As you are aware, Goods and Services Tax - the biggest tax reform for indirect taxation in Independent India, has completed three years on 1st July, 2020. India moved to a “One Nation One Tax” tax regime with a lot of expectations and enthusiasm amongst the members of trade and industry. Though the govt. is constantly working at making the new tax regime as Good & Simple for the industry, new issues keep on cropping up to haunt the trade & Industry. It has been a roller coaster ride for the government, industries, and consumers due to the amount of changes and reforms introduced in the past three years. These changes were primarily focused on rationalising rates, simplifying procedures, and curbing tax evasion. Stabilising one of the world’s biggest online tax systems, GSTN, was also a key focus area for the government.

On the occasion of completion of three years of GST in India and to discuss and deliberate on the impending issues in GST, the Indirect Taxes Committee of PHD Chamber of Commerce and Industry is organizing a **Webinar on 3 Years of GST in India – Journey so far & Road ahead on Tuesday, 21 July 2020 from 2 pm to 5.30 pm.**

The Webinar will discuss at length the journey of GST so far, contentious issues under GST and the emerging challenges & way forward to provide ease of compliance burden on the taxpayers’.

Considering the relevance and interest of the subject for trade & Industry, it has been decided to keep the webinar free of cost.

We look forward to your active participation at the webinar.
