and urban environments and strengthens resilience to disasters and climate change. The UN Agenda 2030 recognizes culture and heritage clearly in Target 11.4 to 'Strengthen efforts to protect and safeguard the world's cultural and natural heritage'.

To achieve SDG 11.4, PHD Chamber of Commerce and Industry aims at creating a strong platform to exchange best practices, discuss challenges and opportunities in the Cultural and Heritage Tourism sector.

Building on the previous eight editions, this Conclave will deliberate on how the tourism and culture sectors can work together more collaboratively and increase public-private partnerships to ensure the protection of our cultural and natural heritage and also to increase the tourist inflow.

## OBJECTIVES

- To bring together all the relevant stakeholders on one common platform where they can share ideas to promote Cultural and Heritage Tourism
- To promote Heritage Tourism across the globe in a sustainable manner keeping in view the carrying capacity of the destinations
- To create a platform for tourism boards to showcase the cultural and natural heritage sites of their states/countries
