## NATIONAL CONCLAVE

# REIMAGINIG INDIAN SCRAP & RECYCLING MARKETS

20 FEBRUARY 2026  
PHD HOUSE, NEW DELHI

### ABOUT CONCLAVE

.....

India's transition to **circular, resource efficient & low carbon economy** calls for a fundamental rethinking on how the scrap market is institutionally integrated with the manistream economy

The Conclave will function as a high-level policy and industry platform, bringing together government, regulators, public sector enterprises, industry leaders, recyclers, financiers, and technology providers to strengthen India's scrap and recycling ecosystem through improved market infrastructure, transparency, and trust.

### Focus Areas

- Formalising scrap markets with transparency and governance
- Digital market infrastructure for policy and compliance
- Enabling institutional finance for MSMEs
- Aligning recycling markets with India's net-zero goals
- Strengthening domestic supply

### Attendees

- Senior officials from key ministries, public sector enterprises
- Large metal processors, recyclers, traders, MSMEs
- Bank, NBFC, tech leaders
- Policy experts and sustainability professionals
