

5th Edition SUSTAINABLE TEXTILES SUMMIT

*Advancing Textile Circularity: Scaling Innovation,
Green Finance, and Inclusive Growth*

*Building Resilient Value Chains through Decarbonization,
Advanced Recycling Technologies, and ESG Standards*

15th

October 2026

PHD House, New Delhi

The 5th Edition of the Sustainable Textile Summit, scheduled for 15th October 2026 in New Delhi, aims to further the dialogue on sustainability within the textile sector by bringing together major textile brands, industry leaders, policymakers, and foreign missions.

Objectives:

- Position India as a global hub for sustainable and circular textiles through policy backing and collaborative frameworks.
- Showcase innovations in fibre-to-fibre, bottle-to-fibre, and chemical recycling technologies.
- Advance industrial decarbonization and energy-efficient manufacturing solutions.
- Mobilize green finance, carbon markets, and capital subsidies to support MSME technology upgrades.
- Strengthen traceability, certification, and standards to combat green-washing.
- Champion the social dimension of ESG -labour standards, human rights, women's empowerment, and fair wages.
- Prepare Indian exporters for upcoming global regulations, including textile Extended Producer Responsibility (EPR).
