India's agricultural and processed food products export up by 25% to USD 13771 million in Q2 of the current fiscal (2022-23)

Exports of agricultural and processed food products rose by 25 percent within six months of the current Financial Year 2022-23 (April-September) in comparison to the corresponding period of FY 2021-22. According to the provisional data released by the Directorate General of Commercial Intelligence and Statistics (DGCI&S), the overall export of agricultural and processed food products has witnessed a growth of 25 Percent in USD during April-September 2022.

The overall export of Agricultural and Processed Food Export Development Authority (APEDA) products increased to USD 13771 million in April-September 2022 from USD 11056 million over the same period of the last fiscal year.

The initiatives taken by the Ministry of Commerce and Industry through APEDA have helped the country achieve 58 percent of its total export target for the year 2022-23 within six months of the current fiscal. For the year 2022-23, an export target of USD 23.56 billion has been fixed by APEDA for the agricultural and processed food products basket and an export of USD 13.77 billion has already been achieved in these six months of the current fiscal.

As per the DGCI&S provisional data, processed fruits and vegetables recorded a significant growth of 42.42 percent (April-September 2022), while fresh fruits registered 4 percent growth as opposed to corresponding months of the previous year.
