हरित ऊर्जा DRIVE 2025

Powering the Drive with CNG & CBG: DRIVE GREEN, BREATHE CLEAN

About the Drive

PHD Chamber of Commerce and Industry (PHDCCI) is proud to announce the हरित ऊर्जा DRIVE 2025 scheduled for Saturday, 21st June 2025, from New Delhi to Karnal.

Themed "Powering the Drive with CNG & CBG: DRIVE GREEN, BREATHE CLEAN," this flagship initiative is designed to champion the use of environment-friendly fuel alternatives and highlight their role in reducing vehicular emissions, promoting clean and green mobility solutions.

OBJECTIVE

This rally is a step towards promoting **Compressed Natural Gas (CNG)** and **Compressed Biogas (CBG)** as sustainable, viable alternatives to conventional fuels.

- **Raise public awareness** about eco-friendly fuel technologies.
- **Showcase industry advancements** in CNG and CBG technologies.
- **Support the Hon'ble Prime Minister's** vision of increasing natural gas usage to 30% of India's energy mix by 2030.
- **Encourage a cleaner, greener, and self-reliant India**, committed to reducing carbon emissions and enhancing energy security.
- **Bust the Myth** Address public concerns regarding CNG's efficiency for long-distance travel.

Long Drive, No Compromise

The event will emphasize CNG's advantages, including low emissions, affordability, engine longevity, and seamless availability along highways.

Why CNG & CBG?

Lower Carbon Emissions:
Significant reduction in greenhouse gases compared to petrol and diesel.

Energy Security: Boosting indigenous production of biogas strengthens India's energy independence.

Cost-Effective Solutions:
Offering economical and sustainable options for transport.

Rural Empowerment: Promoting CBG also creates opportunities for farmers and rural entrepreneurs.

Rally Format: TSD (Time-Speed-Distance)

The rally will follow the prestigious TSD (Time-Speed-Distance) format — ensuring safety, precision, and promoting responsible driving habits.

Participants will need to maintain the set average speed to reach designated checkpoints on time, promoting discipline and eco-friendly driving practices.

Join Us!

Let's drive towards a cleaner, greener,
and more sustainable future together.

Be a part of the change. Drive Green, Breathe Clean.
