Compliance and
Quality Assurance
in Pharma and
Medical
Devices Logistics**

**Last-mile
delivery and
Patient-Centric
Supply Chains**

**Bringing the
Pharma Supply
Chain into the
New Era**

OBJECTIVES OF THE SUMMIT

Fostering a culture of ongoing learning and knowledge sharing among pharmaceutical and medical device logistics professionals to drive excellence and innovation.

Highlighting transformative innovations and technologies in pharmaceutical and medical device supply chains to enhance efficiency and patient outcomes.

Navigating pharmaceutical and medical device logistics regulations to ensure quality and patient safety through dedicated compliance-focused sessions.

Prioritizing patient-centricity to underscore the critical link between supply chain efficiency and patient access to vital medications and devices.

A networking and collaboration hub fostering connections and partnerships within the pharmaceutical and medical device supply chain ecosystem.

Delivering industry trend insights, addressing challenges, and exploring future prospects in pharmaceutical and medical device logistics for informed participant awareness.

Highlighting the significance of sustainability in pharmaceutical and medical device logistics, promoting eco-friendly supply chain practices for reduced environmental impact.

Promoting a holistic supply chain approach by fostering collaboration and knowledge-sharing among pharmaceutical and medical device companies, logistics providers, technology firms and regulatory bodies.
