# IndiAirport

An International Expo & Conference on Airport Technology

INDIA EXPO CENTRE MART, NOIDA, NCR, INDIA

22 23 24

NOVEMBER 2022

Organized By

Radeecal<sup>®</sup> IFWexpo  
communications Heidelberg GmbH

Industry Partner

PHD CHAMBER  
OF COMMERCE AND INDUSTRY

[www.indiaairport.com](http://www.indiaairport.com)

IndiAirport Expo & Conference will give a future focused unmissable opportunity to all sectors of airport related technology, equipment and services. It will offer a first-class platform to demonstrate products and showcase participants' vision for the future.

The event will reveal the latest equipments and technologies for effective airport solutions and high-quality services. The participants can engage with Indian clients through the shows' comprehensive network, interactive features and unparalleled access to all-encompassing networking opportunities.

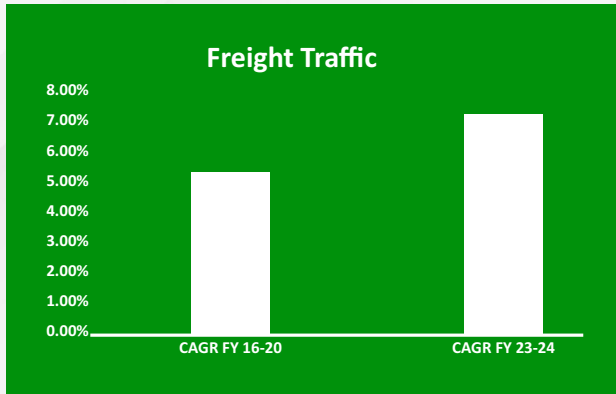

IndiAirport offers an ideal opportunity for participants of airport products, services and solutions to meet and engage with senior and middle management from airports, airlines, government agencies, regulators, ground handlers, architects, engineers, consultancies, suppliers and buyers with responsibilities for the following areas and more...

# ABOUT INDIAIRPORT

**A**ir travel is set to change greatly and with it so will airports and their infrastructure and services. India has become the third largest Domestic Aviation Market in the world and is also expected to become the third largest Air Passenger Market by 2024. The number of airplanes are expected to reach 1,100 planes by 2027.

India's passenger traffic stood at 341.05 million in FY'20. Aircraft movement grew at a CAGR of 9.56% from 1.60 million in FY16 to 2.59 million in FY20.

Having 91 international carriers comprising of 5 Indian and 86 foreign carriers ensure that India is well connected with most major countries. At present there are 52 Directorate General of Civil Aviation approved AME training Institutes in India.

India's aviation industry is expected to witness Rs. 35,000 crore (US\$ 4.99 billion) investment in the next four years. The Indian Government is planning to invest US\$ 1.83 billion for development of airport infrastructure along with aviation navigation services by 2026. India has envisaged increasing the number of operational airports from 190 to 200 by FY40.

## EXHIBITORS PROFILE

- Airport communications and wireless applications
- Access control
- Acoustics and sound
- Activity areas, gyms & playgrounds
- Aircraft docking
- Aircraft handling
- Aircraft maintenance
- Aircraft management and related services
- Airfield lighting systems
- Airfield service equipment
- Airport furniture
- Airport lounges
- Airport maintenance and security
- Airport security – CCTV, video and surveillance
- Airport revenue management
- Architects
- Artificial Intelligence
- Automatic vending machines
- Autonomous Driving
- Baggage handling systems
- Baggage management and tracking
- Beacon technologies
- Business intelligence
- Cargo handling systems
- Cargo management
- Central monitoring systems
- Communication systems
- Construction industry supplier
- Consultancies
- Consumables and fluids
- Crash, fire, rescue technology (Technology & IT)
- Customer feedback devices
- Cyber security
- Data processing hardware
- Design consultancies / firms
- Driverless buggy carts
- Driverless ramp equipment
- Driverless terminal vehicles
- Duty free
- Environmental control (e.g. noise/flight monitoring)
- Fabrics, textures and other materials
- Flight information systems
- Floor and wall finishing
- Government
- Hangar design and construction
- Hydrogen Infrastructure
- ICT technologies
- Illumination, lighting and sun protection
- Intelligent baggage handling systems
- Internet services
- Leisure & entertainment
- Marking and signage
- Media Associations
- Mobile applications
- Other ground handling equipment
- Parking equipment and services
- Passenger guidance systems
- Passenger handling (build and installation)
- Passenger information technology
- Passenger management
- Pavement design and servicing
- Personal Rapid Transport (PRT)
- Planning, consultancy and construction
- Promotional displays
- Property management
- Power Supply
- Queue / crowd management
- Robots

## EXHIBITORS PROFILE

- Seating, lounges and other furniture
- Self-service counters (check in, bag drop, wrapping)
- Shop furnishings and catering areas
- Sleeping pods
- Smart & interactive display solutions
- Smart baggage handling
- Smart gates
- Smart solutions for people with disabilities
- Smart surveillance systems
- Smart trolleys
- Smoking areas

## VISITORS PROFILE

- Airline management
- Airlines
- Airport consultants
- Airport management
- Airport project teams
- Airport security
- Airports
- Architects
- Architecture
- Air Navigation Service Providers
- Border security
- Cargo / Freight companies
- City officials
- Civil aviation authorities
- Civil defence
- Construction companies
- Construction industry suppliers
- Consultancies

- System integration
- Technical infrastructure
- Technical installation in buildings
- Technical installations (e.g. fuel farm technology, cabling)
- Terminal maintenance
- Terminal signage (e.g. passenger areas and gates)
- Traffic and operations management
- Training and recruitment
- Washroom and accessories
- Waste management

- Consulting engineers
- Contractors / EPC contractors
- Customs
- Education and training
- Ground handling
- Homeland security
- Immigration authorities
- Industry product and service providers
- International consultants and contractors
- Law enforcement agencies
- Maintenance / facilities management
- Military / Defence / Police
- Ministry of Defence
- Ministry of Interior
- Railway management
- Regional contractors and consultants
- Regulators
- Suppliers and specifiers for the airport sector

## FACTS & FIGURES

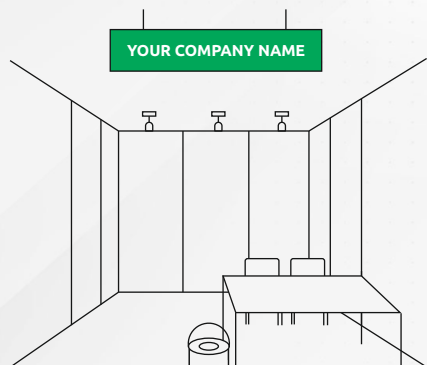

## WHY VISIT ?

IndiAirport Show will serve as the global platform for key industry leaders and event attendees to interact with and consider technical solutions like never before. Visitors have the opportunity to discuss, question and engage with demonstrations challenging the scope, the meaning and value of true interoperability between systems and what the future of airport could look like.

# BOOTH PARTICIPATION COST

## STANDARD STAND CONSTRUCTION

## RAW SPACE

### Facilities

\*GST will be charged Extra

Registration fee ..... \$ 300  
(Online presence, Catalogue entry,  
2 tickets for reception)

Corner/Peninsular per SQM + 10% ..... \$ 330

- Side walls, fitted in standard booth system frame
- Fascia board with company name and stand number in standard lettering
- 1 table and 2 chairs
- Electric supply of 5 amp. plug point
- Company delegates entry to the exhibition
- Waste basket
- General cleaning of aisles
- Pavilion security during the exhibition
- Company profile in to the exhibition catalogue and website

### Facilities

\*GST will be charged Extra

Row Stand per SQM ..... \$ 225

Insular per SQM + 15% ..... \$ 258

Massive equipment space per SQM ..... \$ 125  
(Moving Stairs, Vehicles etc.)

International Standard Construction ..... \$ 75  
per SQM

International Standard Plus per SQM ..... \$ 125

- Floor space
- Company profile in exhibition catalogue and website
- Company delegates entry to the exhibition
- General cleaning of aisles
- Pavilion security during the exhibition
- ✓ Tax will be applicable according to Government norms

## ABOUT THE ORGANIZERS

Radeecal Communications has established itself as one of India's most successful exhibition organizers. Our exhibitors and visitors now come to expect from us nothing less than a world-class event year after year. The repertoire of our events include exhibitions, trade shows, seminars and conference, on various industries such as agri exhibition, plastic expo, engineering trade show, waste management exhibition, technical textiles, logistics, wood & medical industries. Our team of expert operational staff is known for delivering reliable outcomes consistently. Exhibitors, sponsors & visitors are assured of unmatched value for their time and money at all our events.

We firmly believe that there is no better business referral than that given by a satisfied consumer. That is why we provide an assortment of creative ideas and make use of the latest trends and styles to successfully meet your demand at any scale that too in a budget.

IFW expo is an experienced organizer of international exhibitions and German Pavilions on behalf of the Federal Ministry for Economic Affairs and Energy and industry associations. Many of those national German pavilions are related to the airport industry. We monitor the development of the airport sector closely and are therefore quick to offer new and attractive exhibition places when the market so demands. The qualified and competent support of individual exhibitors and national pavilions is our main service. You profit from our profound knowledge of markets and exhibition places as well as from our international network that ensures successful preparation and realization of airport trade fairs.

### Supporting Partner

Air travel is set to change greatly and with it so will airports and their infrastructure and services.

Sustainability, resource-saving technologies, and autonomous systems are having a major effect on our industry. In addition, increased passenger expectations in terms of safety and comfort are driving our members to make further progress.

GATE has been active in the airport industry worldwide since 1992 and is the leading partner in many trade fairs. Our working groups and events interlink industry participants and stakeholders. Our members are global leaders with their products and services. Together, they develop the concepts and technologies of tomorrow.

### Industry Partner

PHD Chamber of Commerce and Industry (PHDCCI) has been working as a catalyst for the promotion of Indian industry, trade and entrepreneurship for the past 116 years. It is a forward looking, proactive and dynamic PAN-India apex organization. As a partner in progress with industry and government, PHDCCI works at the grass roots level with strong national and international linkages for propelling progress, harmony and integrated development of the Indian economy.

PHDCCI, acting as the "Voice of Industry & Trade" with a large membership base of 1,50,000 direct and indirect members consisting of large, medium and small industries, has forged ahead leveraging its legacy with the industry knowledge across multiple sectors to take Indian Economy to the next level.

At the global level, the chamber has been working with the Embassies and High Commissions in India and overseas to bring in the International Best Practices and explore Business Opportunities.
