PHD CHAMBER
OF COMMERCE AND INDUSTRY

CERTIFICATION SERVICES

PHD Chamber of Commerce and Industry (PHDCCI) has been authorized by the Government of India to issue Certificate of Origin (Non-Preferential) to Indian exporters, in accordance with Article II of the International Convention Relating to Simplification of Customs Formalities, 1923.

In addition to issuing the Non Preferential Certificate of Origin, the Chamber also Attests/Certifies commercial documents for Export Oriented Companies and issues Visa recommendation letter to member companies.

The Chamber is also empaneled to issue digital Certificate of Origin (e-CoO) through the online portal launched by the Directorate General of Foreign Trade (DGFT), Government of India. The e-portal is uniquely designed to provide seamless issuance of e-COO to export houses at the comfort of their office or home while reducing the transaction cost.

HARYANA AT A GLANCE

Haryana is one of the leading states in terms of industrial production, especially passenger cars, two-wheelers, mobile cranes, and tractors. Haryana is the second-largest contributor of food grains to India's central pool and accounts for more than 60% of the export of Basmati rice in the country, third-largest exporter of software and one of the preferred destinations for IT/ITeS facilities.

As per the advance estimates for 2021-22, the state's GSDP at current prices has been estimated at Rs. 8,87,252 crore (US\$ 121.77 billion), an increase of 7% YoY. At current prices, Haryana's GDP growth was projected at 15.8% for FY22. Merchandise exports from Haryana reached US\$ 12.06 billion in FY20 and US\$ 11.60 billion in FY21.

Haryana is a preferred destination for auto majors and auto-component manufacturers. The state is host to many large automotive players. The state produces two-thirds of passenger cars, 50% of tractors, 60% of motorcycles and 50% of the refrigerators manufactured in the country. Automobiles and auto component exports from Haryana were ~US\$ 1.070.3 million in FY20 and reached US\$ 618.7 million in FY21.

Haryana is among the leading states in terms of IT export. Export of electric machinery and equipment for Haryana reached US\$ 379.3 million in FY20 and US\$ 325.36 million in FY21.

The state offers a wide range of fiscal and policy incentives for businesses under the Industrial and Investment Policy, 2011. Moreover, it has sector-specific policies, particularly for IT and tourism. The Haryana State Industrial and Infrastructure Development Corporation Ltd (HSIIDC) is the state's premier industrial promotion and investment facilitation agency, responsible for providing reliable and efficient facilities for entrepreneurs investing in the state.

According to the Department for Promotion of Industry and Internal Trade (DPIIT), cumulative Foreign Direct Investment (FDI) inflows in Haryana stood at US\$ 1.7 billion in FY21 and were US\$ 2.42 billion between October 2019 and March 2021.

The state has taken several steps for developing industrial infrastructure to achieve consistent economic growth, below are some of the initiatives:

- Under its 'Horticulture Vision', the state government aims to double the area under horticulture from 7.5% to 15% and triple horticulture production by 2030. The state government has also notified the Haryana Agri-Business and Food Processing Policy 2018.
- Single-window clearance mechanism was established under the Haryana Industrial Promotion Act, 2005. It has a three-tier structure to grant exemption/relaxation from any of the provisions/rules of the Act.
- The state invested in the development of world class infrastructure facilities such as special economic zones (SEZs), Kundli-Manesar-Palwal (KMP) global corridor and Delhi-Mumbai Industrial Corridor (DMIC).

CHANDIGARH

UT OF CHANDIGARH AT A GLANCE

Chandigarh is located at the foothills of the Shivalik hills range in the north and is the capital of Haryana and Punjab. Foundation of the city was laid out in 1952 but assumed its status of capital of Haryana and Punjab during the state reorganization in 1966. Apart from being the capital of Haryana and Punjab, the city is also a Union Territory and hence is governed by central government.

- Chandigarh's Gross State Domestic Product (GSDP) was Rs. 4,211,386.00 million (US\$ 6,025.73 million) in 2018-19, rising at a CAGR of 12.89% between 2015-16 and 2018-19. Chandigarh's Net State Domestic Product (NSDP) was Rs. 359,026.9a4 (US\$ 5,137.03) in 2018-19
- Total merchandise exports from the state stood at US\$ 76.54 million in 2019-20. As of January 2021, exports from the state stood at US\$ 62.04 million in FY21.
- The key items exported from Chandigarh are sewing needles, light industrial machinery, telecom instruments, engineering products, electronics components and ITES services
- There are about 2950 Small Scale and 15 Large and Medium Scale Units in existence in Chandigarh. Out of a total of about 2950 small scale industries in Chandigarh about 40% are ancillary units producing components for the major tractor industry around Chandigarh.
- There are many units manufacturing agricultural equipment, tractor components, auto parts, tyres & tubes, electric meters, electronic items, cables and engineering items operating in Chandigarh.
- Other industrial units are mainly into manufacturing of industrial fasteners, electrical / electronic items, machine tools, pharmaceuticals, plastic goods, sanitary fittings, steel / wooden furniture and food products etc.
- As of April 2021, Chandigarh had a total installed power generation capacity of 218.94 MW, of which 169.57 MW was contributed by central utilities and 49.37 MW by private utilities.
- Out of the total union budget 2021-22, a major chunk of Rs. 950.41 crore (US\$ 130.57 million) has been allocated for next fiscal year for Housing and Urban Development including the smart city project
- In December 2020, Chandigarh administration announced to hire 40 AC electric buses for a period of 10 years to improve the air quality of the city.
- Chandigarh's total road infrastructure length is 3,269.75 kms and has one national highway with the total length of 15.3 km.
- Chandigarh is connected through railway lines. The city also has one domestic airport, which is managed by the Ministry of Defence and an international airport.

PUNJAB

PUNJAB AT A GLANCE

Punjab is a state in northwest region of India and is one of the most prosperous state. The confluence of five rivers makes Punjab's agricultural land rich and productive. Agriculture is the mainstay of Punjab's economy. Approximately, 82% of the state's land is under cultivation compared with the national average of 40%.

The state's GSDP (in Rs.) increased at a compound annual growth rate (CAGR) of 6.78% between 2015-16 and 2020-21. Total merchandise exports from Punjab stood at US\$ 5.61 billion in FY20 and US\$ 5.29 billion in FY21.

According to the Department for Promotion of Industry and Internal Trade (DPIIT), cumulative FDI inflow in the state stood at US\$ 741.23 million between October 2019 and March 2021.

Under the State Budget 2021-22, Rs. 1,600 crore (US\$ 220.47 million), Rs. 1,400 crore (US\$ 192.91 million) and Rs. 114 crore (US\$ 15.71 million) have been allocated for Smart Cities, AMRUT and Swachh Bharat Mission (Urban), respectively.

The state provides investment opportunities in sectors such as textiles, agro-based industries, IT & ITeS, automotive and auto components, sports goods, and light engineering goods.

Punjab is the source of 95% of India's woollen knitwear production, 85% of India's sewing machine production, and 75% of India's sports goods production.

Punjab is known as the 'Breadbasket of India' and also led to first Green Revolution in the country. By 2025, it is expected that the state will be among the leading producers of non-food grains as well as exporter of various agri-products. Punjab alone contributes to 19% (wheat), 11% (rice), 5% (cotton), 10% (milk), 20% (honey) and 48% (mushrooms) grown in the country.

Punjab has emerged as a key hub for textile-based industries including yarn, readymade garments and hosiery. With the development of apparel parks, favourable textile policy and other incentives for the creation of textile infrastructure, the state offers opportunities for investment.

Key Sectors:

In the state, Basmati rice is the most exported commodity and exports reached US\$ 535.77 million in between April 2020 and January 2021.

Three mega food parks and one food park in Punjab was notified by the Ministry of Food Processing Industries, out of which, one mega food park is already operational and second one started partial operation since April 2019.

Punjab's IT policy and the incentives offered to the IT industry are aimed at promoting Punjab as an attractive destination for the industry. Mohali has been developed as an IT and ITeS hub in the state.

Punjab is among the largest producers of cotton and blended yarn as well as mill-made fabrics in India. Ludhiana is often referred to as the 'Manchester of India'. In FY21 (until January 2021), Punjab exported cotton yarn worth US\$ 323.66 million and ready-made garments (man-made fibres) worth US\$ 123.55 million.
