

MAHARASHTRA GREEN INFRASTRUCTURE CONCLAVE 2025

Viksit Bharat 2047 - Maharashtra's Green Yatra to USD 1 Trillion GSDP by 2028

THURSDAY
27
MARCH 2025

**WORLD TRADE
CENTRE
CUFFE PARADE
MUMBAI**

ABOUT THE CONCLAVE

Maharashtra is widely recognized as the “**Hub of Business and Infrastructure**” in India and serves as a key driver of the nation economic growth. As India leading state in terms of Gross State Domestic Product (GSDP), Maharashtra has established itself as a powerhouse with its thriving business ecosystem, strategic location, well-developed industrial base, and robust infrastructure network—comprising ports, airports, highways, railways, and urban transit systems. Additionally, the state benefits from a large and skilled workforce, further solidifying its position as a preferred investment destination.

However, to sustain and accelerate this growth trajectory, Maharashtra must rapidly develop and upgrade its infrastructure—particularly in the domains of roadways, highways, maritime infrastructure, railways, airports, urban development, and public transportation. At this critical juncture, Maharashtra faces the dual challenge of expanding its infrastructure to meet increasing demands while ensuring environmental sustainability. As rapid urbanization continues, the need for green, resilient, and future-ready infrastructure has never been more urgent.

On this backdrop, PHDCCI is organizing “MAHARASHTRA GREEN INFRASTRUCTURE CONCLAVE 2025”: “Viksit Bharat 2047 – Maharashtra’s Green Yatra to USD 1 Trillion GSDP by 2028” on Thursday, March 27, 2025, 10:00 AM onwards at World Trade Centre, Cuffe Parade, Mumbai.

The conclave will serve as a platform to address key issues and challenges in Maharashtra’s infrastructure landscape, focusing on Fostering Innovation as the backbone of sustainable development, Harnessing Green and Futuristic Technologies to optimize resource allocation, enhance efficiency, and minimize environmental impact and Integrating Sustainable Transportation Solutions to improve Maharashtra’s logistics and connectivity ecosystem.

The conclave will bring together key stakeholders, including government officials, policymakers, urban planners, industry leaders, and environmental experts, to discuss and promote best practices, policies, and cutting-edge technologies in sustainable infrastructure development.

We are honored to invite you to participate in this important event. You may also nominate senior officials from your organization to attend and contribute valuable insights. Your presence will significantly enrich the deliberations and help shape Maharashtra’s journey toward a greener, more sustainable, and future-ready infrastructure ecosystem.

We look forward to your participation.

Dr Jatinder Singh
Deputy Secretary General, PHDCCI

FOCUS SECTORS FOR THE MAHARASHTRA GREEN INFRASTRUCTURE CONCLAVE:

- Roads and Highways
- Ports, Shipping, and Inland Waterways
- Expressways and High-Speed Corridors
- Logistics and Supply Chain Infrastructure
- Aviation and Regional Air Connectivity
- Urban Mass Transit Systems (Metro and Bus Rapid Transit)
- Railways and Multimodal Transport
- Dedicated Freight Corridors and Sustainable Rail Infrastructure

TARGET AUDIENCE

Government and Policy Makers

- **Central and State Ministries:** Road Transport and Highways, Civil Aviation, Ports and Shipping, Railways, Urban Development
- **Key State Agencies:** MIDC, MSRDC, Maha Metro, CIDCO, Maharashtra Maritime Board, MPCB, Vadhaven Port
- **Regulatory Bodies:** NHAI, AAI, DGCA, DFCCIL, MERC, NHIDCL, MMRDA, PWD, BIS, NRIDA, BRO, CSIR-CRRI, DG Shipping, JNPT and IRC

Industry and Private Sector

- **Infrastructure and Transport:** Developers, EPC firms, logistics, metro, rail, and port operators
- **Technology and Innovation:** Smart mobility, digital infrastructure, automation
- **Investors and Finance:** Banks, infrastructure funds, private equity, multilateral lenders

Research and Academia

- Leading universities, research institutions, and think tanks specializing in infrastructure, sustainability, and mobility

Sustainability and Climate Advocacy

- NGOs, environmental experts, policy advisors, and organizations championing green infrastructure

Global Partners and Multilateral Agencies

- International trade bodies, and foreign investors exploring opportunities in Maharashtra

SALIENT FEATURES OF CONCLAVE

- **Inaugural Session and Expert Discussions**
The conclave will commence with an inaugural session featuring key dignitaries, followed by high-level panel discussions and focused technical sessions.
- **Engagement with Industry Leaders and Policymakers**
A platform to interact with senior government officials, industry experts, and key decision-makers driving Maharashtra's green infrastructure agenda.
- **Showcasing Innovations and Best Practices**
A unique opportunity to explore cutting-edge solutions, emerging trends, and innovative technologies shaping the future of sustainable infrastructure in Maharashtra.
- **Networking and Collaboration**
A forum for stakeholders across industries to exchange ideas, forge strategic partnerships, and collaborate on sustainable development initiatives.
- **Policy and Investment Insights**
Discussions on policy frameworks, investment opportunities, and financing models to accelerate green infrastructure projects in the state.

BROAD AGENDA OUTLOOK

- **Inaugural Session (Chief Guest / Guest of Honour / Eminent Speakers)**
- **Plenary Session: Sustainable and Futuristic Technologies for Infrastructure Development**
- **Session II: De-carbonization and Sustainable Urban Infrastructure**
- **Session III: Sustainable Mobility: Pioneering Green Infrastructure in Railways and Civil Aviation**
- **Session IV: Harnessing Growth through Maritime Infrastructure**
- **Session ends with B2B Meeting.**

EXHIBITION OPPORTUNITY

- The exhibition serves as a strategic platform for brands to engage directly with key decision-makers from government, industry, and academia, fostering meaningful collaborations and business opportunities.
- It provides a unique opportunity for companies to showcase their latest technologies, innovations and sustainable solutions, facilitating the launch of new products and driving discussions on advancements in green infrastructure.
