DRIVING INDIA TOWARDS SUSTAINABLE MOBILITY

EV Car Rally 3.0 marks the successful 3rd edition of this flagship sustainable mobility initiative after the grand success of its previous two editions. This year, the event proudly introduces **India's Only EV Car Rally in TSD (Time-Speed-Distance) Format**, conducted under FMSCI-approved regulations and standards.

The rally is designed to promote electric mobility, clean transportation, and sustainable driving awareness while showcasing the real-world performance, endurance, efficiency, and long-distance capability of Electric Vehicles across India.

COVERING THE SCENIC ROUTE FROM DELHI TO MUSSOORIE EV CAR RALLY 3.0 WILL BRING TOGETHER:

- EV Enthusiasts
- Corporate Teams
- Families & Individual Participants
- Mobility Start-ups
- Sustainability Advocates
- EV & Charging Infrastructure Companies

The initiative also highlights India's rapidly growing EV charging ecosystem and promotes stronger public awareness around future-ready mobility solutions

WHY EV CAR RALLY 3.0

India is witnessing a rapid shift towards electric mobility, with a strong national focus on sustainable transportation and EV adoption. As India targets **30% EV penetration by 2030**, there is a need to build consumer confidence and encourage wider EV adoption.

Under the visionary leadership of **Shri Narendra Modi, Hon'ble Prime Minister of India**, EVs are emerging as an important pillar of India's clean and sustainable mobility future.

EV Car Rally 3.0 will showcase that **today's EVs are not only ideal for daily commuting but are increasingly capable of comfortable and reliable long-distance travel**. Improved battery technology has significantly enhanced vehicle range, while the growing network of fast **EV charging infrastructure is making inter-city journeys more convenient and practical**.

The rally will demonstrate the **range, performance, and reliability of EVs over long distances**, while addressing range anxiety and encouraging prospective buyers to confidently adopt EVs as a **practical choice for both everyday mobility and long-distance travel**.

PARTNERSHIP OPPORTUNITIES

THE PLATFORM AIMS TO:

- Build EV awareness among consumers
- Promote sustainable transportation
- Showcase EV reliability and performance
- Encourage clean energy adoption
- Strengthen industry collaboration for future mobility ecosystems
