ANCIENT WISDOM, SPIRITUAL AWAKENING & CLIMATE CHANGE MITIGATION.

“

I USED TO THINK THE TOP ENVIRONMENTAL PROBLEMS WERE BIODIVERSITY LOSS, ECOSYSTEM COLLAPSE, AND CLIMATE CHANGE.

I THOUGHT THAT WITH 30 YEARS OF GOOD SCIENCE WE COULD ADDRESS THOSE PROBLEMS.

BUT I WAS WRONG.

THE TOP ENVIRONMENTAL PROBLEMS ARE SELFISHNESS, GREED, AND APATHY.

TO DEAL WITH THOSE WE NEED A SPIRITUAL AND CULTURAL TRANSFORMATION, AND WE SCIENTISTS DON'T KNOW HOW TO DO THAT.

”

James Gustave Speth

- > Former Administrator of the United Nations Development Programme
- > Former Dean, Yale School of Forestry and Environmental Studies
- > Founder, World Resources Institute and Co-founder, Natural Resources Defense Council

ABOUT THE SUMMIT

India has assumed the G-20 Presidency. Under the bold and visionary environmental leadership of **Hon'ble Prime Minister Shri Narendra Modi**, the country has unveiled a new pathway for Climate Change Mitigation, through mainstreaming of Lifestyle for Environment (Mission LiFE) - urging the world to adopt sustainable practices and climate friendly actions in everyday life.

When it comes to climate change mitigation, the importance of individual action and collective responsibility cannot be ignored; and the time to act is now.

India is also building significant capacity in areas of biofuels, renewables, and alternate energy solutions like Green Hydrogen, to define its long-term national energy strategies, accelerate its climate commitments, and put the country on a sustainable growth path.

The **International Climate Summit 2023**, organised by **PHD Chamber of Commerce and Industry** on **14 & 15 September 2023**, sets the stage immediately after the 2023 G20 New Delhi Summit for a global dialogue & actionable outcomes on climate change mitigation from an Indian perspective - blending our repository of deep spiritual knowledge and wisdom, with our mission to become the third largest economy in the world with a focus on Green Hydrogen, Biofuels and Renewables.

Only peace can lead to a shared purpose, so that our planet, its people and profits thrive collectively.

**14 & 15 SEPTEMBER 2023
VIGYAN BHAWAN*, NEW DELHI**

“

**MISSION LIFE IS A GLOBAL
MOVEMENT TO SAFEGUARD
OUR ENVIRONMENT FROM
IMPACT OF CLIMATE CHANGE.**

”

Shri Narendra Modi
Hon'ble Prime Minister of India

India's **Hon'ble Prime Minister Shri Narendra Modi** has shown a new pathway for Climate Change Mitigation through **Mission LiFE** - Lifestyle for Environment, with an aim:

- to utilise the power of collective action and encourage individuals worldwide to undertake simple **climate-friendly actions** in daily life
- to move towards a **circular economy** by reducing waste, promoting sustainable production and consumption, and create a closed-loop system where resources are used efficiently and waste is minimised
- to make it an India-led **global mass movement** and encourage behavioural change towards adoption of sustainable practices

He has also laid down his vision of making India the world's third-largest economy with a focus on energy security through **Green Hydrogen, Biofuels and Renewables.**

PURPOSE OF THE SUMMIT

MESSAGE

of peace, harmony & cooperation to regain earth's equilibrium begins with the collective purpose of 1.4 billion Indian citizens to energise global climate action, and lead the transition towards Green Energy.

MOVEMENT

of Lifestyle for Environment (Mission LiFE) - the new pathway for an India-led global movement, to harness the power of collective action and undertake simple climate-friendly actions in daily life.

MISSION

to be the third largest economy in the world through a focus on Energy Security through Green Hydrogen, Biofuels and Renewables; and to become an International Hydrogen Hub.

MOMENT

to make a start here and now, for an actionable roadmap towards a green transition.

KEY FOCUS AREAS

- Actionable points for behavioural change towards adoption of sustainable practices
- Role of spiritual knowledge and ancient wisdom in addressing Climate Change
- Role of Green Hydrogen in building long-term National Energy Security
- Policy & Regulatory Ecosystem for setting up Green Hydrogen & Climate Projects
- Alliance & Coalition among Developing, Emerging and Developed Nations towards Common Sustainability Goals
- Demonstrate India's current & future Opportunities in Green Energy Sector
- Climate Funding and Investment Risks
- R&D in Green Hydrogen

INDUSTRY PARTICIPATION

BE A PART OF ICS 2023: SPONSORSHIP AND EXHIBIT OPPORTUNITIES

International Climate Summit 2023 is the industry's gateway to exclusive next generation clean energy business opportunities. A host of sponsorship and exhibit opportunities for Country, State, Corporate and Institutional participants allow you to showcase your brand/ products/ services to industry leaders and key decision-makers in the global clean energy sector. Ensuring high visibility and return on investment. Limited exhibit spaces are available on first-come-first-serve basis.

For participating opportunities & enquiries:

“**CONNECTING WITH NATURE MEANS TO
CONNECT WITH OURSELVES. IF WE DO SO
WE NURTURE A BETTER PLANET.**”

Shri Narendra Modi
Hon'ble Prime Minister of India

2023

**14 & 15 SEPTEMBER 2023
VIGYAN BHAWAN*, NEW DELHI**

OBJECTIVES

- Showcase India's ability to combine ancient wisdom & modern technologies to mitigate Climate Change
- Encourage adoption of Circular Economy principles
- Highlight India's efforts towards achieving Energy Security through Renewable Energy deployment and opportunities in Green Hydrogen, Biofuels and other Renewable technologies
- Strengthen International Cooperation and facilitate Public-Private-Government partnerships in Green Energy technologies
- Unlock Climate Finance, Technology Transfer, Knowledge Sharing and Capacity Building

**GLOBAL DIALOGUE.
ACTIONABLE OUTCOMES.**

DELIVERABLES

- Agreements on Investment, Technology Transfer, and Knowledge Sharing
- State participation in deployment of Green Energy Projects
- R&D and breakthroughs in indigenization of technology of Electrolyzer, Fuel Cells, and Storage solutions
- R&D in alternate fuels such as Hydrogen production through Agro Waste, Ethanol Reforming, Methanol Reforming, Carbon Capture and Coal Gasification
- Feasibility of Synthetic Paraffin Kerosene as an alternative to Aviation Turbine Fuel
- Collaboration & Partnerships on Green Hydrogen, Biofuels and Renewables
- Release of Knowledge Book

09:30 -
10:30 HRSINAUGURAL
SESSION

- Arrival of Chief Guest, **Hon'ble Prime Minister of India***
- National Anthem
- Welcome Address by **PHDCCI Leadership**
- Launch of **ICS 2023 Theme Film**
- Inaugural Address by **Sh. Narendra Modi***, *Hon'ble Prime Minister of India*
- Release of **Knowledge Book**
- Showcasing **Manthan**, a platform launched by Office of the Principal Scientific Advisor to the Govt. of India - for building & nurturing partnerships through science, technology and innovation

10:30 -
13:30 HRSPLENARY
SESSION

- Address by **Sh. Amitabh Kant**, *G20 Sherpa, Govt. of India*
- Address by **Dr. S. Jaishankar***, *Hon'ble Minister of External Affairs, Govt. of India*
- Address by **Sh. Bhupendra Yadav***, *Hon'ble Minister of Environment, Forest & Climate Change, Govt. of India*
- Address by **Sh. Raj Kumar Singh***, *Hon'ble Minister of Power and New & Renewable Energy, Govt. of India*
- Address by **Sh. Hardeep Singh Puri***, *Hon'ble Minister of Petroleum & Natural Gas, Govt. of India*
- Address by **Dr. Jitendra Singh***, *Union Minister of State (Ind. Charge) Science & Technology and Earth Sciences, Govt. of India*
- Address by **His Holiness Sri Sri Ravi Shankar**, *Spiritual Leader*
- Address by **Ms. Gro Harlem Brundtland***, *Former Prime Minister, Norway*
- Address by **Mr. Erik Solheim**, *Former Executive Director, UN Environment Programme*
- Address by **Mr. Vegard Frihammer**, *Founder & CEO, Greenstat ASA, Norway*
- Address by **Mr. John B. Goodenough***, *Nobel Laureate, University of Texas at Austin, USA*
- Address by **Mr. M. Stanley Whittingham***, *Nobel Laureate, Binghamton University, State University of New York, USA*
- Address by **Mr. Akira Yoshino***, *Nobel Laureate, Asahi Kasei Corporation, Tokyo Meijo University, Nagoya, Japan*
- Address by **Dr. Vijay Kumar Saraswat***, *Member, NITI Aayog*
- Address by **Prof. Ajay Kumar Sood***, *Principal Scientific Advisor, Govt. of India*
- Address by **Dr. N. Kalaiselvi***, *Secretary, DSIR & Director General, CSIR, Ministry of Science & Technology, Govt. of India*
- Address by **Dr. Vibha Dhawan**, *Director General, The Energy and Resources Institute*
- Address by **Dr. Ajay Mathur**, *Director General, International Solar Alliance*

SIGNIFICANCE OF INTERNATIONAL CLIMATE SUMMIT 2023

India's inclination towards compassion and self determination stems from a deep rooted cultural connection with spirituality and the emphasis on our role as caretakers of the planet.

Our spiritual and ancient traditions have a deep respect and reverence for the natural world, a recognition of the interdependence of all life forms, and a commitment to living in balance and harmony with oneself and the environment.

The message of peace and wisdom passed down to our generations transcends all aspects of life and is a testament to how much we can accomplish by adopting sustainable practices that are not solely guided by personal and economic gains.

It is therefore of great significance to understand the connection between spiritual knowledge, ancient wisdom, and climate change mitigation. And embark on this new pathway: an India-led global movement towards mainstreaming Lifestyle for Environment through Sustainable Practices, Green Hydrogen, Biofuels and Renewables.

Because only peace can lead to a shared purpose, so that our planet, its people and profits thrive collectively.

“**THOSE WHO
PROTECT NATURE,
ARE PROTECTED
BY NATURE.**”
