# 4th NATIONAL LOGISTICS SUMMIT 2026

## ROADMAP 2047

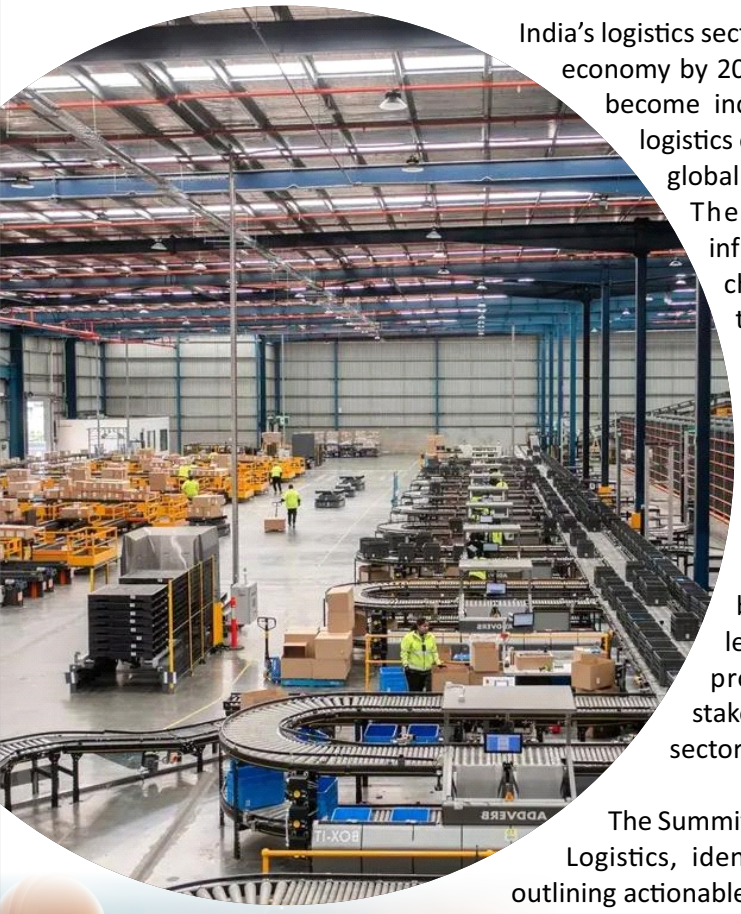

**Building a Resilient, Efficient and Globally Competitive Logistics Ecosystem**

**4th December 2026**

**PHD House, New Delhi**

**9:30 AM Onwards**

# ABOUT THE SUMMIT

India's logistics sector is central to the country's ambition of becoming a developed economy by 2047. As manufacturing expands, trade grows and supply chains become increasingly interconnected, a robust and globally competitive logistics ecosystem will be essential to strengthening India's position as a global manufacturing and trade hub.

The logistics ecosystem of 2047 will require world-class infrastructure, seamless multimodal connectivity, resilient supply chains, future-ready warehousing, efficient cargo movement, technology-led operations and a strong domestic supplier network. Equally critical will be the ability to deliver reliable, cost-effective and sustainable logistics services across metropolitan centres, emerging markets and remote regions.

Against this backdrop, the **PHDCCI 4th National Logistics Summit 2026**, Themed "**Roadmap 2047: Building a Resilient, Efficient and Globally Competitive Logistics Ecosystem,**" will bring together the logistics fraternity, policymakers, industry leaders, infrastructure developers, manufacturers, technology providers, warehousing companies and customs and trade stakeholders to deliberate on the strategic priorities shaping the sector's future.

The Summit will focus on establishing a long-term Roadmap 2047 for Indian Logistics, identifying key enablers, addressing structural challenges and outlining actionable priorities to guide the sector's evolution. With an emphasis on continuous progress, periodic assessment and evolving industry needs, the Roadmap will provide a forward-looking foundation for building a connected, resilient, inclusive and sustainable logistics ecosystem that supports India's journey towards Viksit Bharat 2047.

## OBJECTIVES

- Shape the Roadmap 2047: Identify strategic priorities for developing a globally competitive Indian logistics ecosystem.
- Strengthen Infrastructure and Connectivity: Promote integrated multimodal infrastructure, efficient cargo corridors and seamless first- and last-mile connectivity.
- Build Resilient Supply Chains: Encourage domestic supplier development, diversification, risk management and future-ready warehousing.
- Accelerate Technology Adoption: Explore the role of AI, automation, digitisation and data-driven operations in enhancing logistics efficiency.
- Balance Speed, Cost and Scale: Examine ways to improve service delivery, operational productivity and cost competitiveness.
- Advance Sustainable Logistics: Promote green freight, electric mobility, alternative fuels, energy-efficient warehouses and low-carbon supply chains.orat
- Foster Industry- Government Collaboration: Partnerships, best- practices and policy action

# TARGET AUDIENCE

The Summit will convene key stakeholders across India's logistics, manufacturing and trade ecosystem.

## Logistics Fraternity & Industry Leaders

Logistics service providers, transporters, freight forwarders, express cargo companies, third-party logistics (3PL) providers and supply chain management professionals.

## Government & Policymakers

Central and State Government ministries, departments, regulatory bodies and infrastructure development agencies.

## Infrastructure & Warehousing Leaders

Ports, airports, railways, highways, logistics parks, multimodal terminal operators and warehouse developers.

## Manufacturing, Trade & Retail Leaders

Manufacturers, exporters, importers, e-commerce platforms, retailers and consumer goods companies.

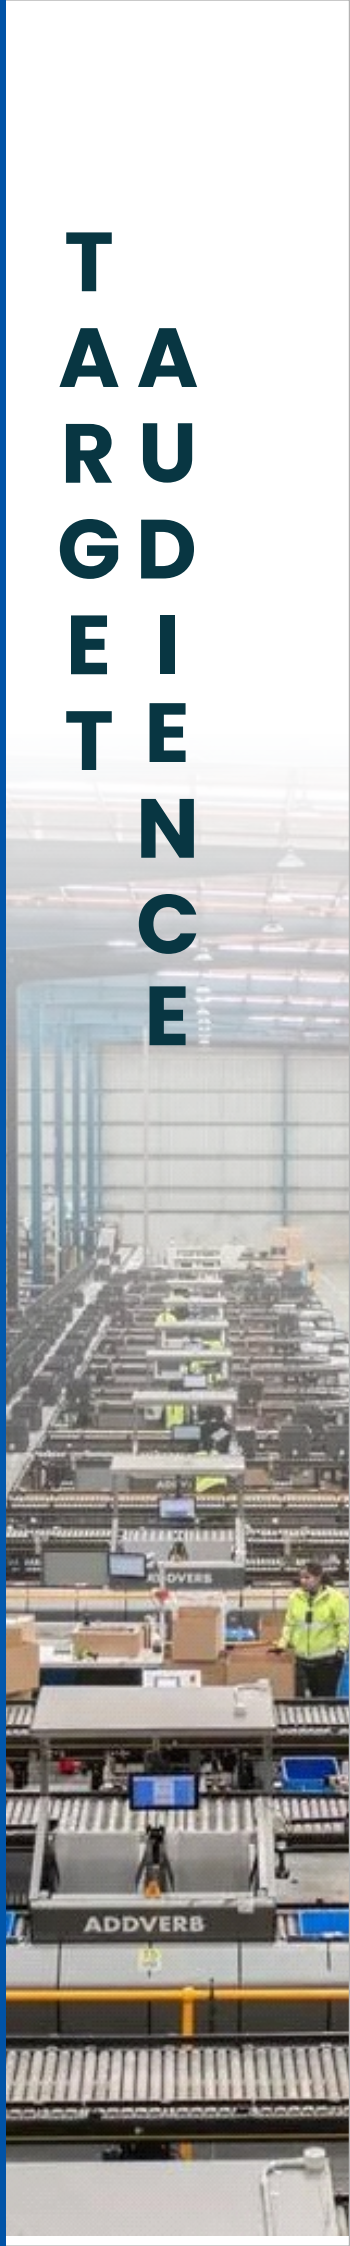

## Technology & Sustainability Leaders

Logistics technology providers, AI and automation companies, digital freight platforms, electric mobility players and sustainability experts.

# CONFERENCE FEATURES

- **Inaugural Session**
- **Leadership Fireside Chats**
- **Strategic Industry Panel Discussions**
- **Technology and Best-Practice Showcase**
- **Networking and Collaboration**

# THEMATIC CONFERENCE SESSIONS

The conference will be structured around five interconnected pillars of India's Logistics Roadmap 2047.

## ECOSYSTEM – INFRASTRUCTURE & POLICY

- Integrated multimodal logistics infrastructure and connectivity
- National logistics infrastructure and industrial corridors
- Development of logistics parks and multimodal hubs
- First- and last-mile connectivity and cargo evacuation
- Logistics policy framework, regulatory reforms and policy coordination across Central and State

## MAKING FOR THE WORLD

- Customs modernisation, digitisation and paperless trade
- Faster customs clearance and cargo evacuation
- Reducing dwell time at ports, airports and logistics nodes
- Regulatory coordination and global trade facilitation

## STRONG SUPPLY CHAINS

- Atmanirbhar Bharat and domestic supplier development
- Supply-chain diversification and risk management
- Strategic partnerships across manufacturing and logistics
- Technology-enabled warehousing, fulfilment and inventory visibility

## SPEED & EFFICIENCY

- Faster go-to-market strategies and network optimisation
- Hub-and-spoke versus distributed logistics networks
- AI, automation and technology-led operations
- Balancing speed, service quality and cost efficiency
- E-commerce, fulfilment and evolving customer expectations

## SERVING THE NATION

- Tier-2, Tier-3, Tier-4 and emerging market connectivity
- Rural logistics and affordable last-mile delivery
- Green freight, electric trucks and alternative fuels
- Energy-efficient warehouses and low-carbon supply chains
- Inclusive growth through accessible logistics networks

# ROADMAP 2047

## A Stronger Logistics Ecosystem for a Prosperous India

## Five Enablers for the Future

**Connected Infrastructure**

**Efficient Supply Chains**

**Digital Transformation**

**Sustainable Growth**

**Global Competitiveness**

# GLIMPSES OF PAST EDITIONS

# ABOUT PHDCCI

PHDCCI has been working as a catalyst for the promotion of Indian industry, trade and entrepreneurship for the past 121 years. It is a forward looking, proactive and dynamic PAN-India apex organization. As a partner in progress with industry and government, PHDCCI works at the grass roots level with strong national and international linkages for propelling progress, harmony and integrated development of the Indian economy.

PHDCCI, acting as the "Voice of Industry & Trade" reaching out to more than 1,50,000 large, medium and small industries, has forged ahead leveraging its legacy with the industry knowledge across multiple sectors to take Indian Economy to the next level.

At the global level, PHDCCI has been working with the Embassies and High Commissions in India and overseas to bring in the International Best Practices and Business Opportunities. PHDCCI is a National Apex Chamber having its international office at Bahrain for 6 GCC countries, with focus on the development of small and medium businesses. PHDCCI has co-opted National and International Industry Associations and Organisations through over 100 MoUs signed between the parties.
