Icon International Limited

Shri Anurag Sharma

Director – Infrastructure
DFCCIL

India's Infrastructure and Construction sectors continues to play a pivotal role in driving national economic growth toward the **Viksit Bharat 2047** vision. In line with this aspiration, the Government of India has introduced significant policy and regulatory reforms, including the promotion and adoption of Alternative Dispute Resolution (ADR) mechanisms such as Arbitration, Conciliation, Mediation, and Judicial Settlement, along with the standardization of project documentation. These initiatives aim to minimize disputes, reduce disruptions, enhance project efficiency, and strengthen contract enforcement—thereby accelerating the pace of infrastructure development across the country.

In this context, **PHD Chamber of Commerce and Industry**, in collaboration with **ProUltimus Consulting Pvt. Ltd.**, is organizing this conference to discuss emerging developments, ongoing challenges, and best practices in dispute resolution—both within India and from global perspectives.

The event will bring together industry leaders, policymakers, legal experts, financial institutions and senior government officials. We would be honoured by your presence, or the participation of a senior representative from your organization.

We are pleased to invite you to the Conference on **Dispute Resolution and Arbitration Norms for the Construction & Infrastructure Sectors – An Indian and International Perspective**, scheduled for **Saturday, 7th March, 2026 at 10:00 a.m. at PHD House, New Delhi.**

A large number of delegates from Industry, senior officials of Central and State Governments, Policy Makers, Legal Experts, Thought Leaders, Financial Institutions, etc. are expected to attend the Conference. I feel honoured in inviting you to join the conference or nominate senior officials from your organization to attend. Your presence and inputs will greatly enrich the deliberations.

With regards,

Dr. Jatinder Singh
Deputy Secretary General
PHDCCI
