DRIVING INDIA TOWARDS SUSTAINABLE MOBILITY

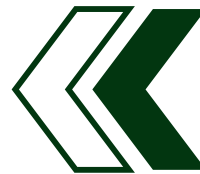

EV Car Rally 3.0 marks the successful 3rd edition of this flagship sustainable mobility initiative after the grand success of its previous two editions. This year, the event proudly introduces **India's Only EV Car Rally in TSD (Time-Speed-Distance) Format**, conducted under FMSCI-approved regulations and standards.

The rally is designed to promote electric mobility, clean transportation, and sustainable driving awareness while showcasing the real-world performance, endurance, efficiency, and long-distance capability of Electric Vehicles across India.

COVERING THE SCENIC ROUTE FROM DELHI TO MUSSOORIE EV CAR RALLY 3.0 WILL BRING TOGETHER:

- EV Enthusiasts
- Corporate Teams
- Families & Individual Participants
- Mobility Start-ups
- Sustainability Advocates
- EV & Charging Infrastructure Companies

The initiative also highlights India's rapidly growing EV charging ecosystem and promotes stronger public awareness around future-ready mobility solutions

WHY EV CAR RALLY 3.0

India as a Nation is aspiring for a substantial transformative shift toward electric mobility and green transportation solutions. With a strong national focus on accelerating EV adoption, there is an increasing need for collaborative industry efforts to strengthen public confidence in electric mobility, expand awareness about EV charging infrastructure, and enhance consumer understanding of the evolving electric mobility ecosystem.

Under the visionary leadership of **Shri Narendra Modi, Hon'ble Prime Minister of India**, the nation has consistently encouraged the adoption of sustainable mobility, clean energy, and electric vehicles as integral pillars of India's future growth and environmental responsibility. With India targeting an ambitious goal of achieving 30% EV adoption by 2030, the focus on accelerating electric mobility has become stronger than ever.

EV Car Rally 3.0 is aligned with this national vision of promoting innovation-driven, eco-friendly transportation solutions for a greener and self-reliant India. The rally serves as a powerful platform to showcase innovation, promote responsible mobility, and demonstrate that modern EVs are fully capable of delivering performance, reliability, and long-distance.

PARTNERSHIP OPPORTUNITIES

THE PLATFORM AIMS TO:

- Build EV awareness among consumers
- Promote sustainable transportation
- Showcase EV reliability and performance
- Encourage clean energy adoption
- Strengthen industry collaboration for future mobility ecosystems
