

NATIONAL APEX CHAMBER

SEMINAR ON NEW OPPORTUNITIES IN INDIA UPSTREAM SECTOR (OALP)

**27th December 2019, 9.45 am
Shri Ram Hall, PHD House, New Delhi**

The energy requirements of India stand as the third largest in the world and it is the fastest growing energy market place of the world. While the full hydrocarbon potential of India remains unfathomed, it offers opportunities to strategic investors both global and domestic to engage in conventional/unconventional energy sources, in its onshore and offshore hydrocarbon basins. With the successful roll out of the HELP/OALP regime, based on the world-class National Data Repository (NDR), the Government has achieved a massive enhancement of exploration acreage in India and has been able to successfully complete 4 bidding rounds of the OALP.

The Hydrocarbon Exploration & Licensing Policy (HELP), which has adopted the Revenue Sharing contract model, is a giant step towards improving the 'Ease of Doing Business' in the Indian Exploration and Production (E&P) sector. It comes with attractive and liberal terms like reduced royalty rates, no oil cess, marketing and pricing freedom, round the year bidding, freedom to investors for carving out blocks of their interest, a single license to cover both conventional and unconventional hydrocarbon resources, exploration permission during the entire contract period, and an easy, transparent and swift bidding and awarding process.

Under the new simplified and business friendly regularity frame work, PHD Chamber of Commerce & Industry is organising a **Seminar on “New Opportunities in India Upstream Sector (OALP)” on 27th December 2019, 9:45 am at PHD House, New Delhi.** The objective of the Seminar is to analyse the recent trends and developments in the sector and discuss their impact, highlight any other major issues and concerns and discover the way forward.

A large number of delegates from the Industry, senior officials of Central and State Governments, Policy Makers, Legal Experts & relevant stakeholders are expected to attend the Conference. It is an honour for me to invite you to join the Seminar or nominate senior officials from your organization to attend. Your expertise, vision, presence and inputs will greatly enrich the deliberations.

With Regards,

Dr Ranjeet Mehta
Principal Director

Key Focus Areas

- EASE OF DOING BUSINESS
- POLICY & REGULATORY FRAMEWORK
- UPCOMING OPPORTUNITIES FOR VARIOUS STAKEHOLDERS
- INITIATIVES AND MEASURES TAKEN TO PROMOTE E&P ACTIVITY
- REVENUE SHARING MODEL
- KEY ISSUES & CHALLENGES

TARGET AUDIENCE

- National and International Oil Companies
- Oil Exploration and Production Companies
- Oil & Gas Buyers (National & International)
- CXO's of oil & petrochemicals companies
- Manufacturers & contractors of refineries
- Engineering & EPC consultants
- Refining & petrochemicals engineers
- Downstream advisor
- Refining specialist
- Head of downstream
- Service providers of the Indian and Global hydrocarbon industry.
- Corporate Venture arms of Utilities and Oil and Gas Companies Natural Gas Producers
- Pipeline Operators and manufacturers
- Oil marketers/suppliers
- Government & Public Sector Undertakings
- Regulatory authorities
- Petroleum Refiners and Retailers
- Energy Services Companies including efficiency services
- Energy and Resources Fund Managers
- Private Equity & Investment Banks
- Energy Lawyers and Consultants
- Big Data and Analytics Providers Bilateral and Multilateral Agencies
- State development agencies
- Port & Shipping Business
- Material technology providers
- Legal Firms & Industry Analysts
- Credit Rating Firms & Sectoral Advisory Firms
- Academic & Research Bodies & R&D personnel
- Trade Publications/Media

BROAD AGENDA OUTLOOK

- **Sector Overview, outlook, opportunities and projections**
- **Policy and regulatory framework**
- **Recent developments**
- **Environmental Clearances**
- **Infrastructure Issues**
- **Current outlook and future technologies**
- **Emerging technologies, equipment, processes, etc**
- **Fuel Quality Concerns**
- **Investor benefits**
- **Investments aiding the upstream sector**
